George J. Hall Post No. 620, Veterans of Foreign Wars, raise and appropriate money therefor, or do anything in relation thereto. —(Board of Selectmen)

Article 10. To see if the Town will vote to raise and appropriate a sum of money to pay the salaries of a Town Manager and other office personnel and other expenses in connection with the administration of the said office, or do anything in relation there. —(Board of Selectmen)

Article 11. To see if the Town will vote to pipe a portion of Sweetwater Brook, so-called, from the entrance of Recreation Park westerly along Gerry Court and northerly parallel to the Boston and Maine Railroad right of way to the entrance of Recreation Park off Gould Street, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, authorize the Selectmen to obtain easements necessary therefor, or do anything in relation thereto. —(Fred E. Sweet and others)

Article 12. To see if the Town will vote to pipe a portion of Sweetwater Brook, so-called, through land now or formerly of Walter E. Fish, Jr., at the northerly end of Merrow Lane, so-called, a distance of 250 feet, more or less, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto. —(Walter E. Fish, Jr.)

Article 13. To see if the Town will vote to pipe a portion of Sweetwater Brook, so called, a distance of 500 feet, more or less, starting at the westerly boundary line of land now or formerly of Davis and extending in a westerly direction to Oak Street, raise and appropriate any sum or sums necessary there-

for, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.

—(Kathryn Flynn)

Article 14. To see if the Town will vote to raise and appropriate a sum of money for the purpose of defraying the cost of laying or relaying storm sewers or drains within the limits of the Town, determine in what manner the said appropriation shall be raised, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Board of Selectmen)

Article 15. To see if the Town will vote to raise and appropriate by transfer from available funds, borrowing or otherwise, any sum or sums necessary for the maintenance of highways which have been constructed with State and County aid under the provisions of Chapter 90 of the General Laws, or do anything in relation thereto.—(Supt. of Public Works)

Article 16. To see if the Town will vote to raise and appropriate by transfer from available funds, borrowing, sale of notes, bonds or otherwise, any sum or sums necessary for the improvement of a public town way or ways, said money to be used in conjunction with any money which may be allotted by the State or County, or both, under the provisions of Chapter 90 of the General Laws for this purpose, or do anything in relation thereto.—(Supt. of Public Works)

Article 17. To see if the town will vote to authorize the Town Treasurer, with the approval of the Selectmen to issue and sell from time to time as occasion requires, town notes, bonds or other evidences of indebtedness, for the purpose of defraying the cost of laying and relaying water mains within the limits of the Town, or do anything in relation thereto.

—(Board of Selectmen)

Article 18. To see if the Town will vote to appropriate money from the proceeds of the Water Loan voted under the previous article for the laying and relaying of water mains, or do anything in relation thereto.—(Board of Selectmen)

Article 19. To see if the Town will vote to accept as a public town way Cherry Avenue, so-called, as laid out by the Board of Survey, or do anything in relation thereto.

—(Margaret LeBaron)

Article 20. To see if the Town will vote to pave, install edgestones and construct sidewalks in Cherry Avenue under the law relating to the assessment of betterments, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Margaret LeBaron)

Article 21. To see if the Town will vote to accept as a public town way, Myopia Road, so-called, from Governor Road to Sherwood Road, as laid out by the Board of Survey, or do anything in relation thereto.—(Norman W. Downes and others)

Article 22. To see if the Town will vote to pave, install edgestones and construct sidewalks in Myopia Road, from Governor Road to Sherwood Road, under the law relating to the assessment of betterments, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Norman W. Downes and others)

Article 23. To see if the Town will vote to accept as a public town way Myopia Road, so-called, from Sherwood Road to Oak Street, as laid out by the Board of Survey, or do anything in relation thereto.—(Chas. E. Lynch and others)

Article 24. To see if the Town will vote to pave, install

edgestones and construct sidewalks in Myopia Road, from Sherwood Road to Oak Street, under the law relating to the assessment of betterments, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Chas. E. Lynch and others)

Article 25. To see if the Town will vote to accept as a public town way Weld Road, so-called, from Bonad Road, so-called, to Oak Street, or do anything in relation thereto.

—(Robert Lowe and one other)

Article 26. To see if the Town will vote to pave, install edgestones and construct sidewalks in Weld Road, from Bonad Road, so-called, to Oak Street, under the law relating to the assessment of betterments, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Robert Lowe and one other)

Article 27. To see if the Town will vote to accept as a public town way Sherwood Road, so-called, from North Street to Myopia Road, as laid out by the Board of Survey, or do anything in relation thereto.—(Donald A Macbeth and others)

Article 28. To see if the Town will vote to pave, install edgestones and construct sidewalks in Sherwood Road, from North Street to Myopia Road, under law relating to the assessment of betterments, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Donald A. Macbeth and others)

Article 29. To see if the Town will vote to accept as a public town way the extension of Butler Avenue from the end of the present public way to Lexington Street, so-called, as laid out by the Board of Survey, or do anything in relation thereto.

—(F. T. Carrasco and others)

Article 30. To see if the Town will vote to pave, install edgestones and construct sidewalks in Butler Avenue from the end of the present paved way to Lexington Street, so-called, under the law relating to the assessment of betterments, raise and appropriate any sums or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.

—(F. T. Carrasco and others)

Article 31. To see if the Town will vote to accept as a public town way Lexington Street, so-called, from Joan Avenue, so-called, to William Street, as laid out by the Board of Survey, or do anything in relation thereto.—(Edwin McTighe and others)

Article 32. To see if the Town will vote to pave, install edgestones and construct sidewalks in Lexington Street from Joan Avenue to William Street, under the law relating to the assessment of betterments, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto. —(Edwin McTighe and others)

Article 33. To see if the Town will vote to accept as a public town way Joan Avenue, so-called, a distance of 416 feet, more or less, northerly from Butler Avenue, as laid out by the Board of Survey, or do anything in relation thereto.

—(Paul A. Eade and others)

Article 34. To see if the Town will vote to pave, install edgestones and construct sidewalks in Joan Avenue, a distance of 416 feet, more or less, northerly from Butler Avenue, under the law relating to the assessment of betterments, raise and

appropriate any sum or sums, necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.

—(Paul A. Eade and others)

Article 35. To see if the Town will vote to accept as a public town way Merrow Lane, so-called, a distance of 470 feet, more or less, northeasterly from William Street, as laid out by the Board of Survey, or do anything in relation thereto.

—(E. J. O'Connell and others)

Article 36. To see if the Town will vote to pave, install edgestones and construct sidewalks in Merrow Lane, a distance of 470 feet, more or less, northeasterly from William Street, under the law relating to the assessment of betterments, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.

—(E. J. O'Connell and others)

Article 37. To see if the Town will vote to accept as a public town way Unicorn Avenue, so-called, from William Street to Oak Street, as laid out by the Board of Survey, or do anything in relation thereto.—(Sylvester P. Doran and others)

Article 38. To see if the Town will vote to pave, install edgestones and construct sidewalks in Unicorn Avenue from William Street to Oak Street, under the law relating to the assessment of betterments, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Sylvester P. Doran and others)

Article 39. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paving public ways accepted by the Town at this meeting, installing edge-stones and constructing sidewalks if such was included in said construction, determine in what manner the said appropriation shall be raised, by transfer from available funds, borrowing, sale of bonds, notes or otherwise, or do anything in relation thereto.—(Board of Selectmen)

Article 40. To see if the Town will vote to purchase materials, including a boiler, for the Public Works Department to continue construction of housing for equipment and for storage purposes at the yard on Pine Street, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Supt. of Public Works)

Article 41. To see if the Town will vote to reconstruct certain existing tar sidewalks within the limits of the Town, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.

—(Supt. of Public Works)

Article 42. To see if the Town will vote to purchase one (1) one-bag cement mixer, one (1) four-wheel sidewalk tractor, one (1) one-half ton pickup truck, and one (1) dump truck for use of the Public Works Department, and authorize the disposal of one (1) 1932 cement mixer, one (1) 1928 wheel tractor and one (1) 1937 pickup truck, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Supt. of Public Works)

Article 43. To see if the Town will vote to purchase equipment for use of the Public Works Department, raise and appropriate any sum or sums necessary therefor, by transfer from

available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Supt. of Public Works)

—(Capt. of Police)

Article 48. To see if the Town will vote to enroll eight (8) members of the Police Department in the State Police Training School during the current year, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, or otherwise, or do anything in relation thereto.

—(Board of Selectmen)

Article 49. To see if the Town will vote to purchase one (1) motor pumping engine having a minimum pumping capacity of 750 gallons, with necessary equipment, for use of the Fire Department, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.

—(Fire Chief)

Article 50. To see if the Town will vote to acquire by purchase, gift or right of eminent domain a site for the future erection of an elementary school in the southeasterly section of the Town off Perkins Street, authorize the appointment of a committee to make the said purchase, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of bonds, notes or otherwise, or do anything in relation thereto.—(Article 45 (1950) Committee)

Article 51. To see if the Town will vote to make improvements to the grounds of the Charles J. Emerson School, raise and appropriate any sum or sums necessary therefor, by transfer from available funds or otherwise, or do anything in relation thereto.—(Emerson School Council and School Committee)

Article 52. To see if the Town will vote to purchase playground equipment and a bicycle rack for the Charles J. Emerson School grounds, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, or otherwise, or do anything in relation thereto.

—(Emerson School Council and School Committee)

Article 53. To see if the Town will vote to demolish the old tool house in Lindenwood Cemetery and rebuild the wall adjacent thereto, fronting on Almond Path and Iris Path, raise and appropriate any sum or sums necessary therefor, by transfer from available funds or otherwise, or do anything in relation thereto.—(Lindenwood Cemetery Trustees)

Article 54. To see if the Town will vote to construct a sidewalk to proper grade on the northerly side of Montvale Avenue, a distance of 1200 feet, more or less, in front of Lindenwood Cemetery, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, or do anything in relation thereto.—(Lindenwood Cemetery Trustees)

Article 55. To see if the Town will vote to repair the A. P. Rounds Playground building roof, raise and appropriate any sum or sums necessary therefor, by transfer from available funds or otherwise, or do anything in relation thereto,

—(Park Commissioners)

Article 56. To see if the Town will vote to make improvements to Pomeworth Field, raise and appropriate any sum or sums necessary therefor, by transfer from available funds or otherwise or do anything in relation thereto.

—(Park Commissioners)

Article 57. To see if the Town will vote to purchase and erect bleacher seats at Recreation Park, raise and appropriate any sum or sums necessary therefor, by transfer from available funds or otherwise, or do anything in relation thereto.

—(Park Commissioners)

Article 58. To see if the Town will vote to acquire by purchase, gift, right of eminent domain or otherwise, title to a parcel of property now or formerly of the Boston and Maine Railroad, situated on the northwesterly side of Gerry Court, so-called, containing 30,300 square feet of land, more or less, according to a plan of land by Warren M. Mirick, surveyor, dated November 25, 1947, for recreational purposes, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Park Commissioners)

Article 59. To see if the Town will vote to purchase and install lighting facilities for Pomeworth Lower Field, raise and appropriate any sum or sums necessary therefor, by transfer from available funds or otherwise, or do anything in relation thereto.—(Park Commissioners)

Article 60. To see if the Town will vote to relocate and transplant ten (10) Japanese Yew trees from their present position on the Memorial triangles at the intersection of Warren, Gerry and Winthrop Streets and at the intersection of Spring and Pleasant Streets, raise and appropriate any sums or sums necessary therefor, by transfer from available funds or otherwise, or do anything in relation thereto.

—(Park Commissioners)

Article 61. To see if the Town will vote to appropriate a sum of money for labor and materials to be used for the control of Dutch Elm Disease, as provided for by Chapter 761, Acts of 1949, and any amendments thereto, raise the said appropriation by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.

—(Tree Warden)

Article 62. To see if the Town will vote to purchase and install iron guard rails on the steps of the entrance to the Town Hall auditorium and to make necessary sidewalk repairs, raise

and appropriate any sum or sums necessary therefor, by transfer from available funds or otherwise, or do anything in relation thereto.—(Board of Selectmen)

Article 63. To see if the Town will vote to purchase equipment, materials, and provide for any necessary expense in connection with civilian defense of the Town of Stoneham, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of bonds, notes or otherwise, the said appropriation to be used in conjunction with any funds to be allotted by the Commonwealth of Massachusetts or the Federal Government, or both, and authorize the Selectmen to have jurisdiction of the said appropriation, or do anything in relation thereto.—(Board of Selectmen)

Article 64. To see if the Town will vote to erect an honor roll of War Veterans of the Town of Stoneham who served in the Armed Forces of the United States during a time of war, determine the location of the said honor roll, raise and appropriate any sum or sums necessary therefor, by transfer from available funds or otherwise, or do anything in relation thereto.—(Board of Selectmen)

Article 65. To see if the Town will vote to accept a bequest under the will of the late Annie Bailey Trowbridge, in the amount of \$200.00, said sum to be used for the care and maintenance of the Trowbridge lot in Lindenwood Cemetery and to be added to the fund already established for this purpose, or do anything in relation thereto.—(Board of Selectmen)

Article 66. To see if the Town will vote to accept a bequest under the will of the late Annie Bailey Trowbridge, in the amount of a three-fortieths ($3/40$) share of the residue of her estate, five hundred dollars (\$500.00) of said amount to be added to the MacDonald Medal Fund already established in the Stoneham High School and the income from the remainder of the fund to be given to some deserving pupil of the Stoneham High School desirous of higher education, or do anything in relation thereto.—(Board of Selectmen)

Article 67. To see if the Town will vote to accept a bequest under the will of the late Annie Bailey Trowbridge, in the amount of three fortieths ($3/40$) share of the residue of her estate, for the use of the Stoneham Public Library, the income to be devoted to the purchase of magazines and books, or do anything in relation thereto.—(Board of Selectmen)

Article 68. To see if the Town will vote to acquire by purchase, gift or right of eminent domain, or otherwise, title to a parcel of land now or formerly of the Bear Hill Associates and situated on the westerly side of High Street, containing 2,934 square feet, more or less, for highway purposes, raise and appropriate any sum or sums necessary therefor, by transfer from available funds, borrowing, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Supt. of Public Works)

Article 69. To see if the Town will vote to sell to Guy M. Greene of Stoneham a certain parcel of land, located on the easterly side of High Street and being a portion of said High Street, containing 3,376 square feet, more or less, according to a plan of land by Martin J. Markham, C. E., dated January 10, 1951, determine the sale price of said land and authorize the Board of Selectmen to convey title of said land, pass any vote or votes, or do anything in relation thereto.

—(Supt. of Public Works)

iy by land now or formerly of Wilcox 100 feet, more or less, westerly by land now or formerly of Talbot 240 feet, more or less, and southerly by land now or formerly of Tedd's Inn., Inc., and the present General Business District 100 feet, more or less.

—(Charles F. Sanborn)

Article 80. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the Retail Business District so as to include in the Retail Business District the following described area at the northeasterly junction of Main and North Streets, viz: Beginning at a point at the southwest corner of the premises at the junction of Main and North Streets; thence north by Main Street 143.48 feet, thence slightly west of north still by Main Street 235.41 feet to land now or formerly of Moses Frankel, said land being zoned as a Retail Business District, thence east by land of said Moses Frankel 100 feet, thence slightly east of south, still by land of Moses Frankel 254.50 feet to a point, thence southerly still by land of Moses Frankel 115.48 feet, more or less, thence southwesterly by North Street 90.65 feet to a point and thence by a curved line forming the junction of North Street and Main Street in a general northwesterly direction 46.40 feet to the point of beginning.—(Frederick P. Hanford)

And you are directed to have one thousand copies of this warrant printed, and so serve the same by posting attested copies in at least ten (10) public places in the Town seven (7) days at least before the time for holding said meeting and by causing an attested copy to be published in some newspaper in the Town, the publication to be not less than three (3) days before the said meeting.

The remaining copies you are to have at the place and time of meeting as aforesaid for distribution.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given unto our hands this twentieth day of February in the year one thousand nine-hundred and fifty-one.

FRED A. SCHNEIDER
JOHN E. FINNEGAN
EDWIN H. LOMBARD
PHILIP D. BURNHAM
Selectmen of Stoneham

Pursuant to the within warrant I have notified and warned the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs of the within meeting by posting attested copies in at least ten (10) public places in the Town on February 25, 1951 and by publishing duly attested copies of said warrant in The Stoneham Independent and the Stoneham Press on March 1, 1951.
A true copy, attest:

J. CLARENCE NELSON, Constable.

Town Meeting, Monday, March 5, 1951

Agreeable to the warrant signed by the Selectmen, February 20, 1951, and in accordance with the By-Laws of the Town, the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs met in Town Hall in said Town on Monday, March 5, 1951 at six o'clock in the forenoon.

The meeting was called to order by Moderator Charles Gibbons and the warrant read.

The tellers appointed by the Selectmen as required by law were sworn by the Town Clerk and assigned to duty as follows:

Ballot Clerks: Republicans, Richard A. Roberts, John L. Knight, Jr.; Democrats, Andrew V. McDonnell and Peter P. Meehan.

Tellers: Republicans, Ralph L. Hobbs, Elsie L. deGruchy, Edith M. Cook, Violet LeBrun, Esther M. Dunbar; Democrats, Roy K. Wentworth, Alice C. Walsh, Arline E. Cogan, Marie M. Burns and Mary I. Roach.

The ballots were given to the ballot clerks, a receipt taken for same, the ballot boxes were opened and examined, the registers set at 0, locked, the keys given to the Moderator, after which the polls were declared open.

The Moderator appointed the following as additional tellers to canvass and count the vote, who were sworn by the Town Clerk: Republican, Rena L. Wandless, Charles E. Chesley, Albert F. Orne, C. Frank Munger, Ellis H. Roberts, Ruth A. Frazier, Lillian R. Gorham, Elsie B. Clark, Ethel L. Piper, Mildred C. Tufts, Aldina A. Shurtleff, Alice I. Pray, Annie S. Kinsley, Ethel Buck, Thelma L. Coles, Florence R. Ford, Frances L. Arnold, Thelma Wood, Ruth B. McHale; Democrats, John P. Kelly, Patrick F. Kenney, Charles B. Sheridan, Joseph W. Flynn, Mary E. Willett, Mary B. Fougere, Veronica E. Donahue, Rose R. Masse, Rose M. Merrill, Marie A. Leonard, Eva M. Maguire, Veronica Bauer, Annie E. Breagy, Anna H. Bosch, Catherine W. Ahern, Carrie A. Dannahy.

By unanimous consent of the Moderator and Town Clerk the ballot boxes were opened at two o'clock in the afternoon and ballots were taken therefrom for the purpose of counting.

The tellers appointed to canvass and count the ballots were divided into groups of four, two Republicans and two Democrats in each group.

At eight o'clock in the evening the polls were declared closed at which time ballot box No. 1 registered 1513, and ballot box No. 2 registered 1678, as ascertained by the Town Clerk.

The check lists at the gates had the names of 3,191 persons as having received ballots.

The check lists at the ballot boxes had the names of 3,191 persons as having voted.

Twenty-one (21) votes were cast by absent ballot. The number of unused ballots returned to the Town Clerk was 3,830.

Ballots, cast, three thousand one-hundred ninety-one. 3,191

Question No. 1

"Shall an Act passed by the General Court in the year nineteen hundred and fifty-one entitled 'An Act Establishing a Town Manager form of Government for the Town of Stoneham' be accepted?"

Yes	1,414
No	1,412
Blanks	365

All requirements of the law having been complied with, it was voted to adjourn to meet in Town Hall on Monday, March 12, 1951 at 7:30 o'clock in the evening.

All the foregoing truly entered, Attest:

WINTHROP A. McCARTHY
Town Clerk

Adjourned Town Meeting, Monday, March 12, 1951

Agreeable to the warrant signed by the Selectmen February 20, 1951, and in accordance with the By-Laws of the Town, the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs met in Town Hall on Monday, March 12, 1951, at 7:30 o'clock in the evening.

Tellers appointed to check the names of voters entering the hall were as follows: Republican, Richard A. Roberts, Edith M. Cook, Violet LeBrun; Democrat, Peter P. Meehan, Alice C. Walsh and Mary I. Roach.

The check lists showed seven hundred thirty-five (735) voters attended the meeting.

The meeting was called to order by the Moderator at 7:30 o'clock in the evening.

Article 2. Voted: That the Selectmen be authorized to appoint all other town officers for the ensuing years whose appointment is not otherwise provided for by law.

Article 3. Voted: That the reports of town officers and committees as printed in the annual Town Report for the year 1950 be accepted.

Voted: That the following report of the Committee for Reviewing Town Zoning Laws be accepted as a report of progress: "In accordance with the vote passed under Article 2 of the warrant at the last annual Town Meeting, the committee for reviewing the existing Zoning Law was appointed by the Moderator and organized shortly thereafter on September 25, 1950. We have held five subsequent meetings.

It has proven to be exceedingly difficult to obtain all the information necessary to intelligently study the trends, popu-

lation growth and other information necessary to form conclusions upon which to base recommendations.

The committee is unanimous in its opinion that the magnitude and importance of its assigned task requires further and more detailed study. Correlation of the Planning Board's experience and that of the Building Inspector is believed necessary in order to adequately present such recommended changes as may be deemed advisable. It is, therefore, suggested that this committee be continued for another year and that it be augmented by the Planning Board, Town Counsel, Building Inspector and at least one member of the Finance and Advisory Board.

The Planning Board has requested, and its request has been approved by the Finance and Advisory Board, that an appropriation of \$5,000 be made this year. This is for the purpose of a survey of the trends, available land, population growth, labor market, and other pertinent facts to permit a long range planning program for the future growth of the Town. If this appropriation is passed, your committee will have access to this survey or study and will be better able to offer recommendations for changes in our Zoning By-Laws.

Voted: That the Town Counsel, the Planning Board, Building Inspector and at least one member of the Finance and Advisory Board be added to the Committee for Reviewing Town Zoning Laws, that the Committee be continued for another year and report back to the annual Town Meeting in 1952.

Voted: That the Committee appointed at the Special Town Meeting held on November 13, 1950, to study and report on the present Junior-Senior High School problem, be granted an extension of time to file a report; and that said Committee be permitted to give a report to the Town immediately after completion of the Special Town Meeting called by the Selectmen for 8:00 p.m. on Monday, March 19, 1951.

Voted: That the membership of the Committee appointed by the Moderator and by the Board of Selectmen in 1950 to conduct a study of matters pertaining to parking, traffic and transportation be discharged and that a Committee with the same number of members and having the same duties be appointed by the Moderator; said committee to submit its recommendations to the Town Manager or the Board of Selectmen and further report its activities at the next annual Town Meeting.

Article 4. Voted: That the Town fix the salaries of its several elective officers and boards for the year 1951 as follows:

Moderator	\$	30.00
Selectmen, each		110.00
Town Treasurer		2,412.00
Town Collector		1,664.00
Town Clerk		1,920.00
Assessor, Chairman		1,400.00
Assessor, Secretary		1,300.00
Assessor, Member		1,200.00
Board of Health Members, each		110.00
Board of Welfare Members, each		110.00
Tree Warden		1,903.00

Article 5. Voted: That the subject matter of this article be taken up under Article 39 of this warrant and under Article 2 of the warrant for a Special Town Meeting to be held on March 19, 1951.

Article 6. Voted: That the sum of \$71,655.17 be appropriated for General Government, said sum to be expended as

itemized in the recommendations of the Finance and Advisory Board as follows:

Moderator, Salary	\$ 30.00
Finance and Advisory Board, Clerk, Salary	300.00

Article 13. Voted: That the subject matter of this article be indefinitely postponed.

Article 14. Voted: That the sum of \$25,000.00 be appropriated for the purpose of defraying the cost of constructing storm sewers or drains within the limits of the Town, and that the said sum be raised as follows: By transfer from the Excess and Deficiency Account \$5,000.00, and that the Town Treasurer, with the approval of the Selectmen, be authorized to issue and sell, from time to time, as occasion requires Town notes, bonds or other evidences of indebtedness in the amount of \$20,000.00, said bonds or notes to be payable in accordance with provisions of Chapter 44, General Laws,

and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town. Unanimous.

Article 15. Voted: That the Town authorize such maintenance work as is necessary on highways which have been constructed with State and County aid under provisions of Chapter 90, General Laws, and that the sum of \$4,500.00 be appropriated therefor, the said appropriation to be raised as follows: \$1,500.00 from the levy of the current year and \$3,000.00 by transfer from the Excess and Deficiency Account and any receipts from the State or County or both, shall be placed in the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 16. Voted: That the Town appropriate the sum of \$5,000.00 for the improvement of William Street, said sum to be raised by transfer from the Excess and Deficiency Account, and said sum to be used in conjunction with any funds which may be allotted by the State or County, or both, for the purpose, and that the Town Accountant be and hereby is authorized to make the necessary transfer on the books of the Town.

Article 17. Voted: That the Town authorize the Town Treasurer, with the approval of the Selectmen, to issue and sell, from time to time, as occasion requires, town notes, bonds or other evidences of indebtedness, for the purpose of defraying the cost of extending water mains or relaying water mains within the limits of the Town to an amount not exceeding \$25,000.00, said bonds or notes to be payable in accordance with provisions of Chapter 44, General Laws. Unanimous.

Article 18. Voted: That the sum of \$25,000.00 be appropriated from the proceeds of the water loan authorized under the previous article for extending water mains or relaying water mains within the limits of the Town.

Article 19. Voted: That the Town accept as a public town way Cherry Avenue, so-called, southerly from East Street a distance of 354 feet, more or less, as laid out by the Board of Survey.

Article 20. Voted: That the Town appropriate the sum of \$6,540.00 to pave Cherry Avenue, a distance of 354 feet, more or less, southerly from East Street, under the law relating to the assessment of betterments, and that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Article 21. Voted: That the Town accept as a public town way Myopia Road, so-called, from Governor Road to Sherwood Road, a distance of 591 feet, more or less, as laid out by the Board of Survey.

Article 22. Voted: That the Town appropriate the sum of \$6,135.00 to pave Myopia Road from Governor Road to Sherwood Road, a distance of 591 feet, more or less, under the law relating to the assessment of betterments, and that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Article 23. Voted: That the Town accept as a public town way Myopia Road, so-called, from Sherwood Road to Oak Street, a distance of 629 feet, more or less, as laid out by the Board of Survey.

Article 24. Voted: That the Town appropriate the sum of \$6,145.00 to pave Myopia Road, to Sherwood Road to Oak Street, a distance of 629 feet, more or less, under the law relating to the assessment of betterments, and that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Article 25. Voted: That the subject matter of this article be indefinitely postponed.

Article 26. Voted: That the subject matter of this article be indefinitely postponed.

Article 27. Voted: That the Town accept as a public way Sherwood Road, so-called, from North Street to Myopia Road, a distance of 978 feet, more or less, as laid out by the Board of Survey.

Article 28. Voted: That the Town appropriate the sum of \$8,340.00 to pave Sherwood Road, from North Street to Myopia Road, a distance of 978 feet, more or less, under the law relating to the assessment of betterments, and that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Article 29. Voted: That the Town accept the extension of Butler Avenue from the end of the present public way to Lexington Street, so-called, said way to be known as Butler Avenue westerly and southerly from Lexington Street, a distance of 968 feet, more or less, as laid out by the Board of Survey.

Article 30. Voted: That the Town appropriate the sum of \$16,490.00 to pave Butler Avenue westerly and southerly from Lexington Street, a distance of 968 feet, more or less, under the law relating to the assessment of betterments, and that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Article 31. Voted: That the Town accept as a public way Lexington Street, so-called, from Joan Avenue, so-called, to William Street, a distance of 455 feet, more or less, as laid out by the Board of Survey.

Article 32. Voted: That the Town appropriate the sum of \$7,760.00 to pave Lexington Street, from Joan Avenue, so-called, to William Street, a distance of 455 feet, more or less, under the law relating to the assessment of betterments, and that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Article 33. Voted: That the Town accept as a public town way Joan Avenue, so-called, from Butler Avenue northerly, a distance of 416 feet, more or less, as laid out by the Board of Survey.

Article 34. Voted: That the Town appropriate the sum of \$6,905.00 to pave Joan Avenue, from Butler Avenue northerly, a distance of 416 feet, more or less, under the law relating to the assessment of betterments, and that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Article 35. Voted: That the Town accept as a public town way Merrow Lane, so-called northerly and easterly from William Street, a distance of 470 feet, more or less, as laid out by the Board of Survey.

Article 36. Voted: That the Town appropriate the sum of \$11,460.00 to pave and construct sidewalks in Merrow Lane, northerly and easterly from William Street, a distance of 470 feet, more or less, under the law relating to the assessment of betterments, and that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Voted: That Article 3 be reconsidered at this time.

Voted: That the Moderator be authorized to appoint a committee of fifteen (15) citizens, said committee to be known

as the Stoneham Industrial Committee, to act in conjunction with the Stoneham Chamber of Commerce.

Article 37. Voted: That the Town accept as a public town way Unicorn Avenue, so-called, from William Street to Oak Street, a distance of 554 feet, more or less, as laid out by the Board of Survey.

Article 38. Voted: That the Town appropriate the sum of \$5,265 to pave Unicorn Avenue, from William Street to Oak Street, a distance of 554 feet, more or less, under the law relating to the assessment of betterments, and that the Selectmen be authorized to obtain easements for the purpose of enabling the Town to enter upon private land where necessary.

Article 39: Voted: That the foregoing appropriations voted under Articles 20, 22, 24, 28, 30, 32, 34, 36, 38, for paving streets and constructing sidewalks in public ways accepted by the Town under Articles 19, 21, 23, 27, 29, 31, 33, 35, 37 of this warrant, amounting to \$75,040.00 be raised as follows: by transfer from the unexpended balance of the appropriation voted for Street Construction under Article 11 of the warrant for a special Town Meeting held on September 19, 1949 the sum of \$6,936.17, by transfer from the Excess and Deficiency Account the sum of \$8,103.83, and that the Town Treasurer, with the approval of the Selectmen, be authorized to sell, from time to time, as occasion requires, Town notes, bonds or other evidences of indebtedness to an amount not exceeding \$60,000.00, said bonds or notes to be payable in accordance with provisions of Chapter 44, General Laws, and that the Town Accountant be and hereby is authorized to make such transfers on the books of the town. Unanimous.

Article 40. Voted: That the Town appropriate the sum of \$6,150.00 for the purpose of purchasing materials, including a boiler, for the Public Works Department to continue construction of housing equipment and for storage purposes at the yard on Pine Street, said appropriation to be expended in conjunction with the unexpended balance of an appropriation voted under Article 49 of the warrant for the annual Town Meeting of 1950, that the said appropriation be raised by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make the necessary transfer on the books of the Town.

Article 41. Voted: That the Town raise and appropriate the sum of \$3,000.00 for the purpose of reconstructing certain existing tar sidewalks within the limits of the Town.

Article 42. Voted: That the Town appropriate the sum of \$11,325.00 for the purchase of one (1) four-wheel sidewalk tractor, one (1) one-half ton pickup truck and one (1) dump truck for use of the Public Works Department, authorize a committee to be appointed by the Moderator to make such equipment purchase, authorize the committee to dispose of one (1) 1928 model wheel tractor and one (1) 1937 model pickup truck, raise the said appropriation by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 43. Voted: That the Town appropriate the sum of \$8,125.00 for the purchase of one (1) gasoline motor-driven roller for the use of the Public Works Department, authorize a committee be appointed by the Moderator to make such purchase, raise the said appropriation by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 44. Voted: That the Town accept the relocations of the following streets as made by the Board of Selectmen:

- (1) Northeasterly corner of Pond Street and Summer Street,
- (2) Southeasterly corner of Winthrop Street and Park Street.

Article 45. Voted: That the Town transfer to the Commonwealth of Massachusetts, Department of Public Works, ownership of electric traffic control signals located on Main Street at Stoneham Square and at the intersection of Main Street and the following streets: Marble Street and Summer Street, Franklin Street, Montvale Avenue, Elm Street, also the traffic control signals located at the intersection of Elm Street; and at the intersection of Pond Street and Summer Street.

Article 46. Voted: That the Town authorize the Board of Health to enter into a contract for a term of not more than three (3) years for the removal and disposal of garbage.

Article 47. Voted: That the Town appropriate the sum of \$1,500.00 to purchase one (1) cruising automobile for the use of the Police Department, authorize the Moderator to appoint a committee to make such purchase, authorize the said committee to dispose of one (1) cruising automobile in service, raise the said appropriation by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 48. Voted: That the Town raise and appropriate the sum of \$600.00 for the purpose of enrolling eight (8) members of the Stoneham Police Department in the Massachusetts State Police Training School during the ensuing year, and that selection for enrollment in 1951 shall be in accordance with rank and seniority of appointment to the permanent reserve force.

Article 49. Voted: That the subject matter of this article be indefinitely postponed.

Article 50. Voted: That the subject matter of this article be referred back to the committee for further study and the committee appointed at the annual Town Meeting of 1950 be continued.

Article 51. Voted: That the Town appropriate the sum of \$3,000.00 for making improvements to the grounds of the Charles J. Emerson School, authorize the Superintendent of Public Works to have jurisdiction over the said improvements, raise the said appropriation by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 52. Voted: That the Town appropriate \$750.00 for the purchase of playground equipment and a bicycle rack on the grounds of the Charles J. Emerson School, authorize the appointment of a committee to make such purchase, raise the said appropriation by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 53. Voted: That the subject matter of this article be indefinitely postponed.

Article 54. Voted: That the subject matter of this article be indefinitely postponed.

Article 55. Voted: That the Town appropriate the sum of \$450.00 to repair the roof of the building on the A. P. Rounds Playground, authorize the Park Commissioners to have jurisdiction over the said roof repairs, raise the said appropriation by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 56. Voted: That the subject matter of this article be indefinitely postponed.

Article 57. Voted: That the subject matter of this article be indefinitely postponed. (See adjourned Town Meeting of March 19, 1951.)

Article 58. Voted: That the Town purchase a parcel of property now or formerly of the Boston and Maine Railroad, situated on the northwesterly side of Gerry Court, so-called, containing 30,300 square feet of land, more or less, according to a plan of land by Warren M. Mirick, Surveyor, dated November 1947, for recreational purposes, that the sum of \$1,800.00 be appropriated therefor, that the said appropriation be raised by transfer from the Sale of Real Estate Fund, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 59. Voted: That the Town appropriate the sum of \$1,500.00 for the purpose of purchasing and installing lighting facilities for Pomeworth Lower Field, raise the said appropriation by transfer from the Excess and Deficiency Account, that the said appropriation be expended under the jurisdiction of the following committee consisting of the Park Commissioners, Michael Ottati, Richard Hayden and Eugene J. Shine, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 60. Voted: That the subject matter of this article be indefinitely postponed.

Article 61. Voted: That the Town raise and appropriate the sum of \$1,800.00 for labor and materials to be used for the control of the Dutch Elm Disease, as provided by Chapter 761, Acts of 1949, and that the said appropriation be expended under the jurisdiction of the Tree Warden and Moth Superintendent.

Article 62. Voted: That the Town raise and appropriate the sum of \$1,500.00 for the purpose of making necessary sidewalk repairs and installing guard rails on the Town Hall grounds, and that the said appropriation be expended under the jurisdiction of the Superintendent of Public Works.

Article 63. Voted: That the subject of this article be taken up under Article 1 of the warrant for the special Town Meeting to be held on March 19, 1951.

Article 64. Voted: That the Town authorize the Moderator to appoint a committee consisting of one member of the United Spanish War Veterans, one member of the American Legion, one member of the Veterans of Foreign Wars, three members of the Stoneham Home Front Trust Fund Committee, and three citizens at large to study the advisability of erecting an honor roll of war veterans of the Town of Stoneham, who served in the armed forces of the United States during a time of war, and report its findings at the next annual Town Meeting.

Voted: To adjourn to Monday, March 19, 1951 at 7:30 o'clock in the evening.

All the foregoing truly entered, Attest:

WINTHROP A. McCARTHY, Town Clerk.

TOWN WARRANT

Monday, March 19, 1951

To John Clarence Nelson or either of the Constables of the Town of Stoneham, in the county of Middlesex, GREETING:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs to meet in Town Hall Monday, March 19, 1951 at 8 o'clock in the

evening to act on the following articles of this warrant:

Article 1. To see if the town will vote to accept provisions of Chapter 639, Acts of 1950, entitled "An Act to Provide for the Safety of the Commonwealth during the Existence of an Emergency Resulting from Disaster or from Hostile Action," or do anything in relation thereto.

(Board of Selectmen)

Article 2. To see if the town will vote to raise and appropriate a sum of money for the purpose of defraying the cost of constructing sewer mains or relaying sewer mains within the limits of the town, determine in what manner the said appropriation shall be raised, by transfer from available funds, borrowing, sale of bonds, notes or otherwise, or do anything in relation thereto.

(Board of Selectmen)

Article 3. To see if the town will vote to instruct its representatives in the Great and General Court to petition the Great and General Court to enact legislation to permit the town of Stoneham to borrow outside of the debt limit for school building purposes, or do anything in relation thereto.

(Junior-Senior High School
Building Survey Committee)

And you are directed to have five hundred copies of this warrant printed, and so serve the same by posting attested copies in at least ten (10) public places in the town seven days at least before the time for holding said meeting and by causing an attested copy to be published in some newspaper in the town, the publication of which shall be not less than three (3) days before the said meeting.

The remaining copies you are to have at the place and time of meeting as aforesaid for distribution.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given unto our hands this sixth day of March in the year one thousand nine hundred and fifty-one.

FRED A. SCHNEIDER
FRANK M. GEREMONTE
EDWIN H. LOMBARD
JOHN E. FINNEGAN
DONALD J. MORRISON

Selectmen of Stoneham

Pursuant to the within warrant I have notified and warned the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs of the within meeting by posting attested copies in at least ten (10) public places in the Town on March 10, 1951, and by publishing duly attested copies of said warrant in The Stoneham Independent and The Stoneham Press on March 15, 1951.

J. CLARENCE NELSON, Constable

Adjourned Town Meeting, March 19, 1951

Agreeable to the warrant signed by the Selectmen on February 20, 1951, and in accordance with the vote of adjournment passed at the adjourned annual Town Meeting held on March 12, 1951, and in accordance with the By-Laws of the Town of Stoneham, the inhabitants of the Town of Stoneham qualified to vote in elections and Town affairs met in Town Hall on March 19, 1951 at 7:30 o'clock in the evening.

Tellers appointed to check the names of voters entering the hall were as follows: Republican, Richard A. Roberts, Edith M.

Cook, Violet LeBrun; Democrat, Peter P. Meehan, Alice C. Walsh, Mary I. Roach.

The check lists showed four hundred fifty-seven (457) voters attended the meeting.

The meeting was called to order at 7:30 o'clock in the evening by the Moderator.

Voted: That Article 57 of this warrant be reconsidered at this time.

Article 57. Voted: That the Town appropriate the sum of \$2,700.00 to purchase and erect bleacher seats at Recreation Park, raise the said appropriation by transfer from the Excess and Deficiency Account, authorize the Moderator to appoint the following committee consisting of the Park Commissioners, Raymond C. Burdick, Nicholas E. Apalakis, and George E. MacNeil, Jr., for the purpose of implementing the above, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Voted: To adjourn until 8:30 o'clock in the evening.

Agreeable to the warrant signed by the Selectmen on March 6, 1951, and in accordance with the By-Laws of the Town of Stoneham, the inhabitants of the Town of Stoneham qualified to vote in elections and Town affairs met in Town Hall on Monday, March 19, 1951 at 8 o'clock in the evening.

The meeting was called to order at 8 o'clock in the evening by the Moderator.

Article 1. Voted: That the Town accept provisions of Chapter 639, Acts of 1950, entitled "An Act to provide for the Safety of the Commonwealth during the existence of an emergency resulting from disaster or from hostile action", and that the sum of \$2,000.00 be appropriated therefor, said sum to be raised by transfer from the Excess and Deficiency Account, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 2. Voted: That the sum of \$50,000.00 be appropriated for the purpose of defraying the cost of constructing sewer mains within the limits of the Town, and that the said appropriation be raised as follows: by transfer from the unexpended appropriation balances voted at the annual Town Meeting of 1948 as follows: Sewer Construction, Article 19, \$87.06; Butler Avenue Sewer, Article 24, \$766.32; Joan Avenue Sewer, Article 25, \$423.69; Lexington Avenue Sewer, Article 26, \$553.63; by transfer from the Excess and Deficiency Account the sum of \$8,169.30; and that the Town Treasurer, with the approval of the Selectmen, be authorized to sell, from time to time, as occasion requires, Town notes, bonds or other evidences of indebtedness to an amount not to exceed \$40,000.00, said notes or bonds to be payable in accordance with provisions of Chapter 44, General Laws, and that the Town Accountant be and hereby is authorized to make such transfers on the books of the Town. Unanimous.

Article 3. Voted: That the subject matter of this article be indefinitely postponed.

Voted: To adjourn finally the special Town Meeting at 8:25 o'clock in the evening.

The annual Town Meeting which was adjourned at 8 o'clock until 8:30 o'clock on this evening, was reconvened at 8:30 o'clock by the Moderator.

Voted: To refer back to Article 3 of this warrant in accordance with the vote passed under Article 3 on March 12, 1951.

Article 3. Voted: That the report of the Junior-Senior School Building Survey Committee be accepted as a report of

progress, that the said committee be directed to complete its work and present a final report to the Town at a special Town Meeting to be held on October 8, 1951 at 8 P.M. in Town Hall, which meeting the Board of Selectmen is hereby requested to call, provided however, that the committee is in possession of all data and information to enable the Town to act, or if such is not available for a meeting on that date, the said meeting shall be held at the earliest possible date subsequent thereto, that the committee be further directed to prepare and present to the Selectmen for insertion in the warrant for said special Town Meeting, any and all articles necessary to permit the Town to take such action as the Town may, in its opinion, deem advisable to solve the Junior-Senior High School problem.

Article 10. Voted: That the subject matter of this article be indefinitely postponed.

Article 63. Voted: That the subject matter of this article be indefinitely postponed.

Article 65. Voted: That the Town accept a bequest under the will of the late Annie Bailey Trowbridge, in the amount of \$200.00, said sum to be used for the care and maintenance of the Trowbridge lot in Lindenwood Cemetery and to be added to the fund already established for this purpose.

Article 66. Voted: That the Town accept a bequest under the will of the late Annie Bailey Trowbridge, in the amount of a three-fortieths (3/40) share of the residue of her estate, five hundred (\$500.00) dollars of said amount to be added to the MacDonald Medal Fund already established in the Stoneham High School and the income from the remainder of the fund to be given to some deserving pupil of the Stoneham High School desirous of higher education.

Article 67. Voted: That the Town accept a bequest under the will of the late Annie Bailey Trowbridge, in the amount of three-fortieths (3/40) share of the residue of her estate, for the use of the Stoneham Public Library, the income to be devoted to the purchase of magazines and books.

Article 68. Voted: That the subject matter of this article be indefinitely postponed.

Article 69. Voted: That the subject matter of this article be indefinitely postponed.

Article 70. Voted: That the Town authorize the Moderator to appoint a committee to dispose of any or all obsolete materials and equipment of Town departments now on hand.

Article 71. Voted: That the Town raise and appropriate the sum of \$1,000.00 for the purpose of decorating certain streets within the Town during the Christmas Season of 1951, said appropriation to be expended under the jurisdiction of a committee to be appointed by the Moderator.

Article 72. Voted: That the Town accept the provisions of Chapter 149, Section 33A, of the General Laws, entitled 'Five Day and Forty Hour Work Week for Employees of Certain Cities and Towns'. Yes, 249; No, 136.

Article 73. Voted: That the Town accept the provisions of Chapter 820, Acts of 1950, entitled "An Act providing for an increase in the annual amounts of certain pensions, retirement allowances, annuities and other benefits payable by the Commonwealth and its political subdivisions to certain former employees and persons claiming under them", and that the sum of \$500.00 be raised and appropriated therefor to provide an increase of \$100.00 each to five retired employees of the Town.

Article 74. Voted: That the Town accept the provisions of Chapter 783, Acts of 1950, entitled 'An Act Making Applicable

Increases in Retirement Allowances to those Persons Retired after January 1, 1946, with a Minimum Allowance'.

Article 75. Voted: That the Town accept the provisions of Chapter 538, Acts of 1950, entitled 'An Act Providing that Cities and Towns May Make Temporary Minor Repairs on Private Ways Therein, in Certain Cases'.

Article 76. Voted: That the subject matter of this article be indefinitely postponed.

Article 77. Voted: That the Town amend the Zoning By-Law by adding to the present limits of the Retail Business District as heretofore defined and set forth the following described area adjacent thereto and bounded as follows: Southerly by Franklin Street 475 feet, Easterly by land of Rotondi 200 feet, Northerly by land of Rotondi 485 feet and Westerly by land of Meegan 200 feet, of which 100 feet abuts the present Retail Business District. Yes, 204; No, 36.

Article 78. Voted: That the Town amend the Zoning By-Law by adding to the present limits of the General Business District as heretofore defined and set forth the following described area adjacent thereto and bounded as follows: Westerly by the present General Business District and land now or formerly of the Sunnyhurst Dairy, Inc., 140 feet; Southerly by land now or formerly of Egan 50 feet; Easterly by Central Street 140 feet; and northerly by land now or formerly of Beadsworth 50 feet. Unanimous.

Article 79. Voted: That the Town amend the Zoning By-Law by adding to the present limits of the General Business District as heretofore defined and set forth the following described area adjacent thereto and bounded as follows: Easterly by Main Street 265 feet, more or less, from the northerly boundary of the present General Business District, northerly by land now or formerly of Wilcox 100 feet, more or less, westerly by land now or formerly of Talbot 240 feet, more or less, and southerly by land now or formerly of Tedd's Inn, Inc., and the present General Business District 100 feet, more or less. Unanimous.

Article 80. It was moved and seconded that the subject matter be indefinitely postponed. This motion was not carried. Yes, 60; No, 80.

It was moved and seconded that the Town vote to amend the Zoning By-Law by adding to the present limits of the Retail Business District so as to include in the Retail Business District the following described area at the Northeasterly junction of Main and North Streets, viz: Beginning at a point at the Southwest corner of the premises at the junction of Main and North Streets; thence North by Main Street 143.48 feet, thence slightly West of North still by Main Street 235.41 feet to land now or formerly of Moses Frankel, said land being zoned as a Retail Business District, thence East by land of said Moses Frankel 100 feet, thence slightly East of South, still by land of Moses Frankel 254.50 feet to a point, thence Southerly still by land of Moses Frankel 115.48 feet, more or less, thence Southwesterly by North Street 90.65 feet to a point and thence by a curved line forming the junction of North Street and Main Street in a general Northwesterly direction 46.40 feet to the point of beginning. This motion did not receive the necessary two-thirds vote in the affirmative and was not carried.—Yes, 97; No, 57.

Voted: To adjourn finally at 11:20 o'clock in the evening.

All the foregoing truly entered, attest:

WINTHROP A. McCARTHY, Town Clerk.

Town Warrant

To either of the Constables of the Town of Stoneham in the County of Middlesex,

GREETING:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Stoneham qualified to vote in elections and Town affairs to meet in Town Hall

Monday, July 30, 1951

at 8 o'clock in the evening to act on the following articles of this warrant:

Article 1. To see if the Town will vote to appropriate a sum of money to be used in conjunction with money appropriated under Article 71 of the annual warrant of the current year for the purpose of decorating certain streets within the Town during the Christmas Season of 1951, determine in what manner the said appropriation shall be raised, by borrowing, transfer from available funds, sale of notes, bonds or otherwise, or do anything in relation thereto.—(Christmas Lighting Committee)

Article 2. To see if the Town will vote to appropriate a sum of money to demolish the old tool house in Lindenwood Cemetery and rebuild the wall adjacent thereto, fronting on Almond Path and Iris Path, determine in what manner the said appropriation shall be raised, by transfer from available funds, borrowing, sale of notes, bonds or otherwise or do anything in relation thereto.—(Lindenwood Cemetery Trustees)

Article 3. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the Industrial District as heretofore defined and set forth, the following described area adjacent thereto and bounded as follows: On the West by the Easterly side line of Central Street, on the North by the Southerly boundary of the present Industrial District, on the East by land now or formerly of Wilkins, and on the South by a line parallel to and one hundred seventy feet (170) South of the said Southerly boundary of the present Industrial District.—(Planning Board)

Article 4. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the General Business District as heretofore defined and set forth, so as to include in the General Business District, the following described area adjacent thereto, and bounded as follows: Beginning at a point on the Westerly side of Main Street, said point being the Northerly extremity of the existing General Business District, and the boundary between land now or formerly of Sanborn and land now or formerly of Wilcox, thence the line runs Westerly at right angles to Main Street a distance of nine hundred (900) feet to a point; thence the line turns and runs Northerly and parallel to Main Street a distance of ten hundred and thirty-five (1,035) feet, more or less, to a point; thence the line turns and runs N 46°-05'-50" E, a distance of four hundred twenty-five (425) feet, more or less, to a point; thence the line turns and runs S 87°-08'-10" E, a distance of six hundred eighty-five (685) feet, more or less, to a point on the Westerly sideline of Main Street, said point being one hundred seventy-one and 45/100 feet Southerly from the junction of the Southerly side line of Governor Road and the Westerly side line of Main Street; thence the line turns and runs Southerly by the Westerly side line of Main Street a distance of thirteen hundred fifty-seven and 50/100 feet to the point of beginning.—(Planning Board)

Article 5. To see if the Town will vote to amend Article II, Section 9 of the Zoning By-Law, "Definitions", by adding the

following paragraph to be known as Paragraph No. 26: PARKING SPACE. An area of not less than 180 square feet, net, exclusive of access or maneuvering area, or ramps or columns, to be used exclusively as a temporary storage space for motor vehicles.—(Planning Board)

Article 6. To see if the Town will vote to amend Article I of the Zoning By-Law, by adding to said Article, a new section to be known as Section 12-B, OFF STREET PARKING. (a) All new or substantially altered uses or structures in any District shall be provided with off-street automobile parking facilities to at least the extent required in subsection (b) below: and no application for a building permit for such structure or use shall be approved unless there is included with the application for a permit a plot plan showing such parking facilities; (b) Parking facilities shall be provided for the following uses in the following minimum quantities: (1) For hotels, rooming houses or tourist homes, one parking space for every three guest rooms or suites. (2) For restaurants or diners, one parking space for every four seats. (3) For hospitals, convalescent homes, welfare or similar institutions, one parking space for every four beds. (4) For churches and school auditoriums, one parking space for every ten seats. (5) For all other places of public assembly, auditoriums, theaters or halls, one parking space for every four seats or other unit or expected attendance. (6) For office buildings, one parking space for every 600 square feet of rentable space. (7) For retail business and personal service establishments, one parking space for every 300 square feet of selling space. (8) For wholesale, storage or industrial establishments, one parking space for every three persons employed at any one peak period. (c) Such parking facilities shall be designed with appropriate maneuvering areas and with appropriate vehicular access to a street or alley. They shall be suitably graded and surfaced. They may be provided within or outside a structure, above or below ground. They may be provided on the same lot or premises as the use and structure for which they are intended, or on any lot of which at least a substantial portion is within 600 feet of such use or structure. The required parking for any two or more uses or structures may be provided by the allocation of the total of the various spaces required for each use or structure in a common parking facility, cooperatively established and operated. (d) The regulations of this Section 12-B shall not apply to any use or structure whose required minimum parking under the above schedule would amount to ten parking spaces or less.—(Planning Board)

Article 7. To see if the Town will vote to amend Article I, Section 12A of the Zoning By-Law, by adding at the end thereof, the following: On both sides of Main Street, from Collincote Street North to the Northerly boundary of Stoneham, no part of any structure used for other than residential purposes, or accessory to such use, shall be built, altered, enlarged or moved within fifty feet of the street line.—(Planning Board)

And you are directed to have five hundred copies of this warrant printed, and so serve the same by posting attested copies in at least ten (10) public places in the Town seven (7) days at least before the time for holding said meeting and by causing an attested copy to be published in some newspaper in the Town, the publication to be not less than three (3) days before the said meeting.

The remaining copies you are to have at the place and time of meeting as aforesaid for distribution.

Hereof fail not and make due return of this warrant with

your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given unto our hands this tenth day of July in the year one thousand nine hundred and fifty-one.

EDWIN H. LOMBARD
FRANK M. GEREMONTE
DONALD J. MORRISON
JOHN E. FINNEGAN

Selectmen of Stoneham.

Pursuant to the within warrant I have notified and warned the inhabitants of the Town of Stoneham qualified to vote in elections and Town affairs of the within meeting by posting attested copies in at least ten (10) public places in the Town of July 20, 1951, and by publishing duly attested copies of the said warrant in the Stoneham Independent and the Stoneham Press on July 26, 1951.

A true copy, Attest:

STANLEY D. WOOD, Constable

WINTHROP A. McCARTHY, Town Clerk.

Special Town Meeting July 30, 1951

Agreeable to the warrant signed by the Selectmen on July 10, 1951, the inhabitants of the Town of Stoneham qualified to vote in elections and Town Affairs met in Town Hall in said Town on Monday, July 30, 1951 at 8 o'clock in the evening.

Tellers appointed to check the names of voters entering the hall were as follows: Republican, Richard A. Roberts, Edith M. Cook, Violet LeBrun; Democrat, Peter P. Meehan, Alice C. Walsh, Mary I. Roach.

The check lists showed that one thousand one hundred and fifteen (1115) voters entered the hall.

The Moderator called the meeting to order at 8 o'clock in the evening.

Article 1. Voted: That the Town appropriate the sum of \$500.00 for the purpose of decorating certain streets within the Town during the Christmas Season of 1951, the said appropriation to be used in conjunction with money appropriated under Article 71 of the annual warrant of the current year, the said appropriation to be raised by transfer from the unexpended balance of the appropriation voted under Article 30 at the annual Town Meeting of 1950, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 2. Voted: That the Town appropriate the sum of \$1,500.00 for the purpose of demolishing the old tool house in Lindenwood Cemetery and rebuilding the wall adjacent thereto, fronting on Almond Path and Iris Path, that the said appropriation be raised from the Sale of Lots and Graves Fund, and that the Town Accountant be and hereby is authorized to make such transfer on the books of the Town.

Article 3. Voted: That the Town amend the Zoning By-Law by adding to the present limits of the Industrial District as heretofore defined and set forth, the following described area adjacent thereto and bounded as follows: On the West by the Easterly side line of Central Street, on the North by the Southerly boundary of the present Industrial District, on the East by land now or formerly of Wilkins, and on the South by a line parallel to and one hundred seventy feet South of the said Southerly boundary of the present Industrial District.—Yes, 846; No, 131.

Article 4. Voted: That the Town amend the Zoning By-Law

by adding to the present limits of the General Business District as hertofore defined and set forth, so as to include in the General Business District, the following described area adjacent thereto, and bounded as follows: Beginning at a point on the Westerly side of Main Street, said point being the Northerly extremity of the existing General Business District, and the boundary between land now or formerly of Sanborn and land now or formerly of Wilcox, thence the line runs Westerly at right angles to Main Street a distance of nine hundred feet to a point; thence the line turns and runs Northerly and parallel to Main Street, a distance of ten hundred and thirty-five feet, more or less, to a point; thence the line turns and runs N $46^{\circ}05'50''$ E, a distance of four hundred twenty-five feet, more or less, to a point; thence the line turns and runs S $87^{\circ}08'10''$ E, a distance of six hundred eighty-five feet, more or less, to a point on the Westerly side line of Main Street, said point being one hundred seventy-one and $45/100$ feet Southerly from the junction of the Southerly side line of Governor Road and the Westerly side line of Main Street; thence the line turns and runs Southerly by the Westerly side line of Main Street a distance of thirteen hundred fifty-seven and $50/100$ feet to the point of beginning.—Yes, 854; No, 163.

Article 5. Voted: That the Town amend Article II, Section 9 of the Zoning By-Law, "Definitions", by adding the following paragraph to be known as Paragraph No. 26: PARKING SPACE. An area of not less than 180 square feet, net, exclusive of access or maneuvering area, or ramps or columns, to be used exclusively as a temporary storage space for motor vehicles.—Unanimous.

Article 6. Voted: That the Town amend Article I of the Zoning By-Law, by adding to said Article, a new section to be known as Section 12-B, OFF STREET PARKING. (a) All new or substantially altered uses or structures in any District shall be provided with off-street automobile parking facilities to at least the extent required in subsection (b) below; and no application for a building permit for such structure or use shall be approved unless there is included with the application for a permit a plot plan showing such parking facilities; (b) Parking facilities shall be provided for the following uses in the following minimum quantities: (1) For hotels, rooming houses or tourist homes, one parking space for every three guest rooms or suites. (2) For restaurants or diners, one parking space for every four seats. (3) For hospitals, convalescent homes, welfare or similar institutions, one parking space for every four beds. (4) Stricken out. (5) For all other places of public assembly, auditoriums, theaters or halls, one parking space for every four seats or other unit or expected attendance. (6) For office buildings, one parking space for every 600 square feet of rentable space. (7) For retail business and personal service establishments, one parking space for every 300 square feet of selling space. (8) For wholesale, storage or industrial establishments, one parking space for every three persons employed at any one peak period. (c) Such parking facilities shall be designed with appropriate maneuvering areas and with appropriate vehicular access to a street or alley. They shall be suitably graded and surfaced. They may be provided within or outside a structure, above or below ground. They may be provided on the same lot or premises as the use and structure for which they are intended, or on any lot of which at least a substantial portion is within 600 feet of such use or structure. The required parking for any two or more uses or structures may be provided by the allocation of the total of the various spaces

required for each use or structure in a common parking facility, cooperatively established and operated. (d) The regulations of this Section 12-B shall not apply to any use or structure whose required minimum parking under the above schedule would amount to ten parking spaces or less.—(Planning Board)

Article 7. Voted: That the Town amend Article I, Section 12A of the Zoning By-Law, by adding at the end thereof, the following: On both sides of Main Street, from Collincote Street North to the Northerly boundary of Stoneham, no part of any structure used for other than residential purposes, or accessory to such use, shall be built, altered, enlarged or moved within fifty feet of the street line.

Voted: To adjourn finally at 10:30 o'clock in the evening.

All the foregoing truly entered, Attest:

WINTHROP A. McCARTHY, Town Clerk.

Recount of Votes Cast for Selectmen

Stoneham, Mass., March 6, 1951

Town Clerk, Stoneham, Mass.

Pursuant to a petition signed by Charles A. Wyman, 103 High Street, a candidate for the office of Selectman at the annual Town election on March 5, 1951, and seventeen (17) other voters for a recount of ballots cast Monday, March 5, 1951 for the office of Selectman, and after due notice to all parties interested, the Registrars of Voters met in Town Hall on Wednesday, March 14, 1951, at 7 o'clock in the evening for the purpose set forth in the petition.

Those present were as follows: Charles A. Wyman, Philip D. Burnham and William W. Mackay, representing Mr. Wyman; Paul E. Houghton, Edward W. Dingwell, Kenneth A. Currie and Walter H. Morrison representing Donald J. Morrison.

The blocks of ballots were delivered to the Registrars of Voters, opened and the recount was started. Before the recount was completed Mr. Wyman, the petitioner, requested that his petition be withdrawn. The Registrars of Voters unanimously voted to grant the petitioner leave to withdraw.

**Zoning By-Law Amendments
Commonwealth of Massachusetts**

Middlesex, ss.

July 31, 1951

I, Winthrop A. McCarthy, duly elected and qualified Town Clerk of the Town of Stoneham in the County of Middlesex hereby certify that the following is a true copy of Article 4 of the warrant for a Town Meeting of said Town duly called, warned and held on July 30, 1951, when said article was before said meeting:

Article 4. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the General Business

District as heretofore defined and set forth, so as to include in the General Business District, the following described area adjacent thereto, and bounded as follows: Beginning at a point on the Westerly side of Main Street, said point being the Northerly extremity of the existing General Business District, and the boundary between land now or formerly of Sanborn and land now or formerly of Wilcox, thence the line runs Westerly at right angles to Main Street a distance of nine hundred feet to a point; thence the line turns and runs Northerly and parallel to Main Street a distance of ten hundred and thirty-five feet, more or less, to a point; thence the line turns and runs N 46°-05'-50" E, a distance of four hundred twenty-five feet, more or less, to a point; thence the line turns and runs S 87°-08'-10" E, a distance of six hundred eighty-five feet, more or less, to a point on the Westerly side line of Main Street, said point being one hundred seventy-one and 45/100 feet Southerly from the junction of the Southerly sideline of Governor Road and the Westerly sideline of Main Street; thence the line turns and runs Southerly by the Westerly sideline of Main Street a distance of thirteen hundred fifty-seven and 50/100 feet to the point of beginning.

I further certify that acting under Article 4 the following vote was passed:

Voted: That the Town amend the Zoning By-Law by adding to the present limits of the General Business District as heretofore defined and set forth, so as to include in the General Business District, the following described area adjacent thereto, and bounded as follows: Beginning at a point on the Westerly side of Main Street, said point being the Northerly extremity of the existing General Business District, and the boundary between land now or formerly of Wilcox, thence the line runs Westerly at right angles to Main Street a distance of nine hundred feet to a point; thence the line turns and runs Northerly and parallel to Main Street a distance of ten hundred and thirty-five feet, more or less to a point; thence the line turns and runs N 46°-05'-50" E, a distance of four hundred twenty-five feet, more or less, to a point; thence the line turns and runs S 87°-08'-10" E, a distance of six hundred eighty-five feet, more or less, to a point on the Westerly side line of Main Street, said point being one hundred seventy-one and 45/100 feet Southerly from the junction of the Southerly sideline of Governor Road and the Westerly sideline of Main Street; thence the line turns and runs Southerly by the Westerly sideline of Main Street a distance of thirteen hundred fifty-seven and 50/100 feet to the point of beginning.—Yes, 854; No, 163.

A true copy from the records.

WINTHROP A. McCARTHY, Town Clerk of Stoneham.

I also certify that no objections to the proposed amendment were filed in the office of the Town Clerk.

July 31, 1951

I, Winthrop A. McCarthy, duly elected and qualified Town Clerk of the Town of Stoneham in the County of Middlesex hereby certify that the following is a true copy of Article 6 of the warrant for a Town Meeting of said Town duly called, warned and held on July 30, 1951, when said Article was before said meeting.

Article 6. To see if the Town will vote to amend Article I of the Zoning By-Law, by adding to said Article, a new section to be known as Section 12-B, OFF STREET PARKING. (a) All new or substantially altered uses or structures in any District shall be provided with off-street automobile parking facilities to at least the extent required in subsection (b) below; and no application for a building permit for such structure or use shall be approved unless there is included with the application for a permit a plot plan showing such parking facilities; (b) Parking facilities shall be provided for the following uses in the following minimum quantities: (1) For hotels, rooming houses or tourist homes, one parking space for every three guest rooms or suites. (2) For restaurants or diners, one parking space for every four seats. (3) For hospitals, convalescent homes, welfare or similar institutions, one parking space for every four beds. (4) For churches and school auditoriums, one parking

space for every ten seats. (5) For all other places of public assembly, auditoriums, theaters or halls, one parking space for every four seats or other unit or expected attendance. (6) For office buildings, one parking space for every 600 square feet of rentable space. (7) For retail business and personal service establishments, one parking space for every 300 square feet of selling space. (8) For wholesale, storage or industrial establishments, one parking space for every three persons employed at any one peak period. (c) Such parking facilities shall be designed with appropriate maneuvering areas and with appropriate vehicular access to a street or alley. They shall be suitably graded and surfaced. They may be provided within or outside a structure, above or below ground. They may be provided on the same lot or premises as the use and structure for which they are intended, or on any lot of which at least a substantial portion is within 600 feet of such use or structure. The required parking for any two or more uses or structures may be provided by the allocation of the total of the various spaces required for each use or structure in a common parking facility, cooperatively established and operated. (d) The regulations of this Section 12-B shall not apply to any use or structure whose required minimum parking under the above schedule would amount to ten parking spaces or less.

I further certify that acting under Article 6 the following vote was passed:

VOTED: That the Town amend Article I of the Zoning By-Law, by adding to said Article, a new section to be known as Section 12-B, OFF STREET PARKING. (a) All new or substantially altered uses or structures in any District shall be provided with off-street automobile parking facilities to at least the extent required in subsection (b) below; and no application for a building permit for such structure or use shall be approved unless there is included with the application for a permit a plot plan showing such parking facilities; (b) Parking facilities shall be provided for the following uses in the following minimum quantities: (1) For hotels, rooming houses or tourist homes, one parking space for every three guest rooms or suites. (2) For restaurants or diners, one parking space for every four seats. (3) For hospitals, convalescent homes, welfare or similar institutions, one parking space for every four beds. (4) Stricken out by amendment. (5) For all other places of public assembly, auditoriums, theaters or halls, one parking space for every four seats or other unit or expected attendance. (6) For office buildings, one parking space for every 600 square feet of rentable space. (7) For retail business and personal service establishments, one parking space for every 300 square feet of selling space. (8) For wholesale, storage or industrial establishments, one parking space for every three persons employed at any one peak period. (c) Such parking facilities shall be designed with appropriate maneuvering areas and with appropriate vehicular access to a street or alley. They shall be suitably graded and surfaced. They may be provided within or outside a structure, above or below ground. They may be provided on the same lot or premises as the use and structure for which they are intended, or on any lot of which at least a substantial portion is within 600 feet of such use or structure. The required parking for any two or more uses or structures may be provided by the allocation of the total of the various spaces required for each use or a structure in a common parking facility, cooperatively established and operated. (d) The regulations of this Section 12-B shall not apply to any use or structure whose required minimum

parking under the above schedule would amount to ten parking spaces or less.—Unanimous.

I Winthrop A. McCarthy, duly elected and qualified Town Clerk of the Town of Stoneham in the County of Middlesex hereby certify that the following is a true copy of Article 78 of the warrant for a Town Meeting of said Town duly called, warned and held on Monday, March 19, 1951, when said article was before said meeting:

Article 78. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the General Business Districts as heretofore defined and set forth the following described area adjacent thereto and bounded as follows: Westerly by the present General Business District and land now or formerly of the Sunnyhurst Dairy, Inc., 140 feet, southerly by land now or formerly of Egan 50 feet, easterly by Central Street 140 feet, and northerly by land now or formerly of Beardsworth 50 feet.

I further certify that acting under Article 78 the following vote was passed:

Voted: That the Town amend the Zoning By-Law by adding to the present limits of the General Business District as heretofore defined and set forth the following described area adjacent thereto and bounded as follows: Westerly by the present General Business District and land now or formerly of the Sunnyhurst Dairy, Inc., 140 feet, southerly by land now or formerly of Egan 50 feet, easterly by Central Street 140 feet, and

northerly by land now or formerly of Beadsworth 50 feet.—Unanimous.

A true copy from the records.

WINTHROP A. McCARTHY, Town Clerk of Stoneham.

I also certify that no objections to the proposed amendment were filed in the office of the Town Clerk.

WINTHROP A. McCARTHY, Town Clerk of Stoneham.

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

July 31, 1951

Subscribed and sworn to before me this day.

WALTER G. LEAVITT, Notary Public.

My Commission Expires September 19, 1952.

Boston, Mass.

November 23, 1951

The foregoing amendment to Zoning By-Law is hereby approved.

FRANCIS E. KELLY, Attorney General.

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

July 31, 1951

I Winthrop A. McCarthy, duly elected and qualified Town Clerk of the Town of Stoneham in the County of Middlesex hereby certify that the following is a true copy of Article 79 of the warrant for a Town Meeting of said Town duly called, warned and held on Monday, March 19, 1951, when said article was before said meeting:

Article 79. To see if the Town will vote to amend the Zoning By-Law by adding to the present limits of the General Business District as heretofore defined and set forth the following described area adjacent thereto and bounded as follows: Easterly by Main Street 265 feet, more or less, from the northerly boundary of the present General Business District, northerly by land now or formerly of Wilcox 100 feet, more or less, westerly by land now or formerly of Talbot 240 feet, more or less, and southerly by land now or formerly of Tedd's Inn, Inc., and the present General Business District 100 feet, more or less.

I further certify that acting under Article 79 the following vote was passed:

Voted: That the Town amend the Zoning By-Law by adding to the present limits of the General District as heretofore defined and set forth the following described area adjacent thereto and bounded as follows: Easterly by Main Street 265 feet, more or less, from the northerly boundary of the present General Business District, northerly by land now or formerly of Wilcox 100 feet, more or less, westerly by land now or formerly of Talbot 240 feet, more or less, and southerly by land now or formerly of Tedd's Inn, Inc., and the present General Business District 100 feet, more or less.—Unanimous.

A true copy from the records.

WINTHROP A. McCARTHY, Town Clerk of Stoneham.

I also certify that no objections to the proposed amendment were filed in the office of the Town Clerk.

WINTHROP A. McCARTHY, Town Clerk of Stoneham.

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

July 31, 1951

Subscribed and sworn to before me this day.

WALTER G. LEAVITT, Notary Public.

My Commission Expires September 19, 1952.

Boston, Mass.

November 23, 1951

The foregoing amendment to Zoning By-Law is hereby approved.

FRANCIS E. KELLY, Attorney General.

REPORT OF THE BOARD OF SELECTMEN

To the Citizens of Stoneham:

At the annual election held on Monday, March 5, 1951, Fred A. Schneider, Frank M. Geremonte, Edwin H. Lombard, John E. Finnegan and Donald J. Morrison were elected Selectmen for the ensuing year. On the following night, March 6, 1951, the Board met in regular session and organized as follows: Mr. Schneider, chairman; Mr. Lombard, vice chairman; Mr. Geremonte, secretary; Mr. Finnegan, disburser of veterans' benefits.

Robert D. Callahan, Esquire, was re-appointed Town Counsel and Winthrop A. McCarthy was re-appointed clerk of the Board. Lawrence F. Hurley was re-appointed agent for the disburser of veterans' benefits and director of veterans' services. Mr. Hurley resigned the position to return to private business and Mr. William J. Curran was appointed to fill the vacancy. Other appointments for one year follow: Clarence E. Lent, inspector of veterans' graves; Albert J. Duff, dog officer; Percival H. Wardwell, moth superintendent; Henry T. Meegan, animal inspector and pound keeper; Thomas H. Graham, measurer of leather; J. Algernon Forbes, sealer of weights and measures; John M. Roach, town weigher; Bernard H. Corbett, building and wire inspector; John C. Nelson, field driver and lockup keeper. Mr. Henry W. Bickum was appointed to the Registrars of Voters for a three year term. Appointments to the Board of Appeal were as follows: Francis X. Jones and William A. Seward, three year terms; Paul A. Eade and Leonard F. Marr, associate members for one year terms.

At the annual election the following vote was recorded on the acceptance of the Town Manager Act, so-called, Yes, 1,414; No, 1,412, and the act was declared accepted. Mr. John P. English and 10 other registered voters petitioned the Registrars of Voters for a recount, which recount was held on March 14, 1951, at Town Hall. Mr. English represented the petitioners and Mr. Fred A. Schneider represented the Committee on Reorganization of Town Government. Result of the recount follows: Yes, 1,408; No, 1,415.

Your Board voted to continue the policy of the preceding Board in appointing liaison officers from its membership to the Police Department and Fire Department. Chairman Schneider was appointed supervisor of the Police Department and Vice Chairman Lombard was appointed supervisor of the Fire Department. This policy expedites a great many minor departmental matters which are disposed of by the supervisor

and department head, who submit their action for approval of the Board at the next regular executive session. In this way valuable time is saved at the regular Tuesday night meetings which can be devoted to immediate needs of the general public.

Your Selectmen named Mr. Herman E. Brown and Mr. Simon Zaltman as insurance brokers of record for the ensuing year, to be assisted by Mr. Frank G. Elliott and Mr. George W. Bowser. The Selectmen established that the brokers should receive a commission of 60 per cent, with 40 per cent to be divided between the assistants. At the close of the year Mr. Walter G. Leavitt, who resigned as assistant town treasurer in July, was included with the assistants.

During the past year Police Patrolman Warren H. Barnes lost his life by accidental drowning off Newburyport, Mass., and Patrolman John G. McHale resigned to take a similar position with the Metropolitan District Commission Police. Reserve Patrolman George C. MacDonald, a World War II veteran, was appointed to the permanent force.

Your Selectmen call attention of citizens to the marked increase in residential building in your community which brings about an increasing volume of requests for services. The requests for new streets, sewers, water extensions, drains, ash and rubbish collection, garbage removal, school housing facilities, playgrounds and protection present an imposing problem, not only for the Selectmen, but for all other municipal officers as well. In the world of business profit is the most important item on the balance sheet. In government it is service. In business if an activity is profitable it is continued. If not it is discontinued. Government proceeds in terms of service but there is no established way of determining the relative value of the service rendered. The time is imminent when the value of service must be determined. The time has come when public funds must be spent for the best service.

During the past year your Selectmen conferred with the Selectmen of our neighboring town of Reading. It was suggested by the Reading Selectmen that a new boundary between the two towns be established by the new highway Route 128 westerly from Main Street to the Woburn line. The present bound between the towns is several rods south of the new highway. After consultation with the Town Counsel, your Board was advised that town bounds can be changed only by legislative action. Therefore, this Board was of the opinion that if such action was promulgated it should initiate with the Reading Selectmen. Your Selectmen did not believe it was proper to begin an action to appropriate land of a neighboring community.

In accordance with provisions of General Law, your Selectmen perambulated the following town bounds during 1951: Stoneham-Winchester, Stoneham-Melrose and Stoneham-Wakefield. One damaged bound off Hill Street was reported during the Stoneham-Winchester perambulation.

During 1950 the Great and General Court enacted legislation permitting the selection of women for jury duty. Questionnaires were mailed by the Selectmen to 150 women of Stoneham and when the 1951 jury list was revised the following women were added to the jury list: Carla H. Barnes, Helen F. Bouclin, Eleanor D. Brock, Edith K. Finnegan, Pauline A. Gonyer, Edna M. Palmer, Nora G. Shuttleworth, Rose L. Hacking, Edith M. Hume, Madeline E. Lena, Mary I. Long, Marion D. Lovering, Mary I. Regan and Virginia A. Smith. Rose L. Hacking had the honor of being the first woman to be selected for jury duty in the history of the town.

Parking continues to be one of the major problems of our community. In 1951 the town authorized the appointment of a Parking Committee, which has held regular meetings and which has cooperated in commendable manner with your Board, the Captain of Police and the Superintendent of Public Works. At the same time your Board has referred all requests for changes in parking to the committee for its considered recommendation. At this writing the committee plans to insert articles in the warrant for the annual town meeting of 1952 relating to this matter.

Deliberations began several years ago by your Selectmen reached the agreement stage during 1951 when the New England Fire Insurance Rating Association gave assurances that the classification of Stoneham would be rated higher, thus effecting a cheaper premium for home owners, providing recommendations be adopted by the town. The recommendations were the addition of a 750-gallon pumping engine and additional permanent firemen. The rate change would place Stoneham in the same class as Reading, Woburn and Wakefield which has a premium rate of 45 cents per thousand of valuation on a three-year policy. In terms of the town's total valuation it is estimated that the savings to the home owners will approximate \$11,200.00 per year. The committee which effected this agreement consisted of Selectmen Edwin H. Lombard, Fire Chief William E. Crosby, Supt. of Public Works Robert B. McKenna, and Mr. Simon Zaltman and Herman E. Brown, insurance brokers of record.

The financial report of the town shows surplus accounts totalling more than \$420,000.00. Largest is the Excess and Deficiency account of approximately \$319,258.00. The Water Surplus account aggregates \$82,219.00 and the Road Machinery Fund amounts to \$23,000.00. The town's cash balance at the close of business on December 31, 1951, was \$490,682.00, largest in the town's history. On the other hand state and county taxes and assessments are increasing each year. In addition credits from the state from income, corporation and meal taxes have been certified by the Commissioner of Corporations and Taxation for 1952 in the amount of \$141,000.00, or \$40,000.00 less than the town received in 1951. The funded debt is the highest on record and present indications are that it will be increased rather than decreased. As of January 1, 1952 the borrowing capacity of the town was approximately \$431,000.00 as compared to \$439,000.00 a year ago.

In conclusion the Board of Selectmen takes this opportunity to express its thanks to all town officers and department heads for their cooperation and assistance in the administration of town affairs during the past year.

Wentworth, Roy K., machinist, 30 Wright St.
Winston, Harold J., New Eng. Tel. & Tel., 33 Perkins St.
Wood, Stanley D., superintendent, 27 Warren St.
Yancey, Robert N., gelatin worker, 81 Hancock St.

REPORT OF THE BOARD OF PUBLIC WELFARE

TO THE CITIZENS OF THE TOWN OF STONEHAM:

The Board of Public Welfare herewith submits its annual report for the year 1951.

The Board organized on March 15 as follows:

Chairman, Donald J. Morrison
Clerk, Thomas M. Hurley
Secretary, Alton W. Estes.

At this meeting the Board voted to act as the Bureau of Old Age Assistance and organized as follows:

Chairman, Alton W. Estes
Clerk, Donald J. Morrison
Secretary, Thomas M. Hurley.

The Board made the following appointments:

Agent Welfare Board, Daniel Cullinane
Supervisor Old Age Assistance, Daniel Cullinane
Superintendent of Infirmary, Klaus Dykstra
Matron Infirmary, Mary Dykstra.

Meetings of the Board of Public Welfare and Bureau of Old Age Assistance are held in Room 16 on the first and third Thursdays of each month.

The activities of the Department are discussed and the policies of the Department are determined at these meetings.

The present personnel of the department consists of an Agent, two Social Workers and two clerks. The Federal Government reimburses the Town for about 40% of the Administration Expense including Salaries of the employees and the Board members.

The Town is also reimbursed for about 85% of Old Age Assistance Relief and about 50% of Aid to Dependent Children Relief. These receipts are placed in a special fund to be used only by the Welfare Department. Our Annual Budget request is reduced by the amount of Federal Funds anticipated to be received during the year.

Our applications for General Assistance were less than the previous year but during the months of November and December we noticed increased activity in the requests for assistance.

During October the Legislature passed the Disabled Persons Assistance Law. The law was effective November 1, 1951 and is a new category of assistance.

All persons, citizens or aliens 18 years and over are eligible for this aid if medical examinations show them to be permanently and totally disabled. Need must exist to be eligible. We were able to transfer three of our cases to this category.

The Town will be reimbursed 75% of the expenditures for relief and reimbursement will be similar to that of Old Age Assistance.

The Board assumes responsibility for the operation of our Infirmary and has given this matter its close supervision

during the year. The Superintendent and Matron are doing a good job and continue to keep our Infirmary operating at its past efficiency.

A more detailed report will be found in the Superintendent's report.

The following Schedules show the activity of the Outside Relief Department during the year:

Comparison of Home Relief Cases Aided 1950 - 1951

Month	1950		1951	
	Cases	Persons	Cases	Persons
January	20	56	28	76
February	23	72	28	66
March	21	57	29	77

October	23	59	23	54
November	24	60	24	64
December	25	63	25	62
TOTAL	260	678	298	715

Analysis Of All Cases Aided On Outside Relief During 1951

	Dec. 1 1950	July 1 1951	Dec. 1 1951
Children Boarded	5	7	5
Supplement to Earnings	1	0	0
Unemployables	10	12	9
Deserted Families	8	4	5
Medical Care Only	0	0	2
State Hospital	0	0	0
Other Institutions	1	1	1
Employables	1	0	3
TOTAL	26	24	25

Aid To Dependent Children

We have been unusually fortunate this year in closing a large number of cases so that we had a net loss of five cases during the year. We received 15 applications for assistance during the year. We approved 12 cases and denied 3 cases. We closed 17 cases. We are now aiding 19 cases. In view of this decrease we are able to turn back to the Town approximately \$11,000.00 of unused Town Funds.

The Commonwealth and Federal Government reimburse the Town about 60% of the expenditures for relief and about 7% of our expenditures for administration.

Eligibility regulations must be closely adhered to in order to get reimbursement from State and Federal Government.

The following Schedules show the activity and financial picture of this category of Assistance:

Analysis Of Case Load

	Cases	Children
Cases pending and receiving Aid		
January 1, 1951	24	56
Cases received during year 1951	15	45

Net cost to Town		\$ 2,068.59

Assistance For Persons Permanently And Totally Disabled

A new category of assistance was made a law October 30 when the Governor signed Chapter 741 known as "Assistance for Persons Permanently and Totally Disabled."

This new category is for assistance to persons 18 years of age and up, Citizens and Non-citizens, who are totally and permanently disabled.

The program will operate in a manner similar to Old Age Assistance. We will be reimbursed 75% of the expenditures for Relief.

This program was in effect November 1. We were able to transfer 4 people from General Relief to this program. We also have two other applications from people not on our rolls.

Owing to the medical requirements we do not anticipate too many applications for this form of assistance.

Inasmuch as we have only had two months experience with this category we are not able to compile any statistics on it.

HELEN STOCKWELL FUND

This fund was created by the late Helen Cowdrey Stockwell many years ago. The income from this fund can be used for hospitalization of any needy resident of the Town of Stoneham who is not receiving aid from the Welfare Department.

The Trust Fund is held and administered by the Boston Safe Deposit and Trust Co. The Welfare Department designates who is eligible for its benefits and approves the bills for payment by the Trustee.

Hospitalization must be in Stoneham Hospital by direction of her will. This means the New England Sanitarium and Hospital at present.

About two years ago the Trustee informed us that on May 19 of each year the balance left unused is to revert back to the principal. Therefore we are unable to say how much money was placed in the fund for our disposal. However excepting in June there has been ample funds to take care of all the calls we have had.

During this year we have had 11 requests for the use of this fund. They were granted and below is a summary of these cases:

Cases Aided By Fund			
Cases	Cause Of	Hospital Days	Cost
1	Hospitalization	33	\$330.22
1	Ulcer Treatment	19	190.00
1	Heart Trouble	44	440.00
1	Fracture	30	300.00
1	Cerebral Shock	14	147.60
1	Hysterectomy	24	240.00
4	Pelvic Abscess	131	1316.73
1	Surgery Misc.	58	580.00
11		353	\$3,544.55

Donald J. Morrison, Chairman
 Thomas M. Hurley, Clerk
 Alton W. Estes, Secretary
 Board of Public Welfare

INFIRMARY REPORT

To The Board of Public Welfare
 Stoneham, Massachusetts
 Gentlemen:

We herewith submit the annual report for the Town Infirmary for the year 1951.

Number of patients cared for to Dec. 31, 1951	30
Number of patients at present	16
Number of patient days	6566
Number of patients receiving medication	12

At the present time we have two bed patients, who are totally helpless, requiring constant care, day and night. We also have three others who are semi-bed patients. The others are able to be up and around, although some are quite infirm, requiring much care and attention.

The stock at this time consists of three cows, two hogs and fifty hens. During the year we also raised two hogs, one calf and seventy-five roosters. These were all slaughtered at the infirmary, some of which we still have in our deep freeze. We wish to thank the towns people for allowing us to purchase this deep freeze. It not only means a saving in our food bill, but is also a great convenience in planning our meals. We also raised enough vegetables for our own use, and were able to can thirteen hundred quarts of fruits and vegetables.

With the help of some of our patients we built a new front porch, a porch onto the womens quarters, and an incinerator in which to burn our rubbish. These three jobs are of field stone and cement. It is a builders estimate that these three jobs, if let out on contract, would cost several hundred dollars. I am happy to report that this work cost the town less than fifty dollars.

Some interior painting and papering should be done in the superintendents quarters this year, and also the exterior of the house is badly in need of painting and a request is to be made for the necessary funds to do this work this year.

In behalf of the patients we wish to thank all the individuals and organizations who contributed so much during the year. There were gifts at Easter, St. Valentines Day, and Thanksgiving Day. The candy, ice cream, tobacco, cigarettes, cookies, etc. at Christmas time was very much appreciated. Also the carol singing and personal visitations were enjoyed by all.

We also wish to thank the Board of Public Welfare for

their interest, and co-operation and again we wish publicly to thank our staff for their untiring efforts in helping us to accomplish our task.

Klaus Dykstra, Superintendent
Mary Dykstra, Matron

BUREAU OF OLD AGE ASSISTANCE

Gentlemen:—We herewith submit the twenty-first annual report of the Bureau of Old Age Assistance. This report is for the year 1951.

The Bureau met on March 15 and organized as follows:

Chairman, Alton W. Estes
Secretary, Thomas M. Hurley
Clerk, Donald J. Morrison

Daniel Cullinane was appointed Supervisor of the Bureau.

The Bureau has met the first and third Thursdays of each month during the year at which time applications and revisits were considered and acted upon and any other business necessary for the carrying out of this program was transacted.

Visits to the homes of the recipients are made every six months and oftener if necessary. Cases are reviewed and grants are changed continually to meet changes in living conditions and legal status.

During the year we handled about the same number of applications as the previous year but our closings and denials were about equal to the number of applications received. Our balance of active cases remains practically the same as it was at the beginning of the year.

On October 1 an increase of 4 9/10% on the basic budget was ordered by the State Department. This was equivalent to an increase of about \$750.00 monthly on the payroll.

On October 30 the Governor signed a new Old Age Assistance bill. This bill increases the minimum grant for persons living alone from \$40.00 to \$79.00 and for persons living in groups from \$30.00 to \$59.00. We estimate that this will increase our payroll by 7%. This law does not become effective until January 1, 1952. Our present monthly payroll is about \$16,000.00 for 244 cases.

The necessity of Nursing Home Care and medical attention in the home is our biggest problem at the present time and is giving us serious concern.

The following schedules show the activity and financial picture of the Bureau for the year 1951.

Analysis Of Case Load

Cases receiving aid January 1, 1951	243
Cases pending January 1, 1951	3
Cases received during 1951	63

Report Of Board Of Cemetery Trustees

To the Citizens of Stoneham:

The Board of Cemetery Trustees submit their annual report for the year 1951.

The Trustees were organized as follows:

George R. Barnstead, Chairman
Charles A. Owen, Secretary
George B. Williams
Joseph H. Blinn
Frederick P. Hanford

The work at the Cemetery this year was the same as in the past; planting, trimming, mowing, laying foundations for monuments, opening and closing graves, and in the winter plowing the roads and digging over the land in the preparation of new lots.

The road around the Rockery was resurfaced before Memorial Day. Later in the year a portion of the road in front of the garage was finished and it is hoped this will be completed in 1952.

The tool house was demolished and the wall adjacent to it rebuilt. In the Spring seeding and grading will finish this work.

In November, Charles W. Linscott resigned as Superintendent to accept a better position and Robert P. Chase was appointed to fill the position.

In December the Tree Department did the necessary tree work, or as much as could be done, for the money appropriated. There is still a lot of work to be done on the maple trees and a large dead hemlock should be removed.

The work has been started on the heating system in the garage. This oil burner was dismantled years ago. The difficulty of water entering the basement has been overcome and it seemed that the system should be in operation to provide some heat for the men and equipment. When this is in working order, drinking water and toilet facilities will be available for the men which they have not had in the winter for years.

Pleasant Street Cemetery was cared for in the customary manner, the grass was cut and the leaves removed. No tree work was done here as no appropriation was made for it. Next year some provision should be made to take care of these trees.

There is an article in the Town Warrant to purchase a new truck for the Cemetery. We recommend that this be purchased as the old truck is in poor condition and will entail a large expenditure of money for repairs.

The receipts for the year 1951 are as follows:

Annual Care Soldiers' Graves	\$ 719.75
Annual Care of Lots	1153.75
Perpetual Care of Lots & Graves	2260.00
Perpetual Flower Fund	400.00

Foundations & Repairs	253.50
Sale of Lots & Graves	1485.00
Opening Graves	1805.00
Concrete Liners	860.00
	\$8,937.00

Respectfully submitted,
 George R. Barnstead, Chairman
 Charles A. Owen, Secretary
 George B. Williams
 Joseph H. Blinn

BOARD OF HEALTH REPORT

To the Citizens of Stoneham and to the Honorable Board of Selectmen:

Herewith is submitte dthe annual report of the Board of Health for the year ending December 31, 1951.

The board was organized in March 1951 with Robert B. Cassidy as Chairman, Harold C. Hurd Jr. as Secretary and Frank H. Chase, M.D.

The following appointments were made:

Mrs. Gertrude B. Mortensen, clerk, (part time)

Stanley D. Wood, Health Officer, Milk Inspector, Slaughtering Inspector, (all part time)

Thomas P. Devlin, M.D., Board of Health Physician, (who later resigned in order to devote more time to his private practise and was replaced by Henry E. Leavitt, M.D.)

Paul Fitzgerald, D.M.D., Board of Health Dentist.

Edith N. Hersam, R.N., Board of Health Nurse.

Lawrence E. Doucett, Collector of Milk Samples and Milk Analyst.

On July 1, 1951, the garbage contract was awarded to James Z. Dec of North Wilmington for a period of three years for the contract sum of \$3,800.00 for each year. Mr. Dec was the lowest bidder, the next lowest bidder being William Anderson & Son of Woburn in the sum of \$4,666.66 for each year.

This past year, in addition to our usual duties of arranging for garbage collections and disposal: supervision of contagious diseases with hospitalization when necessary: inspection of food and milk offered for sale: licensing and inspecting new plumbing installations, bottling plants, ice cream manufacturers, kindergartens, etc.: investigating and abating nuisances: supporting the dental clinic for school children: conducting the rabies vaccination clinics for dogs: handling the pre-school and school Diphtheria, Whooping Cough and Tetanus Immunization Clinics and cooperating with the School Health Department, we have also planned new health programs.

Arrangements have been made for a Stoneham Free Chest X-ray program for two weeks in June, 1952. We would appreciate all the cooperation the townspeople can give us to help make this survey a successful one.

We are revising the Board of Health Regulations to bring them into conformity with the latest laws.

Plans for Union Health Departments, as required by State Law, are being studied. At present your board feels that the local health needs are best served by your local board at a least cost to the taxpayer. We shall have to prove this to the State Health Department to avoid being forced into a health union with a centralized office situated outside of Stoneham.

The board members wish to express appreciation for work well done by the members of the Board of Health staff.

For further information, please consult the following reports of our respective branches.

Respectfully submitted
 STONEHAM BOARD OF HEALTH
 ROBERT B. CASSIDY, Chairman
 HAROLD C. HURD, JR., Secretary
 FRANK H. CHASE, M.D.

Communicable Disease Report

The following cases have been reported:

	1947	1948	1949	1950	1951
Chicken Pox	24	82	214	22	29
Diphtheria	1	—	—	—	—
Dog Bites	63	63	56	63	65
German Measles	9	6	2	2	13
Lobar Pneumonia	2	3	—	—	—

REPORT OF HEALTH OFFICER

During this past year I have received and investigated 531 complaints of overflowing cesspools; keeping of pigs, rabbits and turkeys in restricted areas; odors from factories, brooks, drains, oil, etc. and have placarded nine homes for scarlet fever.

The following routine inspections have been made:

Restaurants	14
Bakeries	3
Ice Cream Manufacturers	3
Drug Stores	6
Grocery and Variety Stores	27
Bottling Concerns	2
Nursery Schools	4
Scout Camps	2
Rest Homes, Home for Aged and Hospital	7
Boarding Homes for Minor Children	6
Gas Stations and Hardware Stores for Methyl Alcohol Licenses	30

I have also inspected 33 cesspools and septic tanks before and after being built. In addition, I have also made several

inspections with state officials on other Board of Health matters.

Respectfully submitted,
STANLEY D. WOOD,
Board of Health Officer

REPORT OF MILK INSPECTOR

I have inspected our four local dairies every month and have found them to be neat and clean. From time to time I have been accompanied by the State Milk Inspector and District Supervisor.

Respectfully submitted
STANLEY D. WOOD,
Milk Inspector

Report of Stoneham Housing Authority

Board of Selectmen,
Stoneham, Massachusetts.

Herewith is submitted the third annual report of the Stoneham Housing Authority as required by Section 26-U of the Housing Authority Law (Chapter 121 of the General Laws).

The Stoneham Housing Authority came into being as a body politic and a corporate entity on March 22, 1948, by a unanimous vote at Town Meeting.

The annual organization meeting of the Stoneham Housing Authority, hereafter called the "Authority" was held in Room 2, Town Hall, Stoneham on Wednesday, April 5, 1951 at 8:00 p.m. The Authority organized as follows:

J. Herbert Blinn, Chairman

Edward F. McNevin, Vice Chairman

Arthur P. Combs, Jr., Treasurer

Donald A. Lawson, Assistant Treasurer

Robert V. Brooks

Attorney John E. Finnegan, Executive Director and Counsel.

At the annual Town election in 1951, Arthur P. Combs, Jr., was re-elected for a five year term on the Authority.

The Authority has now completed two projects 200-1 and 200-2. Project 200-1 located on Calthea Street consists of (48) forty-eight units and was occupied on June 1, 1950.

Project 200-2 on Washington Avenue and Prospect Street consists of (24) twenty-four units and was occupied on September 1, 1951.

Storm windows are being added to the most vital areas in the Calthea Street Project.

The Authority advertised for bids for an administration building to be built at the Washington Avenue Project and received sixteen bids. The contract to build the Administration building was awarded to the lowest bidder, Bagley-Mucci Company of Medford, Massachusetts.

As vacancies occur the list of applicants is screened and the most needy cases are admitted. Vacancies seldom occur.

The salary limits as to eligibility for entrance, as set by the State Housing Board, is \$3250.00 annually for persons with less than three minor children and \$3500.00 for families having three or more minor children. After admission tenants are allowed to make \$500.00 over the admission limit set out above.

The Authority owns (72) seventy-two apartments, forty-two (42) two bedroom apartments and (30) thirty three bedroom apartments.

There are still (150) one hundred fifty applications for apartments in the Authority files.

Management and supervision of the Projects has been under the direction of John E. Finnegan, for whose conscientious and able administration the Authority is most grateful. The Authority is also grateful to the State Housing Board, Town of Stoneham officials, and the local newspapers who have been very co-operative and helpful to the Authority in its work.

The Authority has been most fortunate in acquiring (72) seventy-two apartments which provided local veterans with living conditions that benefit their dignity. This represents progress, however, the progress made represents an appreciable amount of labor and time, given by every member comprising the Authority. Each has served and is serving without compensation and at a considerable sacrifice of his individual business activities. The abilities of each member are well suited to the varied phases of the Authority's program.

The Authority is also grateful for the co-operation received from the tenants and takes pride, along with the tenants in the fact that the rental account has been closed out monthly without a single delinquent.

We shall need and be thankful for the co-operation of the legislative and administrative bodies of town and state. We also hope for the continuing confidence of Stoneham's citizens and their understanding of our many problems.

Respectfully submitted,
J. HERBERT BLINN,
 Chairman of Stoneham Housing Authority

Report of Sealer of Weights and Measures

To the Board of Selectmen:

Gentlemen:

The work of the Sealer of Weights and Measures Dept. has gone very smoothly during the year 1951. More work has been done than in the previous year due to new installations which are all in good working order.

Only one complaint was received during the year which was due to a faulty filling machine and was adjusted satisfactorily to all parties concerned.

Fees to the amount of \$154.60 have been collected and paid to the Town Treasurer.

A summary of the work performed is attached.

Respectfully submitted

J. A. Forbes

REPORT OF THE SCHOOL COMMITTEE

To the Citizens of Stoneham:

We are submitting to you the sixty-first annual report of your Superintendent of Public Schools to your School Committee. This second report of our Superintendent, Mr. Raymond C. Burdick, gives a most complete and comprehensive picture of conditions in our schools.

The most imminent and serious condition to be considered is the junior-senior high school problem. We are faced with the problem of housing about 950 pupils in September, 1952 in a building with a maximum capacity of 700 pupils. This may necessitate the operation of the two-platoon system in September, 1952. Many parents will remember the ill effects of this plan which was in operation about twenty years ago.

The two-platoon system will be only a temporary solution because each year the enrollment will steadily rise due to the increased enrollment from the elementary schools which will feed into the high school. In addition, it will be poor economy because this will also necessitate an increase in personnel, heating, lighting, and transportation. It will be an expensive solution not only financially but also from the standpoint of lower academic standards; also, it will have far-reaching ill effects to children due to abnormal conditions and hours which may affect them emotionally and physically.

Even though this plan may alleviate, temporarily, the housing problem, it will still not meet with state approval because with present conditions we cannot obtain a certificate from the State Building Inspector.

Even if our citizens vote for a new high school building this coming year, we must still go on the two-platoon system during the interim because the erection of a building will take at least two years.

We hope all citizens will read the report of the Superintendent of Schools which follows. The report of the School Building Survey by the Educational Service Associate which was distributed to the townspeople several months ago also gives in more detail an over-all picture of the school needs in Stoneham.

The responsibility for the solution of this problem should not be relegated to your School Committee alone. It should be shared by all the citizens of Stoneham because the quality of the schools reflects the spirit of the citizens of a community. Only the citizens of Stoneham can decide what type of schools they wish to maintain. We can get out of our schools only what we put into them.

The School Committee feels confident that a true sense of values will help the citizens make a wise decision.

The members of the School Committee wish to express their thanks to the Parent-Teacher Association, the elementary school councils, and many public-spirited citizens, and to the Superintendent and his staff for their co-operation, interest, and support during the past year.

Respectfully submitted,

HAZEL C. JOHNSON, Chairman

GEORGE E. MACNEIL, SR., Vice Chairman

KATHRYN B. ENGLISH

ELSIE F. MACKAY

JOHN E. O'DOHERTY

Report of Superintendent of Schools

To the School Committee of Stoneham, Massachusetts:

Ladies and Gentlemen:—I herewith submit my second annual report as Superintendent of Schools of Stoneham. It is the sixty-first in the series of such reports.

As Superintendent of Schools, it is my desire to give you a brief history of the high lights of the various departments in the schools during the year 1950-1951 and to present to you the major problems which are confronting the school system.

Stoneham citizens are confronted with a very serious problem because the school system has increased from 1591 to 2028 in five years. This is an increase of 437 pupils. At the same time, facilities have not been provided. In the elementary schools the building of the Robin Hood School has given some relief but this problem is increasing in the Junior-Senior High School.

ELEMENTARY SCHOOLS

The elementary schools are under the supervision of Miss Alice Ferno. In 1951 there were many activities. Two outstanding achievements were the development of curricula in arithmetic and handwriting.

In response to a felt need, a large number of the elementary teachers of the Stoneham Public Schools enrolled in an extension course offered for professional credit during the latter half of the school year.

Each teacher had an opportunity to study recent trends in the teaching of arithmetic and examine recent courses of study and sample text books published during the last few years. Every teacher tried out in his or her grade useful materials for instruction in arithmetic.

A new course of study in arithmetic for grades one through six grew out of this professional endeavor. Workshop groups, consisting of the teachers in each grade, prepared the outlines which will serve as guides for instruction in each grade.

The course of study includes a statement of philosophy and guiding principles, the objectives of the arithmetic program, the method of teaching to be used, and an outline for each grade.

The curriculum for each grade states the skills and content to be taught. It includes pupil activities, suggestions for evaluating pupil growth, a list of useful visual aids, and reading references for the teacher.

A sample experience unit is worked out in each grade as a guide to follow in preparing other integrated units in the particular grade. It is our hope that this unit will be helpful to the teacher in setting up arithmetic experiences which will be of interest to the children in the grade.

Another major field of endeavor in the elementary grades was the improvement of our handwriting program.

A committee of teachers representing each of the primary grades gave considerable time and thought to the selection of a desirable handwriting program. Sample manuals and handwriting materials from many different sources were examined. Handwriting experts were called in to address and demonstrate to the committee various kinds of handwriting taught in the elementary grades in school systems near and far. Each member of the committee actually practiced several of the systems presented to the committee and finally recommended the Stone and Smalley system (Charles Scribner's Sons) with certain modifications to be used in the Stoneham elementary schools.

Manuscript writing will be taught in the first grade during the year 1951-52. In each succeeding year the Stone and Smalley handwriting will be introduced in each grade. There will be a gradual transition to cursive handwriting at the close of grade two with cursive writing stressed in grades three, four, five, and six.

Manuscript writing taught in grade one will be practiced once a week in grades one through six in order that pupils may maintain this skill for use in lettering maps, preparing material for the bulletin board, or in any written work in which manuscript printing is neater and more desirable.

It is our hope that the revision of the elementary program in arithmetic and handwriting will raise the standard of achievement in these two fields.

THE HIGH SCHOOL PROBLEM

The ever-increasing enrollment of the Junior-Senior High School is creating a very serious problem. The capacity of the school is only 700. The enrollment increased from 794 in October 1950, to 883 in October, 1951. *This is an increase of 89 and next year 950 or more students are estimated.* This will mean 250 more pupils than the original capacity of the building and a re-organization on a two-platoon or some other similar plan will soon be inevitable. It may have to come in September, 1952. The added cost of this will be \$20,000. At present the building has inadequate facilities and lacks classroom space. Some classes meet in the library and others requiring special rooms or equipment are particularly handicapped. There are no provisions for some of our music groups. Laboratory recitations are restricted. Many of the rooms are overcrowded. College preparatory pupils and other pupils are meeting in classes numbering as high as 38. More rooms and additional teachers are needed.

Any attempt to adjust the curriculum to meet the needs of pupils and the community is impossible without added facilities.

The community must recognize that the two-platoon system with which we are confronted will endanger the status of our high school standing and inconvenience many homes. Now we have a class "A" rating, but this is based on adequate facilities, proper room space, laboratory equipment for individual experiments, average classes from 25 to 30, and sufficient teaching personnel.

The high school needs more vocational courses for general curriculum but there is no place to include these offerings. The regrettable part of this situation is that the enrollment will increase each year and by 1960 it will be about 1600. The recent survey by outside experts has very graphically presented the problem.

Everyone realizes the tax problem in Stoneham and knows that it seems as if the town cannot afford to consider a new building. The cost of such a project would increase the tax rate approximately \$5.70 per \$1000 but the Commonwealth of Massachusetts pays 32% of this cost. Citizens with houses assessed at an average of \$4500 should decide whether or not they can afford to pay \$25.65 per year or 49 cents per week to give their children a new high school building. The \$5.70 tax increase is the highest figure and will decrease each year about 2% of the amount of the annual payment.

GUIDANCE

The junior-senior high school guidance program is on a part-time basis. Miss Parisha Piligian has charge of testing and guidance work in the junior high school. Mrs. Gertrude Cariello supervised the work in the senior high school during 1951. Many fine projects were carried on.

New pupils entering the junior high school from other school systems were given the Otis Intelligence Test, Form CM, and in some cases the Monroe Reading Test. They were counseled and the placement in the grade division was made.

The eighth grade pupils of the St. Patrick Parochial School

were administered the Otis Intelligence Test, Form DM, in April 1951. They were counseled and completed their course elective cards before the close of school in June.

Throughout the year tests of individual analysis in reading were given and arrangements made through the home for special work in this field. In some cases a private remedial reading school was recommended.

Through the Boston University Testing Service 237 eighth and eleventh grade pupils were tested. Conferences were held with every student and students were aided in their election of their course of study and future vocational plans. Many homes were contacted and parents met with the counselor and the pupils. Mr. Horton or Mr. Nadeau aided in counseling with boys and the parents.

During each marking period a warning and report card list were compiled for grades seven through twelve. This list showed at a glance those pupils who needed immediate counseling and adjustment in division or program in order to prevent failure. Parents were also informed and at times called in for conferences with the teachers.

As early as possible in September the seniors fill out questionnaires, so that we may have some idea of their future plans. One or more conferences were held and seniors were advised about their courses and future programs.

Teachers secured information from the guidance department at various times throughout the year. The elementary teachers write excellent reports for the pupils going from the sixth grade to junior high school.

In October, Mr. Roland Darling of Northeastern University started with a series of guidance assemblies for grades eleven and twelve. These continued throughout the year and included outside speakers on such subjects as: The professions, Nursing, Industry, Chemical work, Engineering, Agriculture, Forestry, Advertising, and Merchandising. The individual conferences that follow these assemblies have been helpful.

In December, several of the senior boys planned to take the Naval Reserve Officers Training Corps examinations. Some of the girls planned to take the nursing examinations. Many standardized tests were given during the year. The Turse Aptitude test in shorthand was given to 45 pupils in May and achievement tests in social studies, world and American history, biology, chemistry, algebra I and II, physics, plane and solid geometry, trigonometry, general science, and junior high mathematics were given in June, 1951.

At the end of the school year all teachers from grades seven through twelve handed in anecdotal records of the pupils. It is an interesting fact that only 10% of the pupils entering grade nine in the class of 1950 dropped out of school before graduation.

As the school increases in size, it is becoming more evident that there is a need for a full-time Director of Guidance. This service has increased to such an extent that the two part-time teachers do not have time to give adequate service.

COMMERCIAL DEPARTMENT

The work of the commercial department in our high school has been of increasing importance these last few years, partly because of the demands of the community for more commercially-trained young people, and partly because of the meagreness of offerings in vocational-training and courses which terminate with the high school program. While the opportunities in most vocational areas are lacking or inadequate, the program in commercial education in our high school is one of

the best both in the curriculum offering and in the efficiency of the instructional staff.

We have provided the traditional secretarial and clerical training for those who have selected a business course. We have also been able in a limited way to make possible some business training for general pupils seeking a terminal program, and typewriting for the college preparatory pupils who hope to use this skill in their future school experience. The expansion of this program has been limited only by the inadequate space and equipment which are part of our crowded situation at the high school.

An important phase of the business curriculum is the placement program conducted by Mrs. Margaret Garvin who makes necessary contacts with business personnel directors and places all pupils from the business course who seek employment. The success of our young people in the business world attests to the efficiency of the business curriculum. The placement and follow-up program so far as time permits also serve those who follow the general curriculum.

The business curriculum provides the following skilled subjects: three years of stenography; two years of bookkeeping; business law; business practice; and office machines. Practical apprenticeship is provided in part-time placement and in secretarial and office practice within our own organization.

ENGLISH DEPARTMENT

The English department of the Stoneham Junior-Senior High School is under the supervision of Miss Ruth Finn. Some of the high lights of this department in 1951 are as follows:

The fourteen teachers of English in the Stoneham Junior-Senior High School deserve commendation for their cooperative spirit and earnest work. Their original and individual techniques and objectives in accomplishing their purpose have already been set down, in detail, in their long-range plans and reports of material covered during the year. The unwritten reports, however, the intangible proof of their success in awakening in students the desire to study, to think, to value knowledge, and to love their fellowmen, are recorded in the lives of pupils who have been in their classes. All of these teachers have, in their own way, contributed to the intellectual growth of their students and prepared them to be shareholders in our democratic society.

Proof of the ability of these teachers to awaken the interest of pupils was shown by having sixty-nine contestants, from grades seven to nine, participate in the Stoneham Public Library Poetry Contest in November, 1950. Moreover, all students from ninth to twelfth grades, under Miss Harriet Fitzgerald's direction, took part in the *Herald* Spelling Bee preliminary contest; and the grade winners, in the final contest at Faneuil Hall in Boston.

Various tests were used during the year: Objective tests in American and English Literature for grades eleven and twelve; Nelson-Denny Reading Test for grades nine and ten; and cooperative English Tests for grade twelve.

Some interesting projects were the exchange of letters by the pupils in Miss Constance Greene's classes with pupils in Japan; a class newspaper edited by Mrs. Estelle Hall's class; a literary trip to Concord, Massachusetts, by Miss Ruth Finn's classes; and the ambitious senior play directed by Mrs. Vera Dewar. The Teen-Age Book Club continued to be popular with both junior and senior high school students who purchased about three hundred books for their personal libraries.

The department is pleased with the successful correlation of its work with that of other departments: art, music, social

studies, library, and guidance. Many times throughout the year, projects have been planned with one or the other of these departments and developed cooperatively.

Professionally alert, the English teachers attended several meetings and conferences during the school year. In October, 1950, at the organization meeting of the department, individual booklets of requirements and procedures and forms were distributed, and plans for the year were made. On October 19, 1950, at the general teachers' meeting, Miss Finn gave a report about the Department of English. On November 18, 1950, five teachers—Miss Greene, Miss Roberts, Mr. Kahn, Miss Warren, and Miss Finn—attended the New England Reading Conference at the Weeks Junior High School in Newton. On December 7, 1950, with Mr. Joseph Ortman as chairman, the department held a special meeting for the discussion of forms of tests. Mrs. Helen Hines and Mr. Wendell Horton, on March 2, 1951, went to the Language Arts Conference at the Hotel Statler in Boston. Reports of these conferences by these two teachers were given on March 8, 1951, at a special department meeting.

During October of this year, teachers from the department will attend the Language Arts Meeting in Concord; and Miss Finn will meet in Wakefield with the heads of the English Departments from six surrounding towns to discuss subjects of common interest.

None of the accomplishments of the year would have been possible without the encouraging cooperation of the Stoneham School Committee and the administration who, ever mindful of the needs of American youth and especially concerned with our Stoneham young people, have provided the best materials and opportunities for these potential citizens. To the committee and to the administration, the Department of English expresses its gratitude.

SOCIAL STUDIES

The social studies program includes the traditional related subjects—history, geography, community civics, and government. In its broadest sense, it is referred to as social studies or social science and deals with relationships of peoples, socially, politically, and economically. The pupil is taught to appreciate and understand his relationships in home and family life, his privileges and responsibilities to the community, the state, and the nation. He comes to know all men as brothers regardless of race, color, creed, or national boundaries.

His social studies program gives the pupil experience and instruction in group living which contribute to the development of his character and personality.

In the elementary schools a unified course of study has been developed in social studies. The following units of work were used during 1950-51:

Grade 1: The Home, School, and Neighborhood.

Grade 2: Community Helpers.

Grade 3: Food, Shelter, Clothing, Transportation, and Communications.

Grade 4: World Regions — American Indian, Mexican, Norwegian, Swiss, Chinese, Dutch, and Desert People.

Grade 5: Finding and Colonizing the New World and Westward Expansion, The Americas.

Grade 6: Peoples Before the Discovery of the New World —The British Empire, Russia, and China in the World Setting.

Following the revision of the social studies program in the elementary grades, we began work on the revision of the high

school curriculum this year. We have held meetings of teachers of social studies with Mr. Earle Thibodeau as chairman and are at present continuing the study. Teachers have assigned themselves specific tasks in research through reading, professional courses, and visitations to other schools, so that on completion we shall have a carefully-planned and well-integrated program for grades seven through twelve.

In the seventh grade emphasis will be placed on geography with its historical and social backgrounds. In grade eight we stress our own national origins and a history of our development as a nation.

The ninth grade will deal with civic development with emphasis on the local community aspects. In the seventh, eighth, and ninth grades the subject matter will be closely related.

In the senior high school we offer world history in grade ten and problems of democracy in the eleventh grade. In the senior year an advanced program in United States history and civics is required of all pupils.

As electives we have introduced to grade eleven a program in consumer education which in brief is a very practical presentation of elementary economics.

World geography is offered all twelfth grade pupils.

All twelfth grade girls have a program in home management which provides discussion of home and family problems, social and economic. In this course, the girls receive training in home nursing, personal hygiene, and child care under the joint direction of our home economics staff and the school nurse.

Details of the complete social studies program must be omitted because of lack of space here but we should mention related programs such as classes in occupations, club activities, group experiences in class elections, and large group projects in pupil activities.

Throughout the entire program, the social studies teachers work in close co-operation with all other departments to integrate the separate subject matter fields. The English teacher times her literature and composition to use the interest of the moment in social studies. The Art Department provides for illustrative material that is timely. The library provides material for research and through assemblies and film showings all departments are motivated for the problem of the moment.

SAFETY EDUCATION

The Stoneham public schools have been placing more emphasis on safety education. Through the co-operation of the Police Department, a program of safety patrols has been organized with leaders from grades five and six. It is our aim to make the playgrounds and the crossing of streets safer.

In the junior-senior high school a regular safety drivers' program was instituted in the fall. Mr. Roger Lamson was selected as the teacher in this course. A Pontiac car was obtained through the co-operation of the American Automobile Association and Mr. Albert F. Lane, Proprietor of the Franklin Street Garage.

All pupils over sixteen who do not have driving licenses are eligible to take this course. The course includes actual driving instruction on the road. Mr. Earle Thibodeau gives the classroom instruction which prepares the students in the knowledge of safety rules and regulations. Already several pupils have passed the road test and have been granted licenses as safe drivers.

HIGH SCHOOL LIBRARY

In the year 1950-1951 the library continued to function un-

der the able direction of Miss Miriam Marsh in close co-operation with classroom activities, furnishing supplementary material to teachers on unit subjects, and adding new books as requested or foreseen. To keep the collection up to date, books were added on atomic energy, the new antibiotics, space travel, and recent American history. The new crop of young people's books was scanned for the best selection of books to encourage reading for pleasure and mental growth. The librarian attended with profit the Swampscott Library Conferences, the local meetings of the School Library Association, and the Spring Book Festival at Boston University. It is a great help at the larger meeting to be able to examine the new books displayed by the publishers.

Library statistics are as follows:

On shelves, June, 1951—	2998
Books added	253
Discarded or lost	157
Found	40
Circulation	7100

This last figure is a decrease of 1073 over last year and can be attributed partly to television, but more to the dilapidated condition of the books during years of not rebinding. Now that we have reversed that policy, the fresh colorful bindings cause those same books to be eagerly read.

One piece of new equipment has been added—a large beautifully-made magazine rack, the work of Mr. Lund. Several issues of magazines and many college magazines may now be displayed at once.

The teaching of library tools to the seventh grade classes was given in the early part of the year. One boy's continuing interest in the subject led to his enrolling in a school of library science with the intention of becoming a high school librarian.

ART

The Stoneham public schools are fortunate in having a strong art department under the supervision of Mrs. Eleanor Baker. Art is an essential and vital part of the education of our boys and girls.

Beg.nning in the elementary grades the child is helped to discover beauty in the life and activities of his own community. He develops a keener awareness of life about him, the beauties of nature and those produced by man. Little children find art an adventure in which they are delighted. They draw and paint for the love of it and their work is free, bold, and colorful. If not interfered with by adults, they will keep this spontaneous reaction to their experiences and will continue to express them willingly and beautifully for many years. Their feelings and ideas are put into their drawings as they are communicated to us.

The curriculum is made to reflect the life and interests of the child. The child's drawings show a development of observation and understanding and an affection for his home, his town, the policemen, firemen, postmen, and others. These helpers in our community are favorite subjects for the children to draw. Their drawings are always sincere, and we integrate the work as far as possible. The children take pride in showing what they have created.

Art is a language, a means of expression for the individual, and should be put to creative uses at his own experience level. We must not expect adult standards which may tend to stifle creative forces.

The goal of the art program is creative expression and anything in any other school subject that stimulates the expressing of it can wisely be used as a starting point for an art

lesson. We must never fail to give the child opportunity to express his own feelings and ideas freely through his art, otherwise that precious gem—the creative urge for expression—which lies within us all (children most especially) would be crushed.

In the elementary grades where the teacher presents most of the work to the children and is aware of the child's total school experiences, she may have many choices. She must be sure to make creative use of the knowledge gained. For example, if the class should be reading about animals, she should not, for instance, ask the class to draw the animals as they are found in the book but rather, perhaps, make a visit to the zoo and later say, "How do you remember that the bear looked? How does he live in winter? What does he eat? Let's draw a picture showing what you have learned of his life and ways or let's make a mural showing all of the animals that we saw, showing what they can do." In a similar circumstance she would not say, "Draw that picture of the firemen" but rather say, "Suppose you were firemen going to a fire. How do you suppose you would look? Draw yourself on the way to one and tell us how you would look." Thus, the definite knowledge that she has discussed with them would then become a demand from *within the child*, compelled with the urge for dramatic expression.

Each child should have opportunities for growth within his own power. We cannot, and must not, compare children's talents in art or make light of their attempts, but rather watch and encourage individual growth and help each pupil to do his best, thus developing confidence and skill at the same time. We all learn through doing. To this end we strive to teach our art classes in the Town of Stoneham.

This school year we have missed Mrs. Manning who successfully taught many of the junior and senior art classes for three years. She was always most generous with her time and efforts for the education of our children in Stoneham, even to giving several Saturday mornings in taking interested pupils to visit the Boston Art Museum and other exhibitions. After her resignation, the place on the faculty was filled by Miss Ruth Harrington who is very successfully carrying on those classes.

In the junior-senior high school the number of the school activities in which art can and does contribute are many. It helps to vitalize the students' experiences in school, home, and community. In so doing, they necessarily make discoveries, experiment with new materials, and obtain an inner feeling of satisfaction and enjoyment which leads to happier living.

We discuss and try to understand the laws of good design and apply them to our work so that each student may form for himself certain standards of excellence.

We have made posters for all games, plays, health, safety, Education Week, and holidays.

Notable among correlated activities was the world history art project in grade ten.

Creative drawings were made by students in water colors, poster paint, crayons, payons, pastels, cut paper, charcoal, and oils.

Craft work such as ceramics, leather, and silver work were enjoyed. Textile painting and block printing were done during the holiday season. Many original and useful objects were made by pupils for themselves or for gifts.

Field trips in sketching were made by seniors in the fall and later visits were made to art schools and exhibitions in order to help them to appreciate the works of others or to determine their choice of a life work.

Sufficient art materials and adequate teaching facilities are important to the teaching art, although a good job can be done by a teacher with good ideas and an enthusiastic class, even with limited materials. We in Stoneham are in great need of another art room in the high school, including more storage space in which to carry on the work. On certain days, there are two art teachers sharing the same room, a most difficult situation.

The following is a list of activities in 1950-51:

September—Flowers for the first day of school—Superintendent's meeting—posters for all football games

October—Arrangements of flowers for reception at Parent-Teacher Association meeting.

November—Posters for P-T-A Open House and Education Week.

December—Decorations and stage setting for the Senior Tea.

January and February—Stage setting and lighting for Winter Carnival Ball.

March—Safety Posters.

April—Health Posters.

May—Notices and place cards for Teachers' Club Banquet.

June—Favors for the Senior Banquet—Decorations for the Senior Banquet—Decorations for Graduation in the Town Hall—Lettering of a testimonial for Mr. Everett Hunt, retired member of School Committee.

HEALTH EDUCATION

The program of health education needs to be integrated with the entire school program. There are two phases of health education. One is mental and the other is physical. In both of these every attention should be given to the preventive and the corrective work.

In the Stoneham Public Schools we have the services of a part-time school doctor, a full-time school nurse, three full-time physical training teachers, and the services of the Stoneham Board of Health Dental Clinic and the Forsyth Dental Clinic. Formal health instruction is included in the home economics, social studies, and the science courses. Plans are under way for a mental hygiene clinic which will include three part-time workers—a social worker, a psychiatrist, and a psychologist. This is in collaboration with the Reading and Wakefield Schools.

Physical activity should be a positive and constructive force in the growth and development of every child. The program of physical education must be organized with definite goals. A well-rounded-out program must include the growth of the body and mind in habits, skills, attitudes, and ideals, both physically and mentally. Miss Patricia James, Mrs. Vera Lawson, and Mr. Karl Elerin have had charge of this program. The preventive work was stressed in the form of games and calisthenics. The slightly physically handicapped have special programs to correct their difficulties. More stress should be placed on the physical defects and have them corrected as far as it is practical.

The sports in the high school have not been over-emphasized but the records show that the teams have been fairly successful.

The following is a complete record for the past year.

	Won	Lost	Tied
Basketball	10	10	0
Baseball	2	12	0
Football	6	4	0

Boys' Ice Hockey	3	7	0
Girls' Field Hockey	1	2	2

Intramural games are played in every sport.

This record shows that many boys and girls participate in these programs. Citizenship comes from good sportsmanship and the Stoneham schools aim to promote the right kind of sportsmanship. Healthy boys and girls will produce happy men and women.

The aims of the physical training program have been set up and Stoneham should take pride in its accomplishment. The new Health Council can do much to co-ordinate all of the health work.

SCHOOL NURSE

In September, 1951, Miss Dorothy I. Hopkins, R.N., assumed the position of school nurse and is submitting a report for the objectives of her work.

This work has been with the aid of Dr. Henry Leavitt, a part-time school doctor.

The school nurse participates in formulating and developing a health program that will be educational, utilizing all activities and situations within the schools and community for the development of the physical, mental, and emotional life of the child.

The following functions have been carried out:

1. Studying the causes of accidents and sickness.
2. Recording all information on health cards.
3. Conferring with parents in the home and in schools.
4. Observing home conditions and family relationships.
5. Assisting teachers to integrate health knowledge with classroom activities—to include facts regarding:
 - a. Structure and functions of human body.
 - b. Growth and development of the body.
 - c. Nutrition.
 - d. Essentials of healthful living.
 - e. Personal hygiene.
 - f. The causes, prevention, and symptoms of disease.
 - g. Dental care.
6. Acquainting the public with the responsibility of the school nurse to the community through talks to school councils.
7. Talking to fifth and sixth grades regarding health program for integration with academic plan.
8. Helping teachers to develop ability to recognize deviations from the normal and directing the behavior accordingly.
9. Helping promote maintenance of a safe and healthful environment in the school, home, and community.
10. Acquainting parents, teachers, and pupils with community facilities for medical care, and aiding in the development of such facilities—specifically: Stimulation of dental program for junior high and senior high schools.
11. Assisting in securing physical examinations of pupils, having responsibility assumed by family when possible, and inviting parents to be present with doctor and nurse during examination.
12. Interpreting to parents, teachers, and pupils findings of health examination by school doctor or private physician and assisting parents in arranging for correction of defects when possible.
13. Participating in a program for prevention, care, and education of handicapped children as a contribution to their physical, emotional, and social development.

14. Assisting in control of communicable diseases by:
 - a. Interpreting to parents, pupils, and school personnel regulations and instruction of health department.
 - b. Assisting in making inspections for communicable diseases.
 - c. Teaching importance of immunization and recognition of early symptoms, and the advantage of early isolation.
 - d. Exchanging reports of communicable diseases with health department.
 - e. Assisting at immunization clinic sponsored by Health Department; also follow-up.
15. Teaching home care of sick to high school students in Home Management course.
16. Starting specific nutrition teaching through "Rat Feeding Experiment" with co-operation of New England Dairy and Food Council for grades four, five, and six.
17. Health Inspection.
18. Assisting with pre-school health examinations.
19. Audiometer testing—Maico equipment.
20. Eye testing—Keystone equipment.
21. Revising and improving first aid equipment.
22. Formulating orientation, observation, and evaluation program of school nursing for senior nursing students of New England Sanitarium and Hospital School of Nursing.

MUSIC

Mrs. Gilda Wipperman has charge of the music program. She has reported many activities.

We have been very fortunate in securing a new set of music books for our elementary grades. This is the American Singer Series which we are using in grades one, three, five, and six. Next year every grade in our elementary schools will be using the same series.

The American Singer helps to build a music program that encourages growth in a child's ability to listen, to discriminate, and to mature through musical experience. It gives the children a feeling of wanting to learn and it has the ability to inspire the children through music. The method of introducing sight-singing closely follows that used in teaching language reading.

There is an album of records that goes with each book. Forty per cent of the songs in each book are recorded with well-known artists and children's voices used to demonstrate certain teaching procedures. We feel that this is a step forward in developing an appreciation program in the elementary grades. This will also help in the building of a music library for each school.

The seventh grade music class meets once a week under the direction of Mrs. Gilda Wiipperman. This is a general music class devoted largely to singing but includes appreciation as part of every lesson.

- (a) Short history of music discussed
- (b) Instruments of symphony orchestras introduced
- (c) Listening experience (records, piano selections) provided
- (d) Participation of children who play instruments encouraged

JUNIOR HIGH SCHOOL CHORUS

This group meets once a week and includes grades eight and nine. Talented children are given opportunity to perform

before the group. At various times we make use of the tape recorder.

JUNIOR HIGH SCHOOL CHOIR

This club is open to girls in grades seven, eight, and nine. The girls participated in the Northeastern Massachusetts Music Festival which was held in Gloucester on May six.

SENIOR HIGH SCHOOL GIRLS GLEE CLUB

The senior high Girls' Glee Club is elective and once again we have a large enrollment. The Boys' Glee Club under the direction of Mr. Calvin Schraga joins with the Girls' Glee Club for such activities as Carnival Ball, Spring Concert, and Graduation.

INSTRUMENTAL MUSIC

Pupils in grades four and up through high school are given an opportunity to take instrumental lessons in our schools.

Wood wind and Brass in elementary schools—Mr. Paul Monaghan

Wood wind and Brass in junior high school—Mr. Victor Ferri.

Stringed Instruments—Mr. Harold Sawyer.

At the present time it is very difficult to have an elementary or junior high school orchestra or band. Mr. Rolland Tapley conducts a very fine high school orchestra. The high school glee club is under the direction of Mr. Calvin Schraga and the band under Mr. Chester Jordan. The part-time teachers are doing a good job but with a full-time instrumental director the instrumental program can be expanded to give group lessons in the elementary and junior high schools in order to make it possible to have orchestras and bands in every department. Such a program is important in these days because all children should be encouraged to have a well-rounded musical training.

ADULT EDUCATION

Stoneham takes great pride in its adult education program. It is one of the few towns in this area that maintains an evening school and makes it possible, through a small tuition fee, to give non-residents the advantage of its offerings. Many courses have been given during 1950-51—typewriting, beginners' and advanced stenography, sewing, English, and Americanization. There were 179 students registered in October, 1951. Sixty-nine of this number were in the business courses, eighty in sewing, and thirty in the Americanization class. This year there are five well-qualified members on the teaching staff. The work in these courses is so splendid that every citizen should visit the classes.

The Americanization class enjoyed a very satisfactory training in 1950-51. In addition to residents of Stoneham who sought help in the study of our Government and Constitution so that they could successfully pass the test to become citizens of the United States, we had enrolled a few illiterates who made good progress in learning our language; also some advanced pupils who, having become citizens, enrolled again to gain a fuller knowledge of our country, its history, and laws.

Then we had our war brides and war husbands, a group of high class students who study faithfully that they may be a worthy addition to our citizenship body.

One of our outstanding groups has been made up of displaced persons, men and women whose identities had been submerged in the unbelievable experiences of the foreign work camps. While we worked tactfully and sympathetically to assimilate these fine peoples into our fast-moving civilization, they brought to our groups their fine old-world culture and

charm. Among these students were two doctors—one Polish and one Latvian—and a Latvian chemist. We accept students from surrounding communities where they do not maintain such classes. These communities pay Stoneham tuition.

The present 1951-52 class has had a splendid beginning, with thirty students enrolled.

RECOMMENDATIONS

Stoneham citizens have a very challenging problem. In five years there has been an increase of 437 in the school enrollment, and last year the increase in the high school enrollment was about 90 pupils. The gravest problem is in the high school, although there is an elementary one in the offing. I recommend that some solution of this overcrowded condition be found. A survey was made by the Educational Service Associates and definite recommendations were made. According to the findings of the survey group, the Stoneham Building Committee and the State Building Assistance Commission of the Commonwealth of Massachusetts, there is need for a new high school building. The present high school is operating without a certificate from the State Building inspector. The Committee has been assured that 32 per cent of the costs for a new high school building will be defrayed by State Aid and that additions to the present building will not be approved by the State Building Commission.

If some steps are not taken immediately, it will be necessary to put the junior-senior high school on a two-platoon system because there will not be enough space for classrooms. If the enrollment increases 100 next September, without question we will be forced to go on this two-session plan. I believe that the people of Stoneham will give every consideration for the welfare of the boys and girls.

If the building of new homes continues to increase, another problem will soon be facing the town. Next year every classroom in the elementary schools will be filled and in many instances over-crowded. It is my hope that we will face both of these problems before it is too late.

The classes have increased so much in the high school that Mr. Nadeau has had to request for two extra teachers, one in English and one in social studies. This recommendation will not entirely take care of the situation if the school is forced to go on a two-platoon system.

In the South School Miss Irene Bagley has been appointed remedial teacher because many classes are so large that the only safeguard was a remedial teacher. Next year it will be necessary to add another elementary teacher to the Emerson School. This will mean that every elementary classroom will be in use.

If we expect to continue as a class "A" high school, it will be necessary to add a full-time Guidance Director. This is required for a class "A" high school of 400 pupils.

Mental hygiene has been neglected in our schools and a thorough study has been made during this year. The School Committee has approved the program which is to be shared, part-time, with Reading and Wakefield. The entire cost to Stoneham will be less than \$1500. A part-time psychologist, psychiatrist, and social worker will give this service. Stoneham will receive one-third of the service and it will be closely tied in with the family physician and the school doctor. The Stoneham Medical Association has passed a resolution approving this program.

It has been discovered that more than \$3800 has been paid out for part-time work in instrumental music during each year. It has been recommended that a full-time instrumental music supervisor would take the place of all these part-time teachers

except Mr. Rolland Tapley. At a very little additional cost, a more efficient program can be instituted in the Stoneham schools.

In closing my second annual report, I wish to express to the School Committee, teachers, and other personnel my appreciation for their fine spirit of co-operation. At the same time, I cannot overlook the splendid attitude of the Parent-Teacher Association and the elementary school councils. We must carry forward for your children.

Respectfully submitted

RAYMOND C. BURDICK

Superintendent of Schools

Report of High School Athletic Association

Mr. Raymond C. Burdick
Superintendent of Schools
Stoneham 80, Massachusetts

Dear Mr. Burdick:

This annual report of the Stoneham High School Athletic Association is forwarded for your consideration.

The athletic program of our school offers abundant opportunities for the junior and senior high students, both boys and girls, to participate in sports activities. The spirit of the school is good, and the large turnout of candidates for all sports gives proof that what we offer is appealing.

A program of this sort, however, calls, understandably, for great expense. Our sources of revenue, in the main, are confined to gate receipts and membership dues. The receipts have dropped off considerably not only in Stoneham but also throughout this section. Our expenses have, as is universally true, increased greatly due to general inflation. However, the School Committee has included a sum of \$3100 which has been helpful in overcoming this situation.

The following financial statement and a comparison of it with last year's figures will illustrate the truth of what is expressed above. Two footnotes should accompany the statement. First, my tenure of office as Faculty Manager has dated only since September 1, 1951. Secondly, the small balance in our account does not reflect the true condition of our standing, since approximately \$1100 of earned but uncollected receipts was still due us when our books closed for the year 1951.

Respectfully submitted,

TIMOTHY C. HIGGINS

Grand Total			\$5,654.58

School Budget for 1952

	Budget 1951	Proposed Budget 1952
General Control and Instruction:		
Salaries	\$302,526.00	\$324,102.00
Books	6,455.00	7,253.25
Supplies	8,149.50	10,030.75
Operation:		
Salaries	23,400.00	27,690.00
Fuel	9,637.50	10,148.00
Miscellaneous	8,050.00	9,300.00
Maintenance:		
Repairs	7,510.00	8,015.00
Auxiliary Agencies:		
Library	850.00	975.00
Health—Salaries	3,850.00	6,080.00
Health—Other Expenses	550.00	560.00
Transportation	5,150.00	4,600.00
Tuition	0.00	0.00
Miscellaneous	5,618.00	5,902.80

Outlay:			
New Equipment	2,392.50	2,859.50	
	\$384,139.20	\$417,516.30	
Special Appropriations:			
Americanization	550.00	550.00	
Trade Schools	2,500.00	3,000.00	
Police Service At Athletic Contests	300.00	300.00	
	\$ 3,350.00	\$ 3,850.00	

Receipts

Receipts for School Year 1950-51:

State Aid, General	\$68,973.96
State Aid for Americanization	141.00
State Aid for Trade Schools	1,448.27
Tuition of State Wards	1,594.60
Tuition of State Juvenile Training Wards	341.76
Tuition of City of Boston Wards	475.44
Tuition of non-resident pupils in day school	109.80
Tuition of non-resident pupils in evening school, Americanization division	75.00
Tuition of non-resident pupils in evening school	75.00
Registration deposits of evening school pupils	146.00
Deposits on books loaned to evening school pupils	54.00
Miscellaneous cash turned in to Town Treasurer	242.95
	\$73,677.78
Receipts from previous year	69,734.76

Difference \$ 3,943.02+

Explanation of State Aid Figures

1902 pupils @ \$130.00 (State's allowance per pupil)	\$247,260.00
Less \$6.00 per \$1000 of State's valuation of Stoneham which is \$16,420,347.00	98,522.08
	\$148,737.92

One-half of \$148,737.92 which is the actual allowance paid	74,368.96
State Aid due Stoneham in 1952	\$ 74,368.96
State Aid received last year	68,973.96
Increase of State aid over last year	\$ 5,395.00

The School Committee has worked out a supplementary budget because of the possibility of our junior-senior high school's going on the two-platoon system in September, 1952.

Additional personnel will be needed for the following positions:

\$2,800 for a teacher of home economics
2,800 for a teacher of physical education
8,600 for three teachers of English, social studies, guidance and mathematics
800 for a part-time clerk in the High School Princi- pal's Office

\$15,000 total for instructional salaries
2,600 for one full-time janitor
1,105 for extra fuel
660 for extra electricity
800 for extra transportation

\$20,165 total amount needed for a full year

\$8,066 portion needed from September 1, 1952 to December 31, 1952

The senior high school hours will probably be from 7:45 a.m. to 12:30 p.m.

The junior high school hours will probably be from 12:45 p.m. to 5:15 p.m.

Explanation Of Budget For 1952

I. GENERAL CONTROL AND INSTRUCTION

Summary of Instructional Salaries:

North School	\$26,504.00
South School	29,512.00
East School	21,477.00
Emerson School	23,030.00
Robin Hood School	25,620.00
Junior High School	65,694.00
Senior High School	87,525.00
Assistant Coaches	1,350.00
Supervisors and Special Teachers	22,975.00
Administration	15,015.00
Evening School	1,600.00
Substitutes	3,500.00
Special Programs	300.00
	—————
	\$324,102.00

The difference between this total of \$324,102.00 and the figure of \$302,526.00 for instructional salaries submitted to you last year is \$21,576.00. The break down of this difference is as follows:

\$308,034.00 Salary account for the school year 1951-52.

302,526.00 Amount in 1951 budget for calendar year.

\$ 5,508.00 Difference between the above figures.

It should be noted that when we submit our budget in December of each year for the following year, it is for the calendar year. It is also based on the salaries of the staff at the time the budget is made out. Every year, therefore, there will be such a difference.

\$ 11,478.00 Step increments based on salary schedule for the calendar year 1952, although increments take effect in the school year 1952-53.

\$ 4,590.00 Additional service affecting calendar year 1952 because of extra teachers needed next year to take care of the increased enrollment.

\$ 21,576.00 Exact difference between salary item in this year's budget and the budget submitted to you last year under instructional salaries.

Books:

Element'y Schools: *1145 pupils @ \$3.25 \$3,721.25

Junior High School: * 444 pupils @ 4.00 1,776.00

Senior High School: * 439 pupils @ 4.00 1,756.00

————— \$ 7,253.25

* October 1, 1951 enrollment figures.

Part of this increase over last year is due to the fact that some of the music and arithmetic books have to be replaced. The school enrollment has also increased.

Supplies:

Element'y Schools: 1145 pupils @ \$3.75	\$4,293.75
Junior High School: 444 pupils @ 6.00	2,664.00
Senior High School: 439 pupils @ 7.00*	3,073.00
	10,030.75

* Including trade-in of seven typewriters and testing program. Also, part of this increase over last year is due to the fact that prices since last year have gone up a minimum of 10%; also, the school enrollment has increased.

II. OPERATION

Salaries:	27,690.00
-----------------	-----------

The difference between the figures of \$27,690.00 which we are submitting for the 1952 calendar year and \$23,400.00 which we submitted last year is \$4,290.00. The break down of this difference is as follows: \$1,095.00 for extra janitors hired as of October 1, 1951 to take care of the forty-hour week regulations; \$1,920.00 difference of salaries of janitorial staff between calendar year and school year; \$1,040.00 for the portion of increases affecting 1952 budget, increases to take effect in school year 1952-53; \$235.00 for over-time allowance because of the forty-hour week regulation.

Fuel:

1200 bbls. No. 5 oil @ \$3.64	\$4,368.00
425 tons coal @ \$13.60	5,780.00
	10,148.00

These are the prices received at the time the budget was made up.

Miscellaneous:**Electricity:**

North School	\$ 650.00
South School	350.00
East School	500.00
Emerson School	525.00
Robin Hood School	825.00
Junior-Senior High School	2,650.00
	\$ 5,500.00

Gas:

North School	\$ 20.00
South School	20.00
East School	25.00
Emerson School	20.00
Robin Hood School	135.00
Junior-Senior High School	90.00
	\$ 310.00

Telephones:

North School	\$ 95.00
South School	100.00
East School	75.00
Emerson School	90.00
Robin Hood School	140.00
Junior-Senior High School	400.00
Administration	415.00
	\$ 1,315.00

Water

North School	\$ 75.00
South School	55.00
East School	45.00

Emerson School	80.00
Robin Hood School	80.00
Junior-Senior High School	100.00
	\$ 435.00

Towels:

North School (22 cases)	
South School (25 cases)	
East School (20 cases)	
Emerson School (20 cases)	
Robin Hood School (23 cases)	
Jun.-Sen. High School (90 cases)	
200 cases @ \$4.16	\$ 832.00

Toilet Paper:

North School (3 cases)	
South School (3 cases)	
East School (2 cases)	
Emerson School (2 cases)	
Robin Hood School (3 cases)	
Jun.-Sen. High School (7 cases)	
20 cases @ \$14.25	\$ 285.00
Cleaning materials and floor treatments	\$ 623.00

Prices have increased during the past year.

Total for Miscellaneous	\$ 9,300.00
-------------------------------	-------------

III. MAINTENANCE

Replacement of furniture and equipment ..	\$ 450.00
Care of grounds	500.00
General repairs	2,200.00
Shop replacements	220.00
Painting four rooms in the Junior-Senior High School and four rooms at the Emerson School @ \$200	1,600.00
60 gallons paint @ \$5.00	300.00
Electrical and heating repairs	550.00
Replacements of worn-out Grinder for Shop	125.00
Roof repairs at High School, Emerson, North, and East Schools	1,090.00
Cleaning and repairing athletic equipment	660.00
Replacement of window shades and curtains	200.00
6 doz. Dudley Combination Locks	120.00
	\$ 8,015.00

It is good business to provide adequate money
for upkeep of the building.

IV. AUXILIARY AGENCIES

Library:

Books & supplies for element'y schools	\$ 200.00
Books, supplies, and magazines for	
Junior-Senior High School	775.00
	\$ 975.00

Prices have increased about 10%.

Health:

Salaries	\$ 6,080.00
Travel, 200; Insurance - nurse's car, \$10	210.00
Supplies	350.00
	\$ 6,640.00

The difference between the figure of \$6,640.00 and the figure of \$4,400.00 submitted to you last year is \$2,240.00. The break down of this difference is: \$280.00 for portion of increments affecting 1952 budget, although increments go into effect for the school year 1952-53; \$1,500.00 for a part-time mental hygiene

program; \$10 extra for nurse's travel expenses;
\$450.00 difference between salaries of last year's
staff and this year's staff.

Transportation	\$ 4,600.00
Tuition	0.00
Miscellaneous:	
Express charges	\$ 600.00
Graduation expenses	400.00
Athletic insurance	1,200.00
Membership in New England School Development Council	202.80
Athletic equipment and physical training equipment for all schools	2,800.00
Printing of annual report, school publication, and advertising	400.00
Driver-Training course	300.00
	\$ 5,902.80

V. OUTLAY

New Equipment:

15 Desks @ \$15.00 for High School	\$ 225.00
1 Mitchell (Fold-o-Legg) Table for South School	38.50
5 Gym mats for Mrs. Lawson for elementary schools	174.00
2 New typewriters 1 @ \$155.00 and 1 @ \$117.50 for High School	272.50
Musical Instruments	600.00
1 Duplicator for North School	70.00
Science Equipment including 1 Anatomical Model @ \$195.00 for High School	365.00
Art Equipment for High School	64.00
Woodworking equipment for shop	408.00
1 Four-drawer Letter File for High School	55.00
Clock and sink for commercial department	125.00
4 Pronto Files for North and South Schools @ \$5.50	22.00
2 Round Reading Tables for South School @ \$22.75	45.50
Drawers for cooking unit	100.00
Refrigerator	295.00
	\$ 2,859.50

Special Appropriations:

Americanization	550.00
Trade Schools	3,000.00
Police Service at Athletic Contests	300.00
	\$ 3,850.00

There is a \$500 increase in Trade Schools because a new law requires the payment of transportation of these pupils.

Teacher-Training Summary for 1950-51 Staff

With less than 2 years' Normal School Training	5
With 2 years' Normal School Training	16
With 3 years' Normal School Training	4
With Bachelor Degrees	51
With Master Degrees	5
Total	81

High School Graduating Exercises — Class of 1951

PROGRAM

Entrance of Graduates—War March of the Priests
(From Athalia)

Mendelssohn

High School Orchestra

Mr. Rolland Tapley, Conductor

(The audience will remain seated as the graduates enter the hall)

Class Marshals

Marcia P. Clarke, Class of 1952

John Welch, Class of 1952

Graduation Hymn (the audience uniting) *Hemy-Walton*

FAITH OF OUR FATHERS

1

Faith of our fathers, living still
In spite of dungeon, fire and sword,
O how our hearts beat high with joy
Whene'er we hear that glorious word!

2

Faith of our fathers, we will strive
To win all nations unto thee;
And through the truth that comes from God
Mankind shall then indeed be free.

3

Faith of our fathers, we will love
Both friend and foe in all our strife,
And preach thee, too, as love knows how
By kindly words and virtuous life.

Refrain

Faith of our fathers, holy faith
We will be true to thee till death.

Prayer

Rev. Richard S. Huff

Speech of Welcome

Alfred E. LaLiberte, President

Address—Can You See the Road Ahead?

Report of the Superintendent of Public Works

To the Honorable Board of Selectmen:

Gentlemen: I herewith submit my report for the year 1951 as Superintendent of Public Works:

Sewer Services — 1951

More sewer services were constructed in 1951 than in 1950. A total of 117 services were installed. We now have 2,512 active sewer services in our system. A record sketch of each service was made by the foreman in charge of the job. The engineering department completed the record by drafting a blueprint of the service and placing it in the sewer service plan book.

Sewer Construction

The building of new homes in the outlying sections of the town made it necessary to construct the following sewer extensions under the sewer betterment acts:

1. Albion Avenue—117.7' of 8" V. C.
2. Dewitt Road—211.3' of 8" V. C.
3. Forest Street—251.0' of 8" V. C.
4. Oak Ridge Road—290' of 8" V. C.
5. Oak Street—193' of 8" V. C.
6. Pond Street—844' of 10" V. C.
7. Prospect Street—157' of 8" V. C.
8. South Marble Street—486.3' of 8" V. C.
9. William Street—262.0' of 8" V. C.
10. Wilson Road—109.5' of 10" V. C.

550 feet of 8" V. C. Sewer Main was constructed by the contractor at the Veteran's Housing project on Washington Avenue. The construction work was under the supervision of the Public Works Department.

Properties

The Department points with a great deal of pride to the new five stall cement block garage faced with red brick, because all the work with the exception of the heating system and the electrical wiring was done by men employed by the Public Works Department. I am sure that every citizen that inspects the new garage will agree with me that they have received tremendous value for their investment of \$6,150.00 for materials. I am going to ask the voters at the next annual Town Meeting for another sum of money to carry on this work as we still do not have sufficient space to house all of our equipment and perishable materials.

The two sewer pumping stations and the Hill Street water meter chamber were inspected and cleaned periodically. The buildings at our yard on Pine Street were kept in good repair and portions of them were given another coat of paint. The old wooden building in the center of our yard will be removed, giving us more valuable yard space.

Sewer Maintenance

Most sections of the old sewer main system were cleaned during the course of the year, and certain sections with flat grades were inspected monthly. It was necessary to rod out about forty house services because of roots getting into the pipes or because of stoppages caused by other materials. The sewer pumping station at Upland Road was maintained as usual. The grounds were kept clean and the lawn mowed as often as necessary. The sumps were cleaned out and all necessary painting attended to. An added load has been placed on Upland Road station, due to the large building program in the Pond Street section.

Engineering

The engineering department had another busy year. Drafting plans, staking out, and giving grades for drains on the

eleven street construction jobs took considerable time. All water mains and sewer mains constructed during the year were laid out by the engineering department. It was also necessary to prepare estimates and sewer assessment plans for all the sewers constructed during the year. Record measurements were taken and plans prepared for all sewers, drains, and water mains constructed during the year. The engineering department prepared plans. Street lines were given to home owners who desired to build walls, walks and driveways, and to set out hedges.

The department also furnished engineering service to other town departments. Street numbering plans were prepared, at the request of the Board of Selectmen, to provide house numbers for new homes. Our road building program was much larger this year than ever and required much of the engineering department's time.

Chapter 90 Maintenance

The Massachusetts Department of Public Works Engineers, under whose direction the money raised under this appropriation is spent, directed us to spend our entire allotment on surface treating parts of Green Street, Maple Street, Summer Street and Montvale Avenue. The surface treatment consisted of OA-3 Asphalt, covered with oiled pea stone, and rolled with a road roller.

Chapter 90 Construction

The department completed the two sections of road work laid out by the Massachusetts Department of Public Works engineers on Williams Street from Main Street to Kimball Road. A $2\frac{1}{2}$ " hot top surface was laid on a 3" base coarse of crushed stone and on a 12" sub-base of gravel. We have some money still available in the account and we believe the state will allow us to use it on necessary drainage work west of Kimball Road. I have hopes that the voters will raise another sum of money at the 1952 annual meeting so that the road work may be continued toward the Woburn line.

Tar Sidewalks

We have so many miles of old tar concrete sidewalks that are in deplorable condition that the money raised under this appropriation was quickly spent. We repaired a number of short sections of walk in various locations. We found it necessary to reconstruct all the old tar walks on both sides of Middle Street. The walk on Main Street between Gerry and Benton Street was reconstructed, and the adjoining section on Benton Street to No. 5. A section 250 feet long on Main Street at Hancock Street was rebuilt. The old curbstone on Central Street at the Congregational Church was raised up to grade and then a new section of walk was constructed. Short lengths of walk were rebuilt on Spring Street, Union Street and Pomerorth Street.

Snow and Ice

Snow fell on 19 occasions during the 1950-51 snow season. The three heaviest falls amounted to 8", 6" and 5". We had a total accumulation of 35". It was necessary to sand very frequently but we only had to plow five times during the season. We put out 22 sand boxes in various locations and these were put to good use by the citizens. Snow fences were erected as usual. Sand was delivered to home owners once a week when requested. The new power sand spreader was a great help in covering icy spots on the roads and is of course a great labor saving device.

Sidewalk Maintenance

A considerable portion of the money raised under this appropriation was spent on the repairs to old tar concrete walks. Some money was spent on repairs to gravel sidewalks, such

as filling in holes with new gravel and covering the gravel with stone dust. Gravel walks on streets with grades require constant attention because of frequent wash-outs. It was necessary to provide a number of driveway entrances in front of new homes.

Guard Rails

Several sections of old wooden guard rails were replaced with new posts and rails. Several barriers were erected at the end of dead-end streets at the request of the abutters concerned. All types of guard rail, weather cable, rail, picket fence, or cyclone fence, were inspected, repaired, and painted where necessary.

Street Signs and Beacons

Traffic lines and school children warning signs on the road surfaces were kept painted as usual. A great many wooden street signs were taken down and repainted during the year. I am pleased to say that I have a man in my department who has developed into a very credible sign painter and has done much of the work of re-lettering the street signs. Many new sign posts were erected during the year. Some were necessary for new signs and some to replace broken or bent poles. We took care of as many requests for new signs as possible. The State Department of Public Works did not take over the maintenance of new traffic signals as we had hoped that they would do. The traffic lights at Main Street and Elm Street have been giving us trouble all year because of grounds and shorts in the cable. A sum of money must be raised this coming year to replace this cable in order to remedy this condition.

Highways

The department followed the lead of some of our neighboring communities by surface treating with hot top some of our roads. While the first cost of this type of treatment is more than some other types of surface treatment, it's life is so much greater, that in the long run, I believe one almost balances the other. For a long period of time, the citizens should enjoy a hard smooth surface free from maintenance on the streets treated in this manner.

The following streets were surface treated with hot top:

Union Street—Main Street to Central Street

Pomeworth Street—Central Street to William Street

Common Street—Main Street to Central Street

Church Street—Main Street to Central Street

Winter Street—Main Street to Central Street

Bow Street—300 feet

Oak Street—365 feet

Pond Street—922 feet

Wilson Road—100 feet

High Street was given an armor coat of pea stone and asphalt from Elm Street to No. 103, a distance of 4200 feet.

295 tons of patch was used to keep our roads as free from pot holes as possible. A power street broom was hired to sweep the streets early in the Spring.

Drains

It was necessary for the Department to construct a storm water drain on Washington Avenue from Washington Street to the Veteran's Housing Project to take care of storm water in and around the project. It was also necessary to construct a culvert across Prospect Street together with catch basins and a short line of concrete pipe to take care of storm water from the rear of the housing development.

A drainage ditch was dug from the rear of houses on Bonad Road to the old drainage ditch near Sherwood Road to aid the flow of water from the vicinity of the Robin Hood

School. Old drainage ditches were cleaned out with a clamshell at Recreation Park; Governor Road; Franklin Street; and High Street. We spent considerable time cleaning out the drain pipes on Pine Street, Franklin Street, and Spencer Street that lead into Recreation Park. A shovel dozer was hired to clean out Sweetwater Brook from Mann Chemical Company to Merrow Lane.

Catch Basins were cleaned out as usual. Culverts and screens at the mouths of drain pipes were inspected and cleaned, if necessary, after every heavy rain storm.

With the building of new homes in all sections of the town the surface drainage has become one of our biggest problems.

Street Construction

Construction work on Magnolia Terrace leading to the new Robin Hood School was completed by laying a $2\frac{1}{2}$ " surface of hot top on the gravel base constructed the previous fall. Anticipating new houses being constructed on the South side of the street opposite the school, sewer and water services were run into each lot so it will not be necessary to rip up the new surface when these new homes are built.

Sherwood Road, accepted at the March Meeting from North Street to Myopia Road, was completed. A $2\frac{1}{2}$ " hot top surface was laid on the rolled gravel base. Some drainage construction completed the job.

Myopia Road, accepted at the March Meeting from Sherwood Road to Oak Street was completed. A $2\frac{1}{2}$ " hot top surface was laid on the rolled gravel base, and the necessary drainage installed.

Unicorn Avenue, accepted at the March Meeting from William Street to Oak Street was completed. A $2\frac{1}{2}$ " hot top surface was laid on a rolled gravel base. Sewer and water services were run into the vacant lots to take care of future homes. New drainage installed.

Butler Avenue, accepted at the March Meeting, was completed with the installation of granite curbstone and a hot top surface $2\frac{1}{2}$ " thick laid on a rolled gravel base. Some drainage construction was necessary to relieve a bad surface water condition.

Joan Avenue, accepted at the March Meeting, was completed this past season. Granite curbstone and a $2\frac{1}{2}$ " hot top surface, on a rolled gravel base were constructed on this street.

Lexington Street, accepted at the March Meeting, was completed. On this street we installed granite curbstone and laid on $2\frac{1}{2}$ " hot top surface on a rolled gravel base. Some drainage work was also necessary.

Myopia Road, accepted at the March Meeting from Sherwood Road to Governor Road has been completed with the exception of some drainage at the Governor Road end of the project and then a strip of hot top about 100 feet long will be laid in place to complete the job.

Merrow Lane, accepted at the March Meeting, has been completed with the exception of some seeding and loaming. Granite curbstone, hot top sidewalks, and a $2\frac{1}{2}$ " hot top road surface have all been constructed. Some grading and seeding will complete the job in the spring.

Cherry Avenue, accepted at the March Meeting, has not been completed. Drains and catch basins have been constructed, but road work and installation of curbstone has been deferred until next Spring.

Road Machinery

The Purchasing Committee authorized under Article 42 of the annual meeting selected a $\frac{1}{2}$ ton Ford Pick-up Truck, a Minneapolis-Moline four wheel sidewalk tractor, and a $4\frac{1}{2}$ ton

Mack Dump Truck. These have all been delivered and put into service.

The Purchasing Committee authorized under Article 43 of the annual meeting selected a 10.14 ton Buffalo-Springfield tandem road roller which was delivered on October 10. The roller was immediately put to work on the road construction jobs.

The large increase in the number of new homes constructed in Stoneham during the past two years has increased our ash and rubbish collection to the point that another rubbish truck must be purchased for the Department in 1952. We also have need of a new one bag cement mixer, a tractor loader, and a 2½-3 ton dump truck to replace old worn out equipment.

Water Construction East Street

The water main was extended on East Street easterly from Cherry Avenue to service two new houses under construction, and then extended a little further to the Wakefield Town Line after the Wakefield Water Department agreed to extend their main in Wakefield to connect to ours for mutual aid in case of future water main breaks. This will enable us to supply the East end of Stoneham with water in case of a main break East of Spring and Green Streets. A total of 284 feet of 6" cast iron pipe was laid and 2-6" gates installed.

Richardson's Lane

The two dead ends on Richardson's Lane were eliminated when we made an extension of 282 feet of 8" cast iron pipe. This also gives us another tie between Main Street and Oak Street which tends to strengthen and fortify the entire North end water main system. A new hydrant was installed at the corner of Main Street and Richardson's Lane.

Unicorn Avenue

The dead end on Unicorn Avenue was eliminated this past season. 140 feet of 6" cast iron pipe was laid from the dead end to the William Street main. This work was done previous to the road construction job on Unicorn Avenue.

William Street

The 12" water main on William Street was extended again this year to a point well beyond the Chapter 90 reconstruction work. 720 feet of 12" cast iron pipe was laid from Christine Avenue to a point opposite No. 358. It is anticipated that the 12" pipe will be extended in 1952 to connect to the existing 12" pipe already laid in Girard Road.

The following extensions were also made by the Public Works Department:

Albion Avenue—114 feet 8" C. I. and 1-8" gate

Beacon Street—64 feet 2" Cement Lined Pipe

Bear Hill Road—150 feet 8" C. I. and 1-8" gate

Bow Street—232 feet 6" C. I. and 1-6" gate

Broadway—329 feet 2" Cement Lined Pipe

Carmen Avenue—150 feet 2" Cement Lined Pipe

Dewitt Road—176 feet 6" C. I.

Duncklee Avenue—294 feet 8" C. I.; 2-6" gates; 1-8" gate and one hydrant

Kimball Road—40 feet 8" C. I. and 1-8" gate

Main Street—125 feet 2" cement lined pipe

Oak Ridge Road—261 feet 6" C. I. and 2-6" gates and 1 hydrant

Orchard Place—22 feet 2" Cement Lined Pipe

Pond Street—761 feet 8" C. I., 2 hydrants, 2-6" gates

Prospect Street—32 feet 6" C. I. and 1-6" gate

South Marble Street—462 feet 8" C.I.; 1-8" gate; 2-6" gates and one hydrant

Washington Avenue—32 feet 6" C.I. and 2-6" gates
Whipple Avenue—116 feet 2" cement lined pipe, 1-2" gate
Pond Street—66 feet 12" C. I. and 5-8" gates

Washington Avenue

660 feet of 6" cast iron pipe, one hydrant, and one 6" gate was constructed by the contractor at the Veteran's Housing Project on Washington Avenue. A circuit was made through the property and out onto Prospect Street to eliminate the dead end on Washington Avenue.

The Board of Selectmen put into effect this past season a new water main extension policy. The people desiring a water main extension have been asked to bear a share in the cost of extending the main.

Ashes and Rubbish Collection

The 126 new homes built the past year plus the 24 units in the Veteran's Housing Project on Washington Avenue has increased the time spent on ash and rubbish collection again this year. The amount of time spent on the collections per week makes it imperative that a second rubbish truck of the load packing type be purchased and put to work at least three days per week. Truck hours increased this year from 2,443 to 2,704 hours. The ash truck travel amounted to 7,630 miles. A total of 43 collections were made during the year.

Spring Lane dump was maintained during the year by the department. The man in charge of the dump has done a very good job in keeping the area as neat as possible, the surface level, and dump fires under control. It is necessary to look ahead to the day when a new dumping area will be needed. I recommend that a new site be found now, as the Spring Lane dump will be completely filled within two years.

Water Maintenance

The duties of the Water Department personnel increase each year as more and more homes are built in the town. The following is a partial list of typical calls for service:

Investigate leaking meters	121
Turn on water and place meter	185
Shut off water	42
Install meter master	37
Check meter readings	33
Change of owner-read meter	168
Investigate noisy meter	6
Investigate poor pressure	24
Repair shut offs	21
Repair service leaks	14
Investigate call of meter not working	40
Investigate calls of rusty water	51
Investigate frozen pipes and meters	9
Turn on water for test	7
Turn on water for building purposes	31
Wire out old services	44

I am pleased to report that considerable progress was made this past year in testing and repairing meters. Our drawback at the present time is the securing of the repair parts which are made of bronze and brass — both scarce materials at the present time. It was necessary to repair or install five new hydrants this past season because of damage caused by motor vehicles. The construction of new route No. 128 at the Reading Town Line made it necessary for us to relay two house services, reset one old hydrant and install one new hydrant. Our usual work of reading meters and sending out the bills for the same was carried out with very few complaints from the customers. Hydrants were checked for good working conditions and given a coat of paint. We now have in service 316 hydrants. It was necessary to repair 7 water main breaks dur-

ing the course of the year. 224 feet of 6" cast iron pipe was laid in Elm Street at Saint Patrick's Cemetery. A leak was discovered in the main opposite Duncklee Avenue and after being repaired and the water turned on, it broke again a little further up the street. This was repeated about four times. We then removed this bad section of 6" concrete pipe and re-laid it with 224' of 6" cast iron pipe.

Water Services

One hundred thirty-four new services were installed in 1951 and 68 services were relaid. The total of meters now in service is 3,387 and the active services total 3,330. A sketch is made of each new service installed and ties taken from the corners of the house so that the water shut-off at the curb line can be quickly located in the future in case of trouble.

Sidewalk and Edgestone Construction

After making an early start, we stopped this work to catch up with a large back log of sewer and water services for new homes. I believed the prediction that new home building would come to a standstill early in the summer. Instead, here in Stoneham, the building of new homes went on at an even faster tempo, so that I never did quite catch up with the demand for house services. Thus the construction of concrete sidewalks and the installation of granite curbing was sacrificed in favor of the demand for additional housing. One such development took eight weeks to complete.

In concluding this report, I wish to take this opportunity to again express my appreciation to the Board of Selectmen, the heads of other town departments, the men and women of my own department and to many citizens of the town for their cooperation and assistance during the past year.

Respectfully submitted,

ROBERT B. MacKENNA

Supt. of Public Works Dept.

Report of the Fire Department

To the Honorable Board of Selectmen:

Gentlemen:—The following report of the Fire Department for the year 1951 is respectfully submitted.

The department answered 354 alarms in the past year of

which 69 were bell alarms (11 of which were false alarms) and 285 still alarms, including 23 Inhalator cases.

There were used at fires during the year 5,700 feet of 2½ inch hose, 4,000 feet of 1½ inch hose, 21,590 feet of booster line hose, 1,373 feet of ladders, 16 soda and acid extinguishers, 75 lbs. of Carbon Dioxide Gas and 1,220 feet of Oxygen.

The amount of property endangered by fire was \$166,700.00
The amount of property lost by fire was \$18,088.00

The amount of insurance paid was \$12,856.00
The net loss for the year was \$5,232.00

During the year there were 77 complaints received which were investigated by the department, some of these with the cooperation of the State Fire Marshal's office and our local Building and Wire Inspector.

There have been 256 oil burner inspections, 18 Liquified Petroleum Gas inspections and 24 inspections made in the retail business district of the Town during the past year.

Regular inspections have been made of all Nursing homes, Homes for the Aged and the New England Sanitarium and Hospital.

Fire drills were conducted by the department at regular intervals in all the public and private schools during the year.

I have met with your representative of the Board of Selectmen, Mr. Edwin H. Lombard, Supervisor of the Fire Department, at least once a week during the past year. All problems and expenditures of the department have been thoroughly discussed with him during these meetings. I wish to take this opportunity to express to him my sincere thanks and appreciation for his cooperation and interest in dealing with the problems of the department in a satisfactory manner for the best interest of the Town and the Department.

The motor equipment consists of a 750 gallon Seagrave pumping engine, a 600 gallon Seagrave pumping engine, a 200 gallon pumping engine equipped with a 200 gallon booster tank, two 300 foot booster line reels and 1800 feet of 1½ inch hose, a 65 foot Seagrave Junior Aerial ladder truck, a Nash chief's car and a Ford service truck for fire alarm use.

I recommend the addition of a new 750 gallon pumping engine, a new Chief's car, two-way radio be installed in Eng. 4 and 3 and 5 additional permanent men be added to the department.

I also recommend that serious consideration be given in regard to the purchase of a service and rescue truck, so that the department may operate more efficiently.

I recommend that five more fire alarm boxes be added to the fire alarm system which is in very good condition at the present time.

I also recommend that your Board and the citizens give serious consideration to the growth of the Town and if you feel it necessary, to acquire land for the future erection of a station in the north section of the Town.

In concluding this report, I wish to express my thanks and appreciation to all of the town officials, department heads, the officers and members of the Fire Department, and the citizens of the town, for their cooperation and assistance during the past year.

Respectfully submitted,

WILLIAM E. CROSBY, Chief of Fire Department

Report of Police Department

January 17, 1952

To the Honorable Board of Selectmen
Town Hall
Stoneham, Massachusetts

Gentlemen: I hereby submit, as Captain of Police for the Town of Stoneham, the following report for the year ending December 31, 1951.

The regular members of the Police Department are: Captain J. Clarence Nelson, Lieutenant William H. O'Toole, Sergeants Dennis L. McKinnon, Andrew J. Tuney and Robert H. Bradley, Patrolmen George J. McDonough, George N. Savard, Warren H. Barnes, John G. McHale, Walter R. Burns, Bernard C. Vacon, Andrew J. Tuney, Jr., Edward F. Geary, George R. O'Brien, Fabian S. Koprek, Paul C. Ewing, Robert D. O'Melia and George C. MacDonald.

Reserve Officers

Robert W. Burns, appointed November 17, 1949. William F. McNulty, Jr., appointed November 14, 1950. Dominic A. Lucci, appointed November 27, 1950.

Temporary Officers

John Matthews and Andrew J. Keane.

Traffic Directors

Roy K. Wentworth appointed April 2, 1951. Eugene F. Sullivan appointed April 9, 1951. Peter Russo appointed April 9, 1951. Alphonse B. Carlo appointed January 1, 1951 and resigned on April 6, 1951.

Peter Russo and Eugene F. Sullivan resigned on November 30, 1951.

Patrolman Andrew J. Tuney, Jr.	8
Patrolman Edward F. Geary	1
Patrolman Paul C. Ewing	6½
Patrolman Robert W. Burns	4
Patrolman William F. McNulty, Jr.	2

Robert D. O'Melia was granted a military leave of absence to join the U. S. Army on November 18, 1950.

On September 28, 1951, Patrolman Warren H. Barnes lost his life at Plum Island, Newburyport, Massachusetts.

George C. MacDonald was appointed a Permanent Officer on November 7, 1951.

John G. McHale resigned from the Department on Decem-

der 28, 1951 and was transferred to the Metropolitan District Commission Police.

The demands upon the department for special services in the interests of the citizens are constantly increasing. The Stoneham Police Department is a community service as well as a law enforcement agency. It is the guardian of your property and welfare.

When law breakers infringe upon your security, it is the department's main function to provide protection of life and property and to apprehend the criminal. Equally important too, is the obligation and desire of the Police Department to continue its work in the prevention of crime.

The Captain of Police desires at this time to express his appreciation for the co-operation extended to him by the various Town Departments and the citizens of the Town.

Respectfully submitted,
J. CLARENCE NELSON
Captain of Police

REPORT OF BOARD OF RETIREMENT

(Contributory Retirement System)

To the Honorable Board of Selectmen:

Following is the fifteenth Annual Report of this Board:
To the membership as of December 31, 1950, totaling 241
have been added new members numbering 56
re-instated members 8
.....
305

Deductions from Membership:

By withdrawal	50
By transfer to other systems	3
.....	53

making the present membership 252

This total membership of 252 is classified as follows:

Group A:

Active	156
Inactive	30
.....	186

Group B:

Active	40
Inactive	4
.....	44

Pensioners

The number of members added and withdrawn indicates the turnover in employment. Six members entered the Armed Service of the U.S.A. in 1951, increasing to twenty the number of accounts with Military Service Credit. Five members are employed in both Groups, one having been added and one withdrawn. One member of Group A was pensioned in 1951.

Chapter 644 of the Acts of 1951, G.L., permitted persons who were not eligible for membership because of having attained age 55 at time of employment, but who were under age 60 at that time, to be admitted to membership upon certain terms and conditions as set forth under Chapter 32 and Amendments thereto governing this System. Eight employees were enrolled under this provision of the Law. This Chapter also requires that all future eligible employees who are under age 60 shall become members, instead of not being eligible after attaining 55 years of age as heretofore.

At the Annual Town Meeting of 1951, Chapters 820 and 783 (Acts of 1950), were accepted by the Town, which increased the retirement allowance of certain of our pensioners.

In September, 1951, two Co-operative Banks in which we owned shares were duly converted to Federal Savings and Loan Associations: viz.,

Middlesex Co-operative Bank of Lowell, Mass., and Lexington Co-operative Bank of Lexington, Mass.,
to

First Federal Savings and Loan Assn. of Lowell and Lexington Federal Savings and Loan Association.

Our investment remains with these institutions, with a change in name only.

In connection with the Statement of Accounts which follows, attention is called to the fact that in November, 1951, the operating figures of this department exceeded \$200,000.00; also, notwithstanding the changes in membership the total of the Annuity Savings Fund, which comprises the members' accounts, now totals over \$100,000.00.

Statement Of Accounts

January 1, 1951 to December 31, 1951

REPORT OF EXAMINATION OF THE STONEHAM RETIREMENT SYSTEM Stoneham, Massachusetts

Hon. Dennis E. Sullivan
Commissioner of Insurance
Boston, Massachusetts

Sir:

The regular triennial examination of the Contributory Retirement System of Stoneham, Massachusetts has been completed. A report showing the financial condition of the system as of December 31, 1950 and income and disbursements for the year 1950 is submitted herewith.

History

This system became effective on January 1, 1937 in accordance with the provisions of Chapter 32 as amended by Chapter 318 of the Acts of 1936. The Legislature by Chapter 658 of the Acts of 1945 further amended Chapter 32 of the General Laws. The system is now operating under Sections 1 to 28 inclusive of Chapter 32.

Scope of Examination

The previous examination was made as of December 31, 1947. This examination covers the intervening period to December 31, 1950 and includes a review of the recorded income and disbursements and a detailed analysis of various accounts for that period together with a verification of assets and liabilities as of December 31, 1950.

Statements of income and disbursements for the year ending December 31, 1950 and of assets and liabilities on that date are presented herewith.

Financial Statement

	Membership	
An examination of the statistical data of the system showed the membership on December 31, 1950 to be as follows:		
Active	209	
Inactive	32	

241

Income

Regular Deductions

Deductions from members' salaries were made by the town treasurer at the regular rate of five per cent. A verification of members' deductions was made by checking departmental payrolls to the accounting records. A test check was made of individual deductions from payrolls to members' cards to determine that the proper amount had been deducted and for accuracy in postings.

Total deductions from members' salaries included voluntary additional contributions, make-up payments and re-deposits.

Contribution from the Town

The annual amounts contributed by the town to the pension fund since the date of the last examination agreed with the totals prescribed by the Department. Contributions were also made to provide funds for administrative expenses.

Interest and Dividends

Interest received from bonds and dividends from bank stocks were verified by reference to the investment and accounting records. Dividends received from savings banks and cooperative bank shares were checked to see that all due

amounts had been entered in the books of the system.

Increase by Adjustment of Ledger Assets

Some bonds were purchased at discounts from par values and it was necessary to make an adjustment to bring the book values of these bonds up to amortized values furnished by the Department.

An adjustment in the book value of cooperative bank shares was necessary due to an increase in value of serial shares owned by the system.

Disbursements

Retirement Allowances

Annuity and pension payments were examined and found to agree with the amounts approved by the Department. Cancelled checks were traced to the pension rolls for individual payments and to cash book for monthly totals.

Refunds

Refunds of accumulated total deductions to members were examined. The amounts paid were checked to members' credit cards and found to agree in all cases. Cancelled checks and signed vouchers were examined and found in order.

Administrative Expenses

Expense payments consisting of salaries and other items pertaining to the proper administration of a system were examined and found in order. Cancelled checks supporting these payments were checked to the cash book. Vouchers were examined and found to contain the necessary signatures for disbursement.

Decrease by Adjustment of Ledger Assets

Several bonds required decreases in book values due to amortization and others required increases for the same reason. The amount shown in this report is the net result.

Ledger Assets

Bonds and Stocks

Bonds and stocks were counted at a local national bank in the presence of the town treasurer and town accountant. Bonds are carried on the books at their amortized values and stocks at convention values.

The book values of these securities as reported in each of the annual statements filed with the Department since the last examination were verified by checking all transactions during the period from December 31, 1947 through December 31, 1950.

Cooperative Bank Shares

The system has invested in paid-up and serial shares in various cooperative banks. The paid-up shares were examined in the safe deposit vault at the same time as other securities. The book value of the serial shares was verified by a certificate of balance from the bank.

Cash

The cash balance on date of entry was verified in the usual manner. A reconciliation of the bank statement and the check book balance was completed. The cash balance as of December 31, 1950 was proved by checking all transactions during the intervening period. A certificate of balance was obtained from the depository.

Savings Bank Deposit

The system maintains a deposit in a local savings bank. The book value on date of entry was verified by obtaining a certificate from the depository bank and checking to pass book balance. There was no activity in this bank balance subsequent to December 31, 1950 and the close of this examination.

Interest Accrued

Credit was taken for interest accrued on bonds as of December 31, 1950. Interest accrued was figured and allowed as reported in the annual statement.

Liabilities

Annuity Savings Fund

The balance in this fund consists of the accumulated total deductions of active and inactive members. This balance was verified by checking members' cards to a supplementary schedule of members' balances which is filed with the annual statement. The accumulated total December 31, 1950, was shown on this schedule agreed with the ledger balance. Interest has been credited annually at statutory rates, namely, three percent in balances prior to January 1, 1946 and two and seven tenths percent for the year 1950 on the balances accumulated for the years subsequent to January 1, 1946.

Annuity Reserve Fund

The annuity reserve fund is credited with the accumulated total deductions of members at the time of their retirement and also any amounts to their credit in the Special Fund for Military Service Credit at that time. Regular interest at the rate of three per cent per annum on the average monthly balance is credited to the fund. Annuity payments are charged to the fund.

An actuarial valuation of the fund was made as of December 31, 1949 by the Actuarial Division of the Massachusetts Insurance Department under the provisions of Section 21 (3) (b) of Chapter 32 of the General Laws and showed a surplus in the fund of \$410.00 which amount was subsequently transferred to the pension fund in accordance with statutory requirements.

All amounts credited or charged to this fund during the period of examination were verified by a complete analysis of transactions affecting the fund during that period.

Special Fund for Military Service Credit

This fund has been credited with deductions and interest for all members who served in the armed forces during World War II. The balance in the fund was verified by totalling members' credit cards and checking to the ledger balance.

Pension Fund

This fund was established as of January 1, 1946 under the provisions of Section 22 (3) (a) of Chapter 32 as amended in 1945 and consisted of the balance in the former pension accumulation fund. It is the fund to which are credited all amounts appropriated by the town for the purpose of providing for the cost of operation of the system exclusive of the expenses of administration and such amounts as may be appropriated for the Special Fund for Military Service Credit. The pension fund is also credited with any excess investment income over the statutory interest requirements as well as the surplus in the annuity reserve fund mentioned above. All pension payments have been charged to it.

All amounts credited or charged to this fund during the period of examination were verified by the complete analysis of transaction affecting the fund during that period.

Expense Fund

The expense fund is credited with contributions from the Town. The amount of each contribution is based upon a budget submitted by the Retirement Board. All expense payments have been charged against the fund.

Records

The minutes of the meetings of the Retirement Board were read for the entire period since the last examination. All required votes and authorizations were entered in the record book.

General

The accounting and statistical records were found in good condition. A few recommendations were made which were readily accepted.

The cooperation of all persons concerned with this examination is herewith acknowledged.

Changes were made in the second and third members of the Board of Retirement since the last examination. The personnel of the Board of December 31, 1950 included the following named members:

Stanley D. Wood, Chairman; Anna H. Morey, Secretary; Winthrop A. McCarthy and Hazel Y. Simpson, Board Members.

Respectfully submitted,
THOMAS W. McCORMACK
Senior Examiner

REPORT OF THE PLANNING BOARD

To the Citizens of Stoneham:

This Board has carried on its work during the past year with Mr. Charles A. Owen as Chairman, Mr. Charles W. Farrow as Secretary and Mrs. Gertrude B. Mortensen in charge of office details. We take this opportunity to publicly commend Mrs. Mortensen for her intelligent and faithful performance of her duties.

Development and Street Layout plans, together with petitions, were submitted to the Board and Public Hearings held thereon, according to law, as follows:

Elizabeth Road—Approved.
Off Spring Street—No action.
Sunrise Avenue—Approved.
Lucy Street—Approved.
Girard Road Extension—Approved.
Arnold Road Extension—No action.

Two Public Hearings on nine articles in town warrants requesting changes in the Zoning By-law were held and recommendations made to the Town.

The construction of Route 128 left a strip of land containing about forty acres in the Town of Reading between that highway and Stoneham. If this land were developed, it appears that there would be no way in which public utilities could be serviced by Reading.

By request of the Selectmen of Reading, a meeting of the Selectmen and Planning Boards of the two towns was held. After considerable discussion, it was voted, as the sense of the meeting, that the owners of the land be consulted by the Reading authorities before any action was initiated.

Realizing the necessity of revising our Zoning By-law and of making an expert study of long range development of our fast growing community, the Finance and Advisory Board recommended and the voters in Town Meeting unanimously appropriated funds for such a study. The firm of Adams, Howard and Greeley was commissioned to do this work. As evidence of the standing of this firm, it is worthy of note that they have been commissioned to plan development of a city in India with a population of 500,000.

Consultations between the firm and the Board have been frequently held as the work progressed.

Studies were made of population and school trends, the situation regarding business, use of available land and municipal finances.

A full report together with maps will soon be ready for public distribution.

Meanwhile we would call your attention to the preliminary report which is submitted herewith.

STONEHAM PLANNING BOARD
CHARLES A. OWEN, Chairman
CHARLES W. FARROW, Secretary
CHESTER A. ROGERS
FOREST A. GONYER
RUSSELL C. CHASE

The following is a brief summary of the report: "A Master Plan for the Town of Stoneham", prepared for the Planning Board by Adams, Howard & Greeley, planning consultants. Work on this report has been going forward since June, 1951. The summary below is a condensation of the key findings and recommendations presented in the technical report and in a series of analytical maps, charts and tables, a proposed revised text of the Zoning By-Law, and a set of master plan drawings.

This capsule statement necessarily leaves out much material, including supporting data for the findings and detailed explanation of the proposals. Citizens are invited to inspect the full report at the Planning Board Office. The Board proposes, after careful study of this material and a series of public hearings, to make its recommendations regarding the future development of the town. Comment and discussion by the people of Stoneham will be warmly welcomed at any time and in any form.

Use of the Land

Stoneham is basically an outlying commuting suburb of the Boston metropolitan area, with some local manufacturing. The regional setting, topography, soils, land use, growth and traffic of Stoneham have been analyzed and the salient facts are:

The difficult natural terrain limits future development and must be carefully taken into account if wasteful layout is to be avoided.

Stoneham is now a community of pleasant, medium-priced homes, mostly single-family, in rather compact development. There are a few areas of higher-value residence, and only scattered examples of sub-standard dwellings. There are two instances of arrested subdivision, one on rough ground north of Isabella Street, and the other in a naturally favorable location west of Main Street and north of the Fells Reservation. Open land still exists around the north, east and west sides of the Town, including a few remaining farms. Future use of this last reserve is critical.

The present Town center, partially encircled by the railroad spur and some with poor quality housing to the east, is functionally obsolete and visually depressing. Industry and other employment centers are located in this area, or scattered along the railroad tracks or up the length of Main Street.

There is, and probably will continue to be, a steady pressure on remaining land for residential development. Most recent growth has been in the southeast, north and northwest, particularly the latter. Of the total 4,300 acres within the Town, approximately 1,600 are in the Fells Reservation, 1,500 are now developed in streets, homes or other intensive uses, and 1,200 remain in land vacant or given over to less intensive uses that may someday be built upon. Of this latter, perhaps 25% is rocky, swampy, or otherwise expensive to use. Use of all Stoneham land to its full potential, including some rebuilding to higher densities, would provide space for a total population of about 25,000. A more reasonable ultimate population based on land

considerations alone and assuming normal filling-in of reserves, would be about 20,000.

The street system is well developed radially from Main Street, a north-south artery carrying heavy through traffic, but lacks good connection streets parallel to Main. Minor local streets are often hapazard in layout, and ill-suited to topography. Improvement of commuter connections to Boston is needed.

Major land use problems center about:

1. Growth of population and the use of remaining land reserves, including efficiency in terms of Town services, encouragement of good quality housing, and reservation of needed space for business and community facilities before the open land vanishes.

2. Redevelopment of the present Town center, both to make it an efficient setting for the uses that are carried on there, and to create a true center for the spirit of the community, which will enhance the prestige of the Town in the eyes of visitors and passers-by.

3. Improvement of the system of circulation, including eventual expressway connection with Boston, by-passing of the Main Street through traffic, provision of north-south connector roads, and the guidance of minor street patterns developed by new subdivisions.

Certain present advantages and opportunities which should be seized upon can also be pointed out, among them:

1. The present high level of community spirit, which can be in part preserved and strengthened through good community facilities and a reborn Town center.

2. The existing good residential character, which can be protected from decline, and become even more attractive if new development is rightly guided.

3. The local manufacturing activity, which can be extended to some degree, imparting greater financial stability to the Town, and preventing its becoming entirely a commuting appendage of the metropolitan center.

4. The favorable natural setting of the Town, surrounded as it is by open land. This must be preserved, particularly on the eastern boundary, where new growth most threatens this protective belt.

Population and Economy

Stoneham is completing a somewhat painful transition from its earlier status as an industrial town largely independent of Boston into a commuting satellite with some decentralized industry. Local employment, which has been declining steadily until the last few years, will be likely to go up again moderately. Local service employment, now quite low, is also expected to rise, partially in accompaniment to a rising standard of living, partly as a result of some recapture of local shopping trade. Growth of Stoneham as a major shopping center is not expected, however. The steady in-flow of new residents, principally with commuting jobs, will probably strike against the limit of available land within the next ten or twenty years.

1970 population for the town might be somewhere in the range of 16-20,000 people. The upper limit assumes a substantial taking up of all available land, while the lower limit makes some pessimistic assumptions as to future economic and social trends. A reasonable guess is to picture 1970 Stoneham as a town of some 18-19,000 people, fully built up, depending primarily on commuting jobs but with a moderate amount of mixed local industry and service establishments. It will lie well within the influence of the metropolitan network.

The 1950 population of 13,200 exhibits the steady increase that is expected to continue or even step up in tempo in the next two decades. In comparison with the 1940 census it shows a marked shift in occupations toward clerical, skilled and semi-professional jobs, as well as a somewhat older age population.

There are approximately 2,300 local jobs in Stoneham, of which some 1,550 are taken by local residents. 600 of the total jobs are in manufacturing and 1,700 in non-manufacturing, principally government and institutional work. In comparison with the surrounding communities, Stoneham stood lowest in 1948 both in per capita sales and in average manufacturing wages. About 3700 Stoneham people, or 70% of the resident labor force, commute to work outside the Town.

The 1970 population estimate of a high of 20,000 and a low of 16,000 are based on a method of relating growth to job opportunities. The high estimate assumes a moderately strong growth of small local industries, plus the entry of one or two large firms and on a continuance of the present high rate of in-migration. The low estimate takes a more pessimistic view of local manufacturing growth, eliminates the possibility of any new large plants, and assumes the low rate of in-migration characteristic of the depression years. These estimates are not only presently useful, but, with an understanding of the method and assumptions, can be periodically revised to give a continuing estimate of future growth.

Community Facilities

Stoneham faces a serious problem of school expansion and may look forward to 1970 enrollments of 1900 in kindergarten and elementary grades, 850 in junior high and 800 in senior high. Indicated total plant requirements are for 64 elementary class rooms, and a junior and senior high school, by that date.

At present there are 38 classrooms in 5 elementary schools of varying quality practically all on inadequate sites. The combined junior-senior high school building is completely obsolete, and on a totally inadequate site. The recommended long-range school plan looks toward the abandonment of the present high school and the construction of a new junior high on the Pomeworth playground, and a new senior high on the Memorial Field. It would provide for a ring of efficient elementary schools about the town: two new schools in the southwest and southeast, expansion of the Robin Hood and East Schools, retention of the North, and eventual abandonment of the Emerson and South School plants.

Such long range predictions cannot be precise, but are necessary to guide more immediate planning and to insure acquisition of future sites before they disappear. The most important recommendations for immediate action are:

1. Acquisition of an expanded site at the Pomeworth playground and construction of a new high school, initially for junior and senior pupils combined.
2. Clearing the way for expansion of the Memorial Field site.
3. Acquisition of two future school sites in the southwest and southeast.
4. Expansion of the Robin Hood, North, and East School sites.

Stoneham has certain recreational advantages with the presence of the Fells area, but lacks adequate equipped playground and playfield areas. Present and future needs would be met by the recommended school development plan. An indoor recreation center will also be required in the future, and thought

should be given to its provision, perhaps in a portion of the present high school plant.

Other public land requirements include a site for a new Public Works Yard to replace its obsolete structures and to free its present strategic central location for other uses.

No future problems of source or disposal are involved in the water and sewer systems, but the expansion of their distribution networks involves recurrent difficulties due to haphazard development of various sections of the Town. This is particularly true of the sewer system, as areas requiring lifts or special rights of way are entered. A land use and circulation plan which can guide future development in a rational manner is urgently required.

Finally, consideration should be given to means of alleviating problems caused by the disposal of rubbish in the Town dump, and by the present system of private garbage collection. A metropolitan incinerator system might prove to be the best solution.

Town Finances

A fundamental question of town finance is involved here: "At what rate should Stoneham make capital investments over the next twenty years?" This is a basic decision to be made by the voters, but a thorough analysis of financial capability, and the costs of needed improvements is recommended to be made, as a basis for intelligent citizen decision. This report limits itself to a brief review of past financial trends, with some implications for the future.

Operating charges, capital outlays, assessed valuations, tax rates, and indebtedness in relation to debt limit were charted over the last twenty-five years, composition of capital outlays being shown in greater detail. Three items (operating charges, capital outlays and assessed valuations) were reduced to a per capita basis and adjusted to the price index, to give an adequate comparison with the past, and with other Massachusetts towns.

The periodic use and fall of capital outlays becomes apparent and, when adjusted per capita figures are used, the fact that their fluctuations tend to remain within a relatively constant range of \$4 to \$40 per capita per year. Average per capita capital outlays, in terms of 1950 dollars, have been about \$17 since 1925.

Use of adjusted per capita figures likewise shows the relative steadiness of operating charges, following a rise in the late twenties and early thirties. Since that time the average has been about \$83 per capita per year. Assessed valuations show a typical lag between price movements and adjustment of assessment levels, being at their peak in the trough of the depression, and lowest in prosperous periods. A general re-evaluation may be indicated as desirable.

Comparison of all these items with other towns exhibits a striking similarity of pattern, but tends to show that Stoneham budgets a rather low amount for the current expenses of its government.

Some attempt was made to indicate possible ranges of capital outlay in the next twenty years. Using a conservative figure of an average of \$15.00 per capita per year capital outlay, an aggregate sum of a little under five million 1950 dollars is indicated for the twenty year period. Using a higher rate of \$25.00 per capita per year, close to eight million 1950 dollars is arrived at. Finally, making certain assumptions as to assessment levels and the management of debt, an aggregate of five million dollars of capital outlay is seen as possible without

coming up to the debt limit. This latter calculation is somewhat tenuous, however, due to the numerous assumptions necessary. It rather illustrates one set of conditions under which a five million dollar outlay could be achieved.

Master Plan Proposals

A twenty-year guide plan for the physical development of Stoneham is presented in the report. Seemingly ambitious in scope, it is nevertheless keyed to the needs and capabilities of the Town, and illustrates the advantages that may be gained by forward-looking guidance of development and capital investment that must go on in any case. It is a long-range plan demanding continuous future revisions and adjustment as conditions and desires shift, and requiring thorough citizen discussion of its basic proposals.

In general outline, the plan visualizes a Town tied to the metropolitan area by Routes 28, 128, and a new northern artery, but protected from encroachment by a surround of open land. It would have a revitalized center, with an efficient modern shopping area and an integrated setting of Town buildings, educational and cultural centers, small parks and pedestrian walks. There would be an outer ring of five elementary schools on ample sites, providing excellent local play area. Low density housing would be sited in outer districts, with moderate densities in the remainder, except for a small area of special high density residence close to the center. Industry would locate in two concentrations on the western boundary; general business and local retail uses in a series of centers along Main Street. Five local connector roads would tie together the entire circulation pattern.

Many specific proposals are made in the text of the full report and the accompanying maps. A few of the most fundamental ones follow:

1. A new zoning by-law and map, to carry out a basic land use plan, is proposed. Highlights of its major new provisions are: exclusion of most residential uses from industrial zones, except for low-density residence; imposition of strict nuisance and site development controls in general business districts; allowance of wide varieties of dwelling type in the medium-density residential zone, under basis density restrictions and powers of Planning Board review; and creation of a new low-density single-family residential zone, minimum lot size 14,000 square feet.

2. Low density residence would be located on the eastern fringe of Town, and in two locations on the west. A new industrial district would be created in the northwest corner, and existing industrial zones along the intown end of the railroad spur abandoned. This is coupled with a proposal to eventually eliminate the rail line as far back as Montvale Avenue. Retail and general business district would be spotted primarily along Main Street, but in concentrated centers rather than continuous ribbon.

3. A reborn Town center is considered a fundamental part of the plan, and includes: the selective redevelopment of the area between Main, Emerson, Pine and Franklin, to provide a modern shopping center; and the creation of a chain of public spaces beginning at a new park between Main and Central, through the Town Hall and a senior high school on Memorial Field, to terminate in a junior high sited on the expanded Pomeroy playground. A detailed study of the project is recommended, the work to be carried out by combined efforts of the Town, private individuals, and Federal grants.

4. A number of new public lands are proposed in the remainder of the Town: principally the expansion of the Robin Hood, North and East School sites; purchase of two new school sites in the southwest and southeast; and creation of two public parks on the eastern boundary: north of Isabella Street and again at Crystal Lake.

5. A new arterial by-pass is recommended, connecting lower Main Street with Route 128 by swinging around the eastern side of the Town. This could eventually be connected to the proposed new artery to run north out of Boston. Five north-south intra-town connector roads are proposed, made by piecing together or extending the following existing streets: Park Street-Richardson Avenue; Wright Street-Oak Street; Pine Street; Wilson Road-Stevens Street-MacArthur Road; and Beacon Street-Green Street.

The technical report terminates with a summation of recommended projects in a priority order, giving some picture of the proposed spacing in time over the next twenty years. Priority 1, projects recommended for initiation or completion within the next few years, is the most important part of this listing, and may be summarized as follows:

1. Adoption of a new zoning ordinance, preparation of a detailed study for redevelopment of the central area, and an analysis of Town finances versus costs of needed long-range improvements.

2. Expansion of the Pomeworth Playground and Memorial Field as high school sites; expansion of the Robin Hood, North and East school sites; and purchase of two new school sites in the southwest and southeast.

3. Acquisition of public park lands north of Isabella Street and around Crystal Lake, and of a site for a future Public Works yard.

4. Action to protect the right of way for new arterial by-pass.

5. Action to begin abandonment of the railroad terminal, and of the right of way at least as far as Gould Street.

6. Erection of a new high school on the Pomeworth site.

These items under Priority I constitute our recommendation for immediate action by the Town of Stoneham.

TRUSTEES OF PUBLIC LIBRARY REPORT

To the Citizens of Stoneham:

The Stoneham Public Library Trustees met in the Trustees' Room at the Library on the evening of April 5, 1951 and elected the following officers for the ensuing year: Chairman, Mr. Fred A. Lawson Secretary, Mrs. Marjorie A. Patch, Financial Chairman, Mr. George E. MacNeil, Jr. The following committees were also appointed: Book Committee, Mrs. Nance B. Barnstead, Mrs. Marjorie A. Patch, Mr. Elbert R. Boyd; Building and Grounds Committee, Mr. Alfred R. Johnson, Mr. George E. MacNeil, Jr., Mr. Elbert R. Boyd; Music Committee Chairman, Mr. Alfred R. Johnson.

During the year 1951 the usual practice of permitting different organizations in the Town of Stoneham the use of Library Hall was again carried out and a number of these groups have availed themselves of this privilege including the Red Cross, the Stoneham Community Council, the Visiting Nurse Association, and others.

During the summer months the Library grounds were very attractive with the usual display of flowers and blossoming shrubs, the efforts of Mr. Fred Porter who has supervised the

landscaping of the grounds in recent years. The Board of Trustees wishes to express here their appreciation of this splendid work.

In August the Board received a request from the Little League to permanently display in the Children's Room the trophy won each year by the winning team. This request was granted and as soon as satisfactory arrangements for displaying this trophy are completed it will be on exhibition.

In October, at the suggestion of the Librarian Miss Susan Demery, a new policy was started of opening the Library for two hours each morning. It was felt that this would make the facilities of the Stoneham Public Library available to more of the citizens of the Town, especially those who found it inconvenient to come to the Library during afternoon and evening hours only.

The Stoneham Public Library was the beneficiary under two wills during the past year. In August a check for 6000.00 was received from the estate of the late Annie Bailey Trowbridge of Fairhaven, Mass., the interest from this amount to be used for the purchase of magazines and books; and in November a check from the estate of the late Edwin D. Hawkins, formerly of Stoneham in the amount of \$999.75 was received, such amount to be spent at the discretion of the Board of Trustees.

Minor repairs and improvements to the Library building were made from time to time when necessary throughout the year including additional shelves for the Children's Room.

The Story Hour periods for the children were continued twice a week and a party for the children who attend faithfully was given by Miss Margaret Golding, the Children's Librarian, during the Christmas vacation period. The various exhibits in the show cases in the Adult Reading Room and the Children's Room were subjects of interest as they have been in the past years.

During December the Library windows and the interior of the building were appropriately decorated for the Christmas season, the combined efforts of the Library Staff.

The Board of Trustees of the Stoneham Public Library at this time wishes to express their thanks and appreciation to the Library Staff for the very fine work they do and for their willing cooperation with the Board.

A complete and detailed report of the Librarian follows.

Respectfully Submitted,

FRED A. LAWSON, Chairman

ELBERT R. BOYD

ALFRED R. JOHNSON

GEORGE E. MacNEIL, JR.

NANCE B. BARNSTEAD

MARJORIE A. PATCH, Secretary

ANNUAL REPORT OF THE LIBRARIAN

TO the Trustees of the Stoneham Public Library:

I present the ninety-third annual report of the Stoneham Public Library for the year ending December 31, 1951.

Year's Work at a Glance

During the past year, 1,348 new books have been added to the library, 963 in the Adult Department, 385 in the Junior; 83,552 books, pamphlets, magazines and pictures have been loaned, 49,327 to adults, and 34,225 to juniors; 15,426 cards have been typed and added to the adult and junior catalogs; a total of 1,014 reference questions have been answered; 180 albums of records have been loaned; 37 books have been borrowed from other libraries for our patrons and 21 lent to other li-

braries for their patrons. The attendance at our Story Hours has been 1,462 and 205 pupils from the lower grades have attended classes in the Junior Department in the use of the library. The library has been open to the public 294 days, and we have a total registration of 4,800 users of the library.

As usual, in the Junior Department, special displays and programs have been arranged for "Spring Book Festival" and "Children's Book Week" and outstanding holidays. In May the library celebrated the centennial of the passing of the Massachusetts public library law with a display of the best sellers of the past one hundred years, pictures of Stoneham in the past, a book review and tea, and "open house" in the library.

As is our custom, assortments of books have been kept at the Home for Aged People.

The Librarian and Children's Librarian have appeared at schools and churches for book reviews and talks.

Recataloging Project

During the past year, we have had the services of a trained cataloger, Miss Agnes A. Rennie, who, in addition to cataloging the new books as they have been added, has been recataloging the old, chiefly in the Junior Department. At least two thirds of the books in this department have been recataloged. Unfortunately for us, Miss Rennie has gone to the library at the Harvard School of Business Administration, but the work will be continued, as soon as her successor has been found.

Gifts

We have received many books which we use to replace our own well worn copies, thus saving the expense of binding. The Stoneham Garden Club subscribes to two periodicals for us, and donates as many books as the budget allows. We feel that we have a fine selection on horticulture, a good share of which the Garden Club has contributed. This is indeed a real service to the town.

Comments on the Year's Work

Comparing the past year's work with that of other years, we find that the readers of non-fiction are continually growing in number—that people are using the library more and more for study, reference and "know how." Our readers of fiction have decreased. We have lost some to television, and many have gone back into service. We may be at fault in not supplying more fiction, and certainly the authors and publishers have given us few outstanding novels.

In October, the library increased the number of hours in which it is available to the public, by opening from ten to twelve in the mornings. The response to this innovation has been very gratifying, both in the remarks made to us, and the actual practical use made of the privilege.

The Staff

The Staff is as follows: Miss Susan E. Demery, Librarian, Miss Margaret I. Golding, Children's Librarian, Mrs. Francis C. Wade, Head of Adult Circulation and Reference, Miss Jean Nuzzo, Miss Norma Sinclair, Miss Jean Truesdale and Mrs. Clarence Turner, part time assistants, and Mr. Henry J. Wetzel, building custodian.

May I again express my sincere thanks to the Staff for their share in the accomplishment of another year of good service to the town, and to the Trustees for wise and friendly guidance to us all.

Respectfully submitted,
SUSAN E. DEMERY,
Librarian

REPORT OF TOWN TREASURER

Honorable Board of Selectmen,
Town Hall,
Stoneham 80, Mass.
Gentlemen:

I herewith submit the report of the Town Treasurer for the period January 1, 1951 to December 31, 1951.

Cash on Hand January 1, 1951	\$ 433,656.44
Receipts Jan. 1, 1951-Dec. 31, 1951	1,975,351.56

\$2,409,008.00

Expenditures January 1, 1951-December 31, 1951 as per Selectmen's Warrants	\$1,918,325.17
Cash on hand December 31, 1951	\$ 490,682.83

\$2,409,008.00

For complete detail of Receipts and Expenditures refer to Town Accountant's Report.

Respectfully submitted,
GEORGE H. HOLDEN
Treasurer

REPORT OF THE TOWN ACCOUNTANT

Honorable Board of Selectmen

Stoneham, Mass.

Gentlemen:

Herewith is presented the report of the Town Accountant for the calendar year 1951 as set forth in the following schedules:

Balance sheet showing the financial condition of the Town of Stoneham on December 31, 1951.

Receipts for the year 1951.

Expenditures summarized for the year 1951.

Schedule of appropriation accounts and unexpended balances.

Analysis of Available Water Surplus, Road Machinery Fund, Sale of Lots and Graves Fund, Sale of Real Estate Fund, Reserve Fund, Overlay Surplus Reserve Fund and Excess and Deficiency Account.

Schedule of Town Debt showing payments due each year, and including the borrowing capacity of Stoneham on January 1, 1952.

Balance sheet of Deferred Revenue Accounts.

Analysis of Trust Funds and Contributory Retirement System, including balance sheet as of December 31, 1951.

In conclusion may I take this opportunity to thank all Town department heads and officers for their assistance and cooperation rendered during the past year.

Respectfully yours,

WINTHROP A. McCARTHY, Town Accountant.

Balance Sheet December 31, 1951

REPORT OF DIVISION OF ACCOUNTS

June 25, 1951

To the Board of Selectmen
Mr. Fred A. Schneider, Chairman
Stoneham, Massachusetts
Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Stoneham for the period from February 19, 1949 to January 17, 1951, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,
FRANCIS X. LANG
Director of Accounts

Mr. Francis X. Lang
Director of Accounts
Department of Corporations and Taxation
Sir:

In accordance with your instructions, I have made an audit of the books and accounts of the town of Stoneham for the period from February 19, 1949, the date of the previous examination, to January 17, 1951, the following report being submitted thereon:

The financial transactions, as recorded on the books of the several departments receiving or disbursing money for the town or committing bills for collections, were examined and verified by comparison with the records of the town accountant and the town treasurer.

The books and accounts in the town accountant's office were examined and checked in detail. The recorded receipts were checked with the treasurer's cash book and with the records of departmental payments to the treasurer, while the recorded disbursements were checked with the treasury warrants and with the record of payments by the treasurer.

The appropriations, transfers, and loan authorizations, as listed from the town clerk's record of town meetings, were checked to the appropriation accounts in the accountant's ledger.

An analysis was made of the ledger accounts, the necessary adjusting entries resulting from the audit were made, a trial balance was taken off, and a balance sheet showing the financial condition of the town on December 31, 1950 was prepared and is appended to this report.

The books and accounts in the town treasurer's office were examined and checked in detail. The receipts, as recorded, were analyzed and compared with the records of payments to the treasurer by the several departments and with other sources from which the town received money, while the payments were compared with the selectmen's warrants and with the accountant's book.

The cash balance on January 17, 1951 was verified by reconciliation of the bank balances with statements furnished by the banks in which town money is deposited and by actual count of the cash in the office.

The payments on account of debt and interest were verified by comparison with the amounts falling due and with the cancelled securities and coupons on file.

The transactions of the several trust and retirement funds in the custody of the town treasurer were verified, and the

savings bank books and securities representing the investment of these funds were examined and listed.

It was noted that the investments of several trust funds are still represented in part by bank stocks, and in this connection attention is again called to the provisions of Section 54, Chapter 44, General Laws, as amended.

The tax titles and tax possessions held by the town were listed from the records of the treasurer and all transactions pertaining thereto were verified with the collector's book and with the records at the Registry of Deeds.

The assessors' records of abatements granted and reconciled with the collector's books and with the accountant's ledger.

The assessors' records of abatements granted were reconciled vehicle and trailer excise, and assessments were examined and checked with the detailed lists. The records of assessments apportioned and deferred were examined, while the apportioned assessments not due and the deferred assessments were listed and reconciled with the accountant's ledger.

The books and accounts of the town collector were examined and checked. The taxes, motor vehicle and trailer excise, and special assessments, together with departmental and water accounts receivable outstanding according to the previous examination, as well as all subsequent commitment lists, were audited and reconciled with the warrants for their collection. The recorded receipts were checked with the payments to the treasurer and with the accountant's books, the abatements as recorded were compared with the departmental records of abatements granted, and the outstanding accounts were listed.

It is again urged that immediate settlement be obtained of the delinquent tax and assessment accounts.

Verification of the outstanding tax, motor vehicle and trailer excise, assessment, departmental and water accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, the replies received thereto indicating that the accounts, as listed, are correct.

The records of dog and sporting licenses issued by the town clerk and of miscellaneous collections from licenses, permits, recording fees, etc., were examined and checked, the payments to the State and to the town treasurer being verified.

The records of departmental cash collections by the sealer of weights and measures and the inspector of buildings, as well as by the police, health, public welfare, school, library, and cemetery departments, were examined and checked. The payments to the town treasurer were verified and the cash on hand in the several departments was proved by actual count.

The trust funds in the custody of private trustees were examined and checked. The income was proved, the transactions and balances were verified, and the securities representing the investments of these funds were examined and listed.

The surety bonds of the financial officials bonded for the faithful performance of their duties were examined and found to be in proper form.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's and the town clerk's cash, summaries of the tax, motor vehicle and trailer excise, assessment, tax title, departmental, water, and guarantee deposit accounts, as well as tables relative to the trust and retirement funds.

During the progress of the audit cooperation was received

from all the town officials, for which, on behalf of my assistants and for myself, I wish to express appreciation.

Respectfully submitted,
HERMAN B. DINE,
Assistant Director of Accounts

PARK COMMISSIONERS REPORT

To the Citizens of the Town of Stoneham:

The Board of Park Commissioners submit their report for the year 1951 herewith. The officers were elected on March 6, 1951 as follows: Edwin H. Frazier, Chairman, Donald A. Lawson, Secretary, William F. Wilson, Issuer of Permits.

The regular work of the Park Department was carried on as usual and three new projects were completed.

The regular work consisted of the planting and care of eleven triangles which had at least two plantings this year in addition to the regular maintenance. There were ten foliage and flower beds, one rock garden and two rose gardens cared for constantly, plus the planting and maintenance of the Town Hall gardens, shrubbery, and lawns. At Christmas the Town Hall was decorated by the Park employees.

The four playgrounds, Recreation Park, Pomeworth Street, Steele Playground and A. P. Rounds Playground were maintained and supervised by the Park Department.

The first project was a new roof for the building at Rounds Playground. This gave protection against the weather and greatly improved the appearance of the building.

In May, the second project got under way at Pomeworth Lower Field. This was the preparation of this area for the Little League which was swinging into action for an enthusiastic summer baseball program. Officially, June 9, opened the season with a parade and field ceremonies equal to a big league opening. The field was in splendid condition with a new chain link fence atop a new wooden backstop. The team dugouts had been built. On the easterly bank portable bleachers were set up. The big scoreboard in the left field and a flag pole in the center field completed the plans for the Little League Park.

The third undertaking was the installing of flood lights for the Softball Teams at Lower Pomeworth. This was a big project for the amount of money appropriated and without the cooperation and supervision of the Wire Inspector, Bernard H. Corbett, and the assistance of the men on the softball teams, this could not have been accomplished. The lights were turned on July 17 and from then on the teams played five evenings a week under lights until October.

The following schedules will give some idea of the time and labor needed to put these areas in readiness for the games. These fields are also used for practice which we do not list.

Hockey Rink—Weather permitting, first two months of year and last month.

Recreation Park—44 Baseball Games, 11 Football Games, 2 Drum & Bugle Corps Competitions.

N. E. Corner Recreation—5 Softball Games.

Pomeworth—7 Baseball Games, Little League, 3 nights each week for 3 months; Softball 2 games, 4 nights each week for 3 months, and 5 nights each week for 3 months.

The summer playground program was under the direction of Mr. Anthony E. DeTeso. He had the following instructors assisting him: Barbara Cross, Stella Karakashian, Shirley Wills, David Barney, Robert Goudey, Philip Sheridan.

Swimming instructions, volley ball, baseball, softball, arts and crafts, horseshoes, checkers, and special events kept the youngsters busy during the eight week period.

The special events were: Trip to Bear Hill Observatory, Costume Parade, Treasure Hunt at Rounds, Weenie Roast at Rounds, Doll Carriage Parade at Steele, Trip to Red Sox Baseball Game, Trip to Salem Willows, and Field Day.

The Board of Park Commissioners and the youngsters who went to the game thank the Rotary Club for the buses that were furnished for their transportation to the Red Sox game.

A. P. Rounds Playground Baseball Team was the winning team in the inter-playground contest and each player on the team received an award of a white tee shirt that had "1951 Champs" printed in red on it.

At the end of the season an exhibition of the various articles that were made was shown at Lawson's Gift Center. The work included braided chains and belts, leatherette animals, comb cases, knife sheath, woven pot holders, carved soap toys, beaded rings, bracelets and earrings.

Our recommendations for the next year include the loaming and planting of Lower Field at Pomeworth Street to secure a better turf instead of a dry dusty area that annoys the players as well as the spectators.

We wish to thank the various Town Departments who assisted us in many ways during the year 1951.

Respectfully submitted,

EDWIN H. FRAZIER, Chairman

DONALD A. LAWSON, Secretary

WILLIAM F. WILSON, Issuer of Permits

Report of Building and Wire Inspector

To the Honorable Board of Selectmen:—

Following is the annual report of the Building and Wire Inspector for 1951: —

No.	Permits Issued	Kind	Fees Received
	252	Building	\$1385.75
	521	Wiring	406.00
	16	Elevator Operators	11.00
	2	Moving	4.00
	1	Demolition	2.00

Total turned into Town Treasurer \$1808.75

Below is a break-down of the 252 Building Permits issued, giving the estimated value of the work to be done, as shown on the permits: —

128	New Homes	\$1,038,900.00
76	Alterations and Repairs	62,675.00
38	Private Garages	19,040.00
10	Miscellaneous	885,200.00*
	Totals	\$2,005,815.00

* In the above figure of \$885,200.00 under Miscellaneous, is included the \$75,000. chapel and \$790,000. wing for the New England Sanitarium and Hospital.

Respectfully submitted,
BERNARD H. CORBETT
Building and Wire Inspector

Respectfully submitted
KENNETH G. SHAW
Inspector of Plumbing

TOWN WARRANT

To either of the Constables of the Town of Stoneham in
the County of Middlesex, GREETING:

In the name of the Commonwealth of Massachusetts, you
are directed to notify and warn the inhabitants of the Town
of Stoneham qualified to vote in elections and town affairs to
meet in Town Hall on

MONDAY, MARCH 3, 1952

at six o'clock in the morning to act on the following articles
of this warrant:

Article 1. To choose the following officers:

One (1) Moderator for one (1) year

Five (5) Selectmen for one (1) year

One (1) Assessor for three (3) years

One (1) member of the Board of Welfare for three (3)
years

Two (2) members of the School Committee for three (3)
years

One (1) member of the Board of Health for three (3)
years

One (1) member of the Park Commissioners for three (3)
years

Two (2) trustees of the Public Library for three (3) years

One (1) Town Clerk for three (3) years

One (1) trustee of Lindenwood Cemetery for five (5)
years

Three (3) Constables for one (1) year

One (1) Town Treasurer for three (3) years

One (1) Town Collector for three (3) years

One (1) Tree Warden for one (1) year

One (1) member of the Planning Board for five (5) years
and to act on the following question:

"Shall an act passed by the General Court in the year
nineteen hundred and fifty-one entitled 'An Act Establishing
a Town Manager Form of Government for the Town
of Stoneham' be accepted". All on one ballot.

The polls will be opened at six o'clock in the forenoon
and closed at eight o'clock in the evening.

For consideration of the following articles, the meeting
will be adjourned to meet at thirty minutes after seven o'clock
on the evening of March 10, 1952.

Article 2. To choose all other necessary town officers
for the year ensuing in such manner as the Town shall
determine.

Article 3. To hear the reports of the town officers and
committees, and to act thereon and to choose committees.

Article 4. To see if the Town will vote to fix the salaries
of the several elective officers and boards of the Town for the
current year, or do anything in relation thereto.

Article 5. To see what action the Town will take for
the disposition of all or any part of the unexpended balances
of appropriations previously voted for specific purposes as
follows:

Police Department Cruiser	\$491.93
P.W.D. Storage Shed	15.33

Captain of Police.

Article 24. To see if the Town will vote to accept the provisions of Section 6B, Chapter 40 of the General Laws, said section authorizing the Town to raise and appropriate money to purchase uniforms for members of the Police and Fire Departments, or do anything in relation thereto.

Captain of Police.

Article 25. To see if the Town will vote to raise and appropriate a sum of money to purchase uniforms for members of the Police Department, or do anything in relation thereto. Captain of Police.

Article 26. To see if the Town will vote to amend Article XII (Miscellaneous Provisions) of the By-Laws by inserting in Article XII of new section to be known as Section 26, to read as follows: "Section 26. No person, except an officer of the law in the performance of his duties, shall enter upon the premises of another with the intention of peeping into the windows of a house or of spying upon, in any manner, any person or persons therein. Whoever violates this section may be arrested without a warrant by a police officer and detained in jail, or otherwise, until a complaint can be made against him for the offense." Captain of Police

Article 27. To see if the Town will vote to amend Article XII (Miscellaneous Provisions) of the By-Laws by inserting in Article XII a new section to be known as Section 27, to read as follows: "Section 27. No person shall, except as authorized or required by law, remove, alter the position of, deface or disturb in any manner any barrier, sign, protective cover, or grating, placed or installed in the interests of safety or necessity. Whoever violates this section may be arrested without a warrant by a police officer and detained in jail, or otherwise, until a complaint can be made against him for the offense." Captain of Police.

Article 28. To see if the Town will vote to raise and appropriate a sum of money to purchase one (1) one and one-half (1½) ton dump truck for use of the Cemetery Department, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, authorize the disposal of the 1941 dump truck now in service, or do anything in relation thereto. Cemetery Trustees.

Article 29. To see if the Town will vote to raise and appropriate a sum of money to reconstruct certain existing tar sidewalks within the limits of the Town, determine in what manner the said appropriation shall be raised, from taxation or by transfer from available funds or otherwise, or do anything in relation thereto. Supt. of Public Works.

Article 30. To see if the Town will vote to accept as a public town way, Raymond Road, so-called, a distance of 222 feet, more or less, easterly from Pine Street, as laid out by the Board of Survey. Residents of Raymond Road.

Article 31. To see if the Town will vote to raise and appropriate a sum of money to pave Raymond Road a distance of 222 feet, more or less, easterly from Pine Street, under the law relating to the assessment of betterments, determine in what manner the said appropriation shall be raised, from taxation, transfer from available funds, or borrowing or otherwise, or do anything in relation thereto. Residents of Raymond Road.

Article 32. To see if the Town will vote to accept as a public town way, Girard Road, so-called, from William Street to Forest Street, as laid out by the Board of Survey. Residents of Girard Road.

Article 33. To see if the Town will vote to raise and appropriate a sum of money to pave Girard Road, from William Street to Forest Street, under the law relating to the assessments of betterments, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto. Residents of Girard Road.

Article 34. To see if the Town will vote to accept as a public town way, Hampton Road, so-called, from Windsor Road to Avalon Road, as laid out by the Board of Survey.
Residents of Hampton Road.

Article 35. To see if the Town will vote to raise and appropriate a sum of money to pave Hampton Road, from Windsor Road to Avalon Road, under the law relating to the assessment of betterments, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto. Residents of Hampton Road.

Article 36. To see if the Town will vote to accept as a public town way Windsor Road, so-called, from Avalon Road to Hampton Road, as laid out by the Board of Survey.
Residents of Windsor Road.

Article 37. To see if the Town will vote to raise and appropriate a sum of money to pave Windsor Road, from Avalon Road to Hampton Road, under the law relating to the assessment of betterments, determine in what manner the said appropriation shall be raised, from taxation, or do anything in relation thereto. Residents of Windsor Road.

Article 38. To see if the Town will vote to accept as a public town way Avalon Road, so-called, from Windsor Road to Hampton Road, as laid out by the Board of Survey.
Residents of Avalon Road.

Article 39. To see if the Town will vote to raise and appropriate a sum of money to pave Avalon Road, from Windsor Road to Hampton Road, under the law relating to the assessment of betterments, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto. Residents of Avalon Road.

Article 40. To see if the Town will vote to accept as a public town way a portion of Gerald Road from the end of the existing public way northerly a distance of 175 feet, more or less, as laid out by the Board of Survey. Residents of Gerald Road.

Article 41. To see if the Town will vote to raise and appropriate a sum of money to pave a portion of Gerald Road from the end of the existing public way northerly a distance of 175 feet, more or less, under the law relating to the assessment of betterments, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto. Residents of Gerald Road.

Article 42. To see if the Town will vote to raise and appropriate a sum of money for the purpose of paving public ways accepted by the Town at this meeting, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto. Board of Selectmen.

Article 43. To see if the Town will vote to raise and appropriate a sum of money to construct a sewer in Green Street from land now or formerly of Daniels westerly a distance of 1590 feet, more or less, to Bow Street, together with a sewer pumping station, lot of land for same, force main to Elm Street, and other piping and structures that may be necessary, under the law relating to the assessment of betterments, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.
Residents of Green Street.

Article 44. To see if the Town will vote to raise and appropriate a sum of money to pipe a portion of Sweetwater Brook from the northerly side of Pleasant Street to the southerly side of Gould Street, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto. Board of Selectmen.

Article 45. To see if the Town will vote to raise and appropriate a sum of money to pipe a portion of Sweetwater Brook, a distance of 500 feet, more or less, from the westerly boundary of land now or formerly of Davis, to Oak Street, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto.

Kathryn A. Flynn

Article 46. To see if the Town will vote to raise and appropriate a sum of money to pipe a portion of Sweetwater Brook from the entrance to Recreation Park westerly along Gerry Court and northerly parallel to the Boston & Maine Railroad right of way to Gould Street, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto. Fred E. Sweet

Article 47. To see if the Town will vote to raise and appropriate a sum of money to pipe a portion of Sweetwater Brook from the entrance to Recreation Park easterly through land now or formerly of Halpin, determine in what manner the said appropriation shall be raised, from taxation, by transfer from available funds, by borrowing or otherwise, or do anything in relation thereto. Alice Halpin.

Article 48. STANLEY D. WOOD
Constable of Stoneham

TOWN WARRANT

To Ugo M. Rolli or either of the Constables of the Town of Stoneham, in the County of Middlesex, GREETING:

In the name of the Commonwealth of Massachusetts, you are directed to notify and warn the inhabitants of the Town of Stoneham qualified to vote in elections and town affairs to meet in Town Hall on

MONDAY, MARCH 10, 1952

at nine o'clock in the evening to act on the following articles of this warrant:

Article 1. To see if the Town will vote to rescind and revoke all or any action taken under Article 1 to Article 9 of the warrant for the special Town Meeting held on February 4, 1952, or do anything in relation thereto.

James V. Messina and 235 others

Article 2. To see if the Town will vote to appoint a committee of three to make a survey of the Town's present and future High School and Elementary School housing needs with a view of curtailing future expenditures, said committee to report at a special Town Meeting to be called at the earliest possible date, and raise and appropriate any sum or sums for necessary expenses of the committee, or do anything in relation thereto.

James V. Messina

And you are directed to have two thousand copies of this warrant printed, and so serve the same by posting attested copies in at least ten (10) public places in the Town seven (7) days at least before the time for holding said meeting and by causing an attested copy to be published in some newspaper in the Town, the publication to be not less than three (3) days before said meeting.

The remaining copies you are to have at the place and time of meeting as aforesaid for distribution.

Hereof fail not and make due return of this warrant with your doings thereon to the Town Clerk at the time and place of meeting as aforesaid.

Given unto our hands this twenty-sixth day of February in the year one thousand nine hundred and fifty-two.
